Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

Abstract of proposed collection:

The Secretary of State is authorized to issue U.S. passports under 22 U.S.C. 211a *et seq.*, 8 U.S.C. 1104, and Executive Order 11295 (August 5, 1966). Department of State regulations provide that individuals whose valid U.S. passports were lost or stolen must make

a report of the lost or stolen passport to the Department of State before they receive a new passport so that the lost or stolen passport can be invalidated (22 CFR part 51). The Enhanced Border Security and Visa Entry Reform Act of 2002 (8 U.S.C. 1737) requires the Department of State to collect accurate information on lost or stolen U.S. passports and to enter that information into a data system. Form DS-64 collects information identifying the person who held the lost or stolen passport and describing the circumstances under which the passport was lost or stolen. As required by the cited authorities, we use the information collected to accurately identify the passport that must be invalidated and to make a record of the circumstances surrounding the lost or stolen passport. False statements made knowingly or willfully on passport forms, in affidavits or other supporting documents are punishable by fine and/or imprisonment under U.S. law. (18 U.S.C. 1001, 1542, 1621).

#### Methodology:

This form is used in conjunction with a Form DS-11, "Application for a U.S. Passport", or submitted separately to report loss or theft of a U.S. passport. Passport Services collects the information when a U.S. citizen or non-citizen national applies for a new U.S. passport and has been issued a previous, still valid U.S. passport that has been lost or stolen, or when a passport holder independently reports it lost or stolen. Passport applicants can either download the form from the internet or obtain one at any Passport Agency or Acceptance Facility. The Department is now testing a new online submission process for reports of lost or stolen U.S. passports. The online form DS-64 does not increase the estimated public burden of the information collection and does not request any new information from the passport bearer. The Department expects to launch the online DS-64 in the near future.

Dated: May 19, 2015.

Deputy Assistant Secretary for Passport Services, Bureau of Consular Affairs, Department of State.
