

Management Facilities under the RCRA Hazardous Waste Manifest System (Renewal)" (EPA ICR No. 0801.20, OMB Control No. 2050-0039) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through May 31, 2015. Public comments were previously requested via the **Federal Register** (80 FR 8306) on February 17, 2015 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before June 29, 2015.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA-HQ-RCRA-2014-0925, to (1) EPA online using www.regulations.gov (our preferred method), by email to rcra-docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460, and (2) OMB via email to oir_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Bryan Groce, Office of Resource Conservation and Recovery, Program Implementation and Information Division, (5303P), Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (703) 308-8750; fax number: (703) 308-0514; email address: groce.bryan@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744.

For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: This ICR covers recordkeeping and reporting activities for the hazardous waste manifest paper system, under the Resource Conservation and Recovery Act (RCRA). EPA's authority to require use of a manifest system stems primarily from RCRA 3002(a)(5) (also RCRA Sections 3003(a)(3) and 3004). Regulations are found in 40 CFR part 262 (registrant organizations and generators), part 263 (transporters), and parts 264 and 265 (TSDFs). The manifest lists the wastes that are being shipped and the treatment, storage, or disposal facility (TSDF) to which the wastes are bound. Generators, transporters, and TSDFs handling hazardous waste are required to complete the data requirements for manifests and other reports primarily to: (1) Track each shipment of hazardous waste from the generator to a designated facility; (2) provide information requirements sufficient to allow the use of a manifest in lieu of a Department of Transportation (DOT) shipping paper or bill of lading, thereby reducing the duplication of paperwork to the regulated community; (3) provide information to transporters and waste management facility workers on the hazardous nature of the waste; (4) inform emergency response teams of the waste's hazard in the event of an accident, spill, or leak; and (5) ensure that shipments of hazardous waste are managed properly and delivered to their designated facilities.

On February 7, 2014, EPA published the electronic manifest (e-Manifest) Final Rule. The final rule established new manifest requirements that authorized the use of electronic manifests (or e-Manifests) as a means to track off-site shipments of hazardous waste from a generator's site to the site of the receipt and disposition of the hazardous waste. EPA is taking action now to establish the national e-Manifest system, but unknown variables (*e.g.*, funding contingencies for e-Manifest system development) could delay the actual deployment of the system. Therefore, until EPA announces that the e-Manifest system is available for use in a subsequent **Federal Register** document, all respondents under the information collection requirements covered in this ICR (*i.e.*, hazardous waste generators, transporters, and treatment, storage, and disposal facilities (TSDFs)) must continue to comply with the current paper-based manifest system and use the existing paper manifests forms for the off-site transportation of hazardous waste

shipments. The EPA anticipates that the initial system will become available for use no later than spring 2018.

Form Numbers: Form 8700-22 and 8700-22A.

Respondents/affected entities: Business or other for-profit facilities.

Respondent's obligation to respond: Mandatory (RCRA 3002(a)(5)).

Estimated number of respondents: 83,500.

Frequency of response: Once per shipment.

Total estimated burden: 2,555,959 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$85,553,718 (per year), includes \$2,658,577 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is a decrease of 917,618 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease resulted primarily from a decrease in the annual number of generators preparing manifests.

Courtney Kerwin,

Acting Director, Collection Strategies Division.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2007-1158; FRL-9928-36-OAR]

Proposed Information Collection Request; Comment Request; RFS2 Voluntary RIN Quality Assurance Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency is planning to submit an information collection request (ICR), "RFS2 Voluntary RIN Quality Assurance Program" (EPA ICR No.2473.03, OMB Control No. 2060-0688 to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). Before doing so, EPA is soliciting public comments on specific aspects of the proposed information collection as described below. This is a proposed extension of the ICR, which is currently approved through December 31, 2017. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Comments must be submitted on or before July 27, 2015.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA-HQ-OAR-2005-0161, online using www.regulations.gov (our preferred method), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Mary Manners, USEPA National Vehicle and Fuel Emissions Laboratory/OAR, 2565 Plymouth Road, Rm #N07, Ann Arbor, MI 48105; telephone number: 734-214-4288; fax number: 734-214-4873; email address: manners.mary@epamail.epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, EPA is soliciting comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package

will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: The Renewable Fuel Standard (RFS) program began in 2006 pursuant to the requirements in Clean Air Act (CAA) section 211(o) which were added through the Energy Policy Act of 2005 (EPAct). The statutory requirements for the RFS program were subsequently modified through the Energy Independence and Security Act of 2007 (EISA), resulting in the promulgation of major revisions to the regulatory requirements on March 26, 2010.

