### Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission (“FTC” or “Commission”) has accepted, subject to final approval, an agreement containing consent order from Nice-Pak Products, Inc. (“Nice-Pak”).

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement’s proposed order.

Nice-Pak is a manufacturer of “flushable” moist toilet tissue made from non-elemental chlorine bleached wood pulp, bicomponent fibers and EP907 repulpable binder. It advertised the flushable moist toilet tissue as being safe for sewer and septic systems, and breaking apart shortly after flushing. The Commission’s complaint, however, alleges that Nice-Pak did not have adequate substantiation for the claims, because its substantiation did not accurately reflect the real-world conditions that the moist toilet tissue encounters after flushing. In addition, the complaint alleges that Nice-Pak provided retailers, such as Costco, CVS, Target, and BJ’s, that sold the Nice-Pak flushable moist toilet tissue under their private labels with the inadequate substantiation and the retailers then repeated the unsubstantiated claims.

The proposed consent order contains provisions designed to prevent Nice-Pak from engaging in similar acts or practices in the future.

Part I of the order prohibits Nice-Pak from misrepresenting that any wipe is safe to flush unless Nice-Pak’s substantiation demonstrates that the wipe will disperse in a sufficiently short amount of time after flushing to avoid clogging or other operational problems in household and municipal sewage lines, septic systems and other standard wastewater equipment, and that those tests substantially replicate the physical conditions of the environment the wipe will be dispersed in.

Part II of the proposed order prohibits Nice-Pak from making any representation about moist toilet tissue unless the representation is non-misleading, and, at the time it is made, Nice-Pak possesses and relies upon competent and reliable evidence that substantiates the representation.

Part III of the proposed order prohibits Nice-Pak from providing the means and instrumentalities to others to make the representations that Nice-Pak would be prohibited from making by Parts I and II of the proposed order.

Part IV of the proposed order contains recordkeeping requirements for advertisements and substantiation relevant to representations covered by Parts I through III of the order.

Parts V, VII and VIII of the proposed order require Nice-Pak to: Deliver a copy of the order to certain personnel having managerial responsibilities with respect to the subject matter of the order; notify the Commission of changes in corporate structure that might affect compliance obligations under the order; and file compliance reports with the Commission.

Part VI of the proposed order requires Nice-Pak to provide notice of the order to its private label customers.

Part IX of the proposed order provides that the order will terminate after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order, and it is not intended to constitute an official interpretation of the complaint or proposed order, or to modify the proposed order's terms in any way.

By direction of the Commission.

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Background**

The RESTORE Act, Public Law 112-141 (July 6, 2012), codified at 33 U.S.C. 1321(t) and note, makes funds available for the restoration and protection of the Gulf Coast Region through a new trust fund in the Treasury of the United States, known as the Gulf Coast Restoration Trust Fund (Trust Fund). The Trust Fund will contain 80 percent of the administrative and civil penalties paid by the responsible parties after July 6, 2012, under the Federal Water Pollution Control Act in connection with the *DEEPWATER HORIZON* oil spill. These funds will be invested and made available through five components

of the RESTORE Act. On August 15, 2014, the Department of Treasury (Treasury) issued regulations (79 FR 48039) applicable to all five components, and which generally describe the responsibilities of the Federal and State entities that administer RESTORE Act programs and carry out restoration activities in the Gulf Coast Region.

Two of the five components, the Comprehensive Plan and Spill Impact Components, are administered by the Council, an independent federal entity created by the RESTORE Act. Under the Comprehensive Plan component (33 U.S.C. 1321(t)(2)), the subject of this notice, 30 percent of funds in the Trust Fund will be used to fund the operations of the Council and to carry out projects and programs adopted in the Council's Comprehensive Plan. An Initial Comprehensive Plan was adopted by the Council in August 2013 and is available at <http://www.restorethegulf.gov/sites/default/files/Initial%20Comprehensive%20Plan%20Aug%202013.pdf>. In the coming months, the Council will create a Funded Priorities List (FPL) to fund and/or prioritize for further review programs and projects that restore and protect the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, and coastal wetlands of the Gulf Coast region.

Programs and projects selected for funding in the FPL will be funded either through grants to the State members of the Council (Alabama, Florida, Louisiana, Mississippi, and Texas) or interagency agreements to the Federal members of the Council (the Departments of Agriculture, Army, Commerce, and the Interior, the Department in which the Coast Guard is operating, and the Environmental Protection Agency). Those State and Federal members of the Council may in turn award grants or contracts to carry out the funded programs and projects.

##### **II. Discussion of This Interpretation and Implementation**

The RESTORE Act requires the Council to "develop standard terms to include in contracts for projects and programs awarded pursuant to the Comprehensive Plan that provide a preference to individuals and companies that reside in, are headquartered in, or are principally engaged in business in a Gulf Coast State". 33 U.S.C. 1321(t)(2)(C)(vii)(V). Application of a local contracting preference at the State and Federal level require separate analysis.

At the State level, the Council will not impose any special grant award
