

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. chapter 35.

Dated: May 20, 2015.

Clifford Taffet,

*General Deputy Assistant Secretary,
Community Planning and Development.*

Endangered Species; Marine Mammals; Receipt of Applications for Permit

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of applications for permit.

SUMMARY: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following applications to conduct certain activities with endangered species, marine mammals, or both. With some exceptions, the Endangered Species Act (ESA) and Marine Mammal Protection Act (MMPA) prohibits activities with listed species unless Federal authorization is acquired that allows such activities.

DATES: We must receive comments or requests for documents on or before June 26, 2015. We must receive requests for marine mammal permit public

hearings, in writing, at the address shown in the **ADDRESSES** section by June 26, 2015.

ADDRESSES: Monica Thomas, U.S. Fish and Wildlife Service, Division of Management Authority, Branch of Permits, MS: IA, 5275 Leesburg Pike, Falls Church, VA 22041; fax (703) 358-2281; or email DMAFR@fws.gov.

FOR FURTHER INFORMATION CONTACT:

Brenda Tapia, (703) 358-2104 (telephone); (703) 358-2281 (fax); DMAFR@fws.gov (email).

SUPPLEMENTARY INFORMATION:**I. Public Comment Procedures***A. How do I request copies of applications or comment on submitted applications?*

Send your request for copies of applications or comments and materials concerning any of the applications to the contact listed under **ADDRESSES**. Please include the **Federal Register** notice publication date, the PRT-number, and the name of the applicant in your request or submission. We will not consider requests or comments sent to an email or address not listed under **ADDRESSES**. If you provide an email address in your request for copies of applications, we will attempt to respond to your request electronically.

Please make your requests or comments as specific as possible. Please confine your comments to issues for which we seek comments in this notice, and explain the basis for your comments. Include sufficient information with your comments to allow us to authenticate any scientific or commercial data you include.

The comments and recommendations that will be most useful and likely to influence agency decisions are: (1) Those supported by quantitative information or studies; and (2) Those that include citations to, and analyses of, the applicable laws and regulations. We will not consider or include in our administrative record comments we receive after the close of the comment period (see **DATES**) or comments delivered to an address other than those listed above (see **ADDRESSES**).

B. May I review comments submitted by others?

Comments, including names and street addresses of respondents, will be available for public review at the street address listed under **ADDRESSES**. The public may review documents and other information applicants have sent in support of the application unless our allowing viewing would violate the Privacy Act or Freedom of Information Act. Before including your address,

phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

II. Background

To help us carry out our conservation responsibilities for affected species, and in consideration of section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), and the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), along with Executive Order 13576, "Delivering an Efficient, Effective, and Accountable Government," and the President's Memorandum for the Heads of Executive Departments and Agencies of January 21, 2009—Transparency and Open Government (74 FR 4685; January 26, 2009), which call on all Federal agencies to promote openness and transparency in Government by disclosing information to the public, we invite public comment on these permit applications before final action is taken. Under the MMPA, you may request a hearing on any MMPA application received. If you request a hearing, give specific reasons why a hearing would be appropriate. The holding of such a hearing is at the discretion of the Service Director.

III. Permit Applications*A. Endangered Species*

Applicant: Stanford University, Stanford, CA; PRT-54288B

The applicant request permits to import biological samples of gray mouse lemur (*Microcebus rufus*) from France and Madagascar for the purpose of enhancement of the species through scientific research. This notification covers activities to be conducted by the applicant over a 5-year period.

Applicant: Norton-Brown Herbarium, University of Maryland, College Park, MD; PRT-52662B

The applicant requests a permit to export and re-import nonliving museum specimens of endangered and threatened species previously accessioned into the applicant's collection for scientific research. This notification covers activities to be conducted by the applicant over a 5-year period.

The following applicants each request a permit to import the sport-hunted

trophy of one male bontebok (*Damaliscus pygargus pygargus*) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancement of the survival of the species.

Applicant: Terry Small, West Lafayette, IN; PRT-65614B

Applicant: Walter Lewis, Wichita, KS; PRT-65908B

B. Endangered Marine Mammals and Marine Mammals

Applicant: British Broadcasting Corporation—Ocean, Bristol, England, UK; PRT-59492B

The applicant requests a permit to photograph southern sea otters (*Enhydra lutris nereis*) from land, underwater, and boat in California, and northern sea otters (*Enhydra lutris kenyoni*) from underwater in Washington for commercial and educational purposes. This notification covers activities to be conducted by the applicant for less than a 2-year period.

