

evaluating an investment in a security. Form N-6 also requires separate accounts organized as unit investment trusts that offer variable life insurance policies to provide investors with a prospectus and a statement of additional information (“SAI”) covering essential information about the separate account when it makes an initial or additional offering of its securities.

The Commission estimates that approximately 472 registration statements (396 post-effective amendments plus 76 initial registration statements) are filed on Form N-6 annually. The estimated hour burden per portfolio for preparing and filing an initial registration statement on Form N-6 is 770.25 hours. The estimated annual hour burden for preparing and filing initial registration statements is 58,539 hours (76 initial registration statements annually times 770.25 hours per registration statement). The Commission estimates that the hour burden for preparing and filing a post-effective amendment on Form N-6 is 67.5 hours. The total annual hour burden for preparing and filing post-effective amendments is 26,730 hours (396 post-effective amendments annually times 67.5 hours per amendment). The frequency of response is annual. The total annual hour burden for Form N-6, therefore, is estimated to be 85,269 hours (58,539 hours for initial registration statements plus 26,730 hours for post-effective amendments).

The Commission estimates that the cost burden for preparing an initial Form N-6 filing is \$24,169 per portfolio and the current cost burden for preparing a post-effective amendment to a previously effective registration statement is \$8,788 per portfolio. The Commission estimates that, on an annual basis, 76 portfolios will be referenced in an initial Form N-6 and 396 portfolios will be referenced in a post-effective amendment of Form N-6. Thus, the total cost burden allocated to Form N-6 would be \$5,316,892.

The information collection requirements imposed by Form N-6 are mandatory. Responses to the collection of information will not be kept confidential. Estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act, and are not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid control number.

### SBIR/STTR Logo Design Competition Announcement; Correction

The Small Business Administration published a document in the **Federal Register** of May 5, 2015 (Vol. 80, No. 86, Pages 25763-25765), concerning the announcement of a competition to design a logo for the Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Programs. This document was corrected (with scheduled publication of May 11, 2015) to reflect the fact that the competition was only going to be judged by SBA Officials and other SBIR/STTR Program Managers.

The initial and corrected documents did not include a monetary prize to be awarded to the winner. By way of this memo, SBA has made a determination that the document needs to be corrected again to include a prize of \$2,500.

In the document printed on May 5, 2015, the first full sentence on page 25764 under the caption: “4. Prizes for Winners” did not include the mentioning of any monetary prize for the winner. This reference should be corrected and the sentence should read:

4. Prizes for Winners: The winning contestant will be awarded a \$2,500 prize and the design will become the official logo for the SBIR/STTR Programs, the Programs’

Web site at [sbir.gov](http://sbir.gov), and any official SBA, SBIR Program and/or STTR Program purpose.
