EXPORT-IMPORT BANK

[Public Notice 2015-6004]

Agency Information Collection Activities: Comment Request

AGENCY: Export-Import Bank of the United States.

ACTION: Submission for OMB review and comments request.

Form Title: EIB 84-01 Joint Application for Export Working Capital Guarantee.

SUMMARY: This is a joint application form for working capital loan guarantees provided by Ex-Im Bank and the Small Business Administration. This collection of information is necessary, pursuant to 12 U.S.C. 635(a)(1) and 15 U.S.C. 636(a)(14), to determine

eligibility of the applicant for Ex-Im Bank or SBA assistance.

The Export-Import Bank has made a change to the report to have the applicant provide the number of employees or annual sales volume. That information is needed to determine whether or not they meet the SBA's definition of a small business. The applicant already provides their name, address and industry code (NAICS). These additional pieces of information will allow Ex-Im Bank to better track the extent to which its support assists U.S. small businesses.

The other change that Ex-Im Bank has made is to require the applicant to indicate whether it is a minority-owned business, women-owned business and/or veteran-owned business. Although answers to the questions are mandatory, the company may choose any one of the three answers: Yes/No/Not Disclosed. The option of "Not Disclosed" allows a company to consciously decline to answer the specific question should they not wish to provide that information.

The application tool can be reviewed at: <http://www.exim.gov/sites/default/files/pub/pending/eib84-01.pdf>.

DATES: Comments must be received on or before July 27, 2015 to be assured of consideration.

ADDRESSES: Comments may be submitted electronically on WWW.REGULATIONS.GOV or by mail to Michele Kuester, Export-Import Bank of the United States, 811 Vermont Ave. NW., Washington, DC 20571.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-

3520), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of

information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 151, 154(i) and 204(a)(3) of the Communications Act of 1934, as amended.

Total Annual Burden: 4,054 hours.

Total Annual Cost: \$728,000.

Privacy Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission is not requesting respondents to submit confidential information to the FCC. If the Commission requests respondents to submit information which respondents believe is confidential, respondents may request confidential treatment of such information under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: In CC Docket No. 96-187, the Commission adopted measures to streamline tariff filing requirements for local exchange carriers (LECs) pursuant to the Telecommunications Act of 1996. In order to achieve a streamlined and deregulatory environment for LEC tariff filings, local exchange carriers are required to file tariffs electronically. There are eight information collection requirements that contain reporting, third party disclosure and recordkeeping requirements. They are follows: (1) Electronic filing requirement for LECs to file tariffs seven and fifteen days' notice; (2) requirement that carriers desiring tariffs proposing rate decreases to be effective seven days file separate transmittals; (3) requirement that carriers identify transmittals filed pursuant to the streamlined provisions of the 1996 Act; (4) requirement that price cap LECs file their Tariff Review Plans prior to filing their annual access tariffs; (5) filing petitions and replies electronically (reporting requirement); (6) filing petitions and replies electronically (third party disclosure requirement); (7) recordkeeping requirement (standard protective order); and (8) reporting requirement (standard protective order). The information collected via electronic filing will facilitate access to tariff and associated documents by the public, especially by interested persons or parties who do not have ready access to the Commission's public reference center, and state and federal regulators. Electronic access to carrier tariffs should also facilitate the compilation of aggregate data for industry analysis purposes without imposing new reporting requirements on carriers. Carriers desiring tariffs proposing rate decreases to be effective in seven days must file a separate transmittal. This requirement will ensure that a tariff filing proposing a rate decrease is given the shortest notice period possible under the 1996 Act. The Commission also adopted the requirement that carriers identify transmittals filed pursuant to the streamlining provisions of the 1996 Act. All of the requirements help to ensure that local exchange carriers comply with their obligations under the Communications Act and that the Commission is able to ensure compliance within the streamlined timeframes established in the 1996 Act.

Federal Communications Commission.

Secretary, Office of the Secretary.