Concurrent with publishing this notice in the **Federal Register**, we are forwarding copies of the above applications to the Marine Mammal Commission and the Committee of Scientific Advisors for their review.

Brenda Tapia,

Program Analyst/Data Administrator, Branch of Permits, Division of Management Authority.

Endangered and Threatened Wildlife and Plants; Incidental Take Permit Application; Proposed Low-Effect Habitat Conservation Plan and Associated Documents; County of San Diego, California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have received an application from Main 16, LP. (applicant) for a 5-year incidental take permit for the endangered San Diego fairy shrimp pursuant to the Endangered Species Act of 1973, as amended (Act). We are requesting comments on the

permit application and on the preliminary determination that the proposed HCP qualifies as a “low-effect” Habitat Conservation Plan, eligible for a categorical exclusion under the National Environmental Policy Act (NEPA) of 1969, as amended. The basis for this determination is discussed in the environmental action statement (EAS) and associated low-effect screening form, which are also available for public review.

DATES: Written comments should be received on or before June 26, 2015.

ADDRESSES: *Submitting Comments:* You may submit comments by one of the following methods:

- *U.S. Mail:* Field Supervisor, Fish and Wildlife Service, Carlsbad Fish and Wildlife Office, 2177 Salk Avenue, Suite 250, Carlsbad, CA 92008.
- *Fax:* Field Supervisor, 760-431-9624.

Obtaining Documents: To request copies of the application, proposed HCP, and EAS, contact the Service immediately, by telephone at 760-431-9440 or by letter to the Carlsbad Fish and Wildlife Office (see **ADDRESSES**). Copies of the proposed HCP and EAS also are available for public inspection during regular business hours at the Carlsbad Fish and Wildlife Office (see **ADDRESSES**).

FOR FURTHER INFORMATION CONTACT: Ms. Karen A. Goebel, Assistant Field Supervisor, Carlsbad Fish and Wildlife Office (see **ADDRESSES**); telephone 760-431-9440. If you use a telecommunications device for the deaf (TDD), please call the Federal Information Relay Service (FIRS) at 800-877-8339.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), have received an application from Main 16, LP. (applicant) for a 5-year incidental take permit for one covered species pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*, Act). The application addresses the potential “take” of the endangered San Diego fairy shrimp in the course of activities associated with the construction of the Main 16, LP. Ramona commercial development project in unincorporated San Diego County, California. A conservation program to avoid, minimize, and mitigate for project activities would be implemented as described in the proposed Habitat Conservation Plan (HCP) by the applicant.

We are requesting comments on the permit application and on the preliminary determination that the proposed HCP qualifies as a “low-

effect” Habitat Conservation Plan, eligible for a categorical exclusion under the National Environmental Policy Act (NEPA) of 1969, as amended. The basis for this determination is discussed in the environmental action statement (EAS) and associated low-effect screening form, which are also available for public review.

Background

Section 9 of the Act and its implementing Federal regulations prohibit the “take” of animal species listed as endangered or threatened. Take is defined under the Act as “to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect listed species, or to attempt to engage in any such conduct” (16 U.S.C. 1538). “Harm” includes significant habitat modification or degradation that actually kills or injures listed wildlife by significantly impairing essential behavioral patterns such as breeding, feeding, or sheltering (50 CFR 17.3). However, under section 10(a) of the Act, the Service may issue permits to authorize incidental take of listed species. “Incidental take” is defined by the Act as take that is incidental to, and not the purpose of, carrying out an otherwise lawful activity. Regulations governing incidental take permits for threatened and endangered species, respectively, are found at 50 CFR 17.22 and 50 CFR 17.32.

The applicant requests a 5-year permit under section 10(a)(1)(B) of the Act. If we approve the permit, the applicant anticipates taking San Diego fairy shrimp (*Branchinecta sandiegonensis*) as a result of permanent impacts to 0.01 acre (ac) of habitat the species uses for breeding, feeding, and sheltering. The take would be incidental to the applicant’s activities associated with the construction of the Main 16, LP. Ramona commercial development project in San Diego County, California, and includes the purchase of two vernal pool/basin with fairy shrimp conservation credits (*i.e.*, 0.2 ac of vernal pool basin and 1.8 ac of associated watershed) at the Ramona Grasslands Conservation Bank (Bank).

The Main 16, LP. Ramona project proposes to grade 2.5 ac to construct commercial buildings and an associated parking lot. The project would include all construction activities related to site preparation (grading and/or compaction), facilities construction, and site finish (landscaping). The project will permanently impact 0.01 ac of ponded basin and associated watershed occupied by San Diego fairy shrimp as a result of the development activities.
