

chemical form, such as UO<sub>2</sub>, or fabricated into nuclear fuel assemblies, regardless of the means by which the LEU is produced (including low-enriched uranium produced through the down-blending of highly enriched uranium).<sup>2</sup>

#### Analysis of Comments Received

All issues raised by the parties in the case briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is appended to this notice. The Issues and Decision Memorandum is a public document and is available electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Services System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and it is available to all parties in the Central Records Unit of the main Commerce Building, room 7046. In addition, a complete version of the Issues and Decision Memorandum is also accessible on the internet at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

#### Final Results of CCR

Upon review of the comments received in this case the Department has determined that the new regulatory requirements enacted by Japan's Nuclear Regulatory Authority since the previous CCR<sup>3</sup> do constitute new circumstances, and that it is appropriate to extend the deadline for re-exportation of this sole entry of low-enriched uranium. The Department is granting an extension for re-exportation of this sole entry until January 31, 2018. AREVA will be required to provide the Department with a report on the status of the relevant reactor semi-annually.<sup>4</sup> AREVA and the end-user will be required to submit amended certifications to U.S. Customs and Border Protection (CBP). The

Department will release amended certifications to parties for comment before AREVA and the end-user are required to submit such certifications to CBP.

In the event that the deadline for re-export expires and the subject uranium has not been re-exported, and no further extension is granted, the Department will take appropriate action, which may include our reexamination of the cash deposit rate applied to all entries of AREVA's merchandise under the 18-month re-export provision.

#### Instructions to CBP

The Department will inform CBP that the deadline for re-exportation of the single entry at issue is extended until January 31, 2018. The Department will instruct CBP to collect amended certifications from AREVA and its end-user within 30 days of publication of these final results of CCR.

#### Notification Regarding Administrative Protective Orders

This notice is the only reminder to parties subject to the administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these final results in accordance with sections 751(b)(1) and 777(i)(1) and (2) of the Act and 19 CFR 351.216.

#### Xanthan Gum From the People's Republic of China: Final Results of 2013 Antidumping Duty New Shipper Review

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**DATES:** *Effective Date:* May 22, 2015.

**SUMMARY:** On December 31, 2014, the Department of Commerce ("Department") published the preliminary results of the antidumping duty new shipper review of xanthan gum from the People's Republic of China ("PRC").<sup>1</sup> We invited interested parties to comment on our preliminary results. Following our analysis of the comments received, we made changes to our preliminary margin calculation for the new shipper Meihua Group International Trading (Hong Kong) Limited, Langfang Meihua Bio-Technology Co., Ltd., and Xinjiang Meihua Amino Acid Co., Ltd. (collectively, "Meihua"). We continue to find that Meihua did not make sales of subject merchandise at less than normal value.

**FOR FURTHER INFORMATION CONTACT:** Brandon Farlander, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0182.

#### SUPPLEMENTARY INFORMATION:

#### Case History

The Department published the *Preliminary Results* on December 31, 2014.<sup>2</sup> On January 30, 2015, CP Kelco U.S., Inc.<sup>3</sup> submitted its case brief. On February 9, 2015, Meihua submitted a rebuttal brief.

#### Period of Review

The period of review ("POR") for this new shipper review is July 19, 2013 through December 31, 2013. This POR corresponds to the period from the date

<sup>1</sup> See *Xanthan Gum From the People's Republic of China: Preliminary Results of 2013 Antidumping Duty New Shipper Review*, 79 FR 78797 (December 31, 2014) ("*Preliminary Results*").

<sup>2</sup> Also adopted as part of the preliminary results was the Memorandum to Ronald K. Lorentzen entitled "Decision Memorandum for the Preliminary Results of the 2013 Antidumping Duty New Shipper Review of Xanthan Gum from the People's Republic of China," dated December 18, 2014 ("*Preliminary Decision Memorandum*").

<sup>3</sup> CP Kelco U.S., Inc. is the petitioner.

<sup>2</sup> For a full description of the scope of the order see "Decision Memorandum for Final Results of Changed Circumstances Review of Low Enriched Uranium from France," (Issues and Decision Memorandum) from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations to Paul Piquado, Assistant Secretary for Enforcement and Compliance (Issues and Decision Memorandum), dated concurrently with these results and hereby adopted by this notice.

of suspension of liquidation to the end of the month immediately preceding the first semiannual anniversary month pursuant to 19 CFR 351.214(g)(1)(ii)(B).

**Scope of the Order**

The scope of the order covers dry xanthan gum, whether or not coated or blended with other products. Further, xanthan gum is included in this order regardless of physical form, including, but not limited to, solutions, slurries, dry powders of any particle size, or unground fiber. Merchandise covered by the scope of this order is classified in the Harmonized Tariff Schedule (“HTS”) of the United States at subheading 3913.90.20. This tariff classification is provided for convenience and customs purposes;

however, the written description of the scope is dispositive.<sup>4</sup>

**Analysis of Comments Received**

All issues raised in the case and rebuttal briefs by parties to this new shipper review are addressed in the Issues and Decision Memorandum, which is hereby adopted by this notice. A list of the issues which parties raised and to which we respond in the Issues and Decision Memorandum is attached to this notice as an Appendix. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and it is

available to all parties in the Central Records Unit, Room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

**Final Results Margin**

The Department finds that the following weighted-average dumping margin exists for the exporter/producer combination listed below for the period July 19, 2013 through December 31, 2013:

Exporter	Producer	Weighted-average dumping margin (percent)
Meihua Group International Trading (Hong Kong) Limited/ Langfang Meihua Bio-Technology Co., Ltd./Xinjiang Meihua Amino Acid Co., Ltd.	Meihua Group International Trading (Hong Kong) Limited/ Langfang Meihua Bio-Technology Co., Ltd./Xinjiang Meihua Amino Acid Co., Ltd.	0.00

**Disclosure**

We intend to disclose to parties the calculations performed in this proceeding within five days of the date of public announcement of the results of this review in accordance with 19 CFR 351.224(b).

**Assessment Rates**

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries in accordance with 19 CFR 351.212(b). The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review. Because Meihua’s weighted-average dumping margin is zero, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. For entries that were not reported in the U.S. sales database submitted by Meihua, the Department will instruct CBP to liquidate such entries at the NME-wide rate.<sup>5</sup>

**Cash Deposit Requirements**

The following cash deposit requirements will be effective upon publication of the final results of this

new shipper review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the “Act”). For the exporter/producer combination listed above, the cash deposit rate will be 0.00 percent. This deposit requirement, when imposed, shall remain in effect until further notice.

**Notification to Importers**

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

**Notification Regarding APO**

This notice also serves as a reminder to the parties subject to administrative protective order (“APO”) of their

responsibility concerning the disposition of business proprietary information (“BPI”) disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern BPI in this segment of the proceeding. Timely notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 751(a)(2)(B) and 777(i) of the Act.

Dated: May 18, 2015.