The RFS program requires that specified volumes of renewable fuel be used as transportation fuel, heating oil, and/or jet fuel each year. To accomplish this, the Environmental Protection Agency (EPA) publishes applicable percentage standards annually that apply to the sum of all gasoline and diesel produced or imported. The percentage standards are set so that if every obligated party meets the percentages, then the amount of renewable fuel, cellulosic biofuel, biomass-based diesel, and advanced biofuel used will meet the volumes required on a nationwide basis.

Obligated parties demonstrate compliance with the standards through the acquisition of unique Renewable Identification Numbers (RINs) assigned by the producer or importer to every batch of renewable fuel produced or imported. Validly generated RINs show that a certain volume of qualifying renewable fuel was produced or imported. The RFS program also includes provisions stipulating the conditions under which RINs are invalid, the liability carried by a party that transfers or uses an invalid RIN, and how invalid RINs must be treated.

The RIN system within the RFS program contains unique features that make it somewhat challenging for the obligated parties that need RINs for compliance purposes to verify that those RINs have been validly generated. Several cases of fraudulently generated RINs have compelled some obligated parties to limit their business relationships to only those parties that appear most trustworthy. This reaction by the obligated parties made it more difficult for smaller renewable fuel producers to sell their RINs and reduced the overall liquidity of the RIN market. To ensure that RINs are validly generated, individual obligated parties are now conducting their own audits of renewable fuel production facilities,

potentially duplicating one another's efforts. These circumstances have created inefficiencies in the RIN market, prompting requests for an additional regulatory mechanism that would reduce the risk of potentially invalid RINs, return liquidity to the RIN market, and reduce the cost of verifying the validity of RINs.

Form Numbers: 8.

- RFS 1400—RFS Renewable Fuel Producers Reporting Fuels—5900-354.
- RFS 1500—RFS Renewable Fuel producers Reporting Fuels (Finished Fuel Blending)—5900-355.
- RFS 1600—RFS Renewable Fuel producers Reporting Fuels (Blending Contact)—5900-356.
- RFS 2000—RFS Independent Third Party Batch Verification—5900-357.
- RFS 2100—RFS Independent Third Party Batch Verification Aggregate RIN Verification—5900-358.
- RFS 2200—RFS Independent Third Party On-Site Audit Report—5900-359.
- RFS 2300—RFS Independent Third Party List of Potentially Invalid RINs—5900-360.
- RFS 2400—Independent Third Party Mass Balance—5900-361.

Respondents/affected entities: Renewable Producers, obligated parties.

Respondent's obligation to respond: Voluntary.

Estimated number of respondents: 1313 (total).

Frequency of response: On occasion.

Total estimated burden: 263,744 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$22,386,702 (per year), includes no annualized capital or operation & maintenance costs.

Changes in Estimates: This regulation will allow EPA to monitor compliance with the RFS program. The quality assurance program would help to ensure that the RIN system operates as originally intended. The primary impacts of the quality assurance program would be improved liquidity in the RIN market and improved opportunities for smaller renewable fuel producers to sell their RINs. The data generated by the QAP program will assist obligated parties and smaller renewable fuel producers comply with the requirements of the RFS program by supporting the validity of RINs. This regulation will allow regulated parties to voluntarily submit Quality Assurance Plans (QAPs) to EPA to demonstrate the validity of the RINs they generate. This is a new collection with no industry cost for comparison.

Dated: May 20, 2015.

Byron Bunker,

Director, Compliance Division, Office of Transportation and Air Quality, Office of Air and Radiation.

BILLING CODE 6560-50-P

EXPORT-IMPORT BANK

[Public Notice 2015-6004]

Agency Information Collection Activities: Comment Request

AGENCY: Export-Import Bank of the United States.

ACTION: Submission for OMB review and comments request.

Form Title: EIB 84-01 Joint Application for Export Working Capital Guarantee.

SUMMARY: This is a joint application form for working capital loan guarantees provided by Ex-Im Bank and the Small Business Administration. This collection of information is necessary, pursuant to 12 U.S.C. 635(a)(1) and 15 U.S.C. 636(a)(14), to determine

eligibility of the applicant for Ex-Im Bank or SBA assistance.

The Export-Import Bank has made a change to the report to have the applicant provide the number of employees or annual sales volume. That information is needed to determine whether or not they meet the SBA's definition of a small business. The applicant already provides their name, address and industry code (NAICS). These additional pieces of information will allow Ex-Im Bank to better track the extent to which its support assists U.S. small businesses.

The other change that Ex-Im Bank has made is to require the applicant to indicate whether it is a minority-owned business, women-owned business and/or veteran-owned business. Although answers to the questions are mandatory, the company may choose any one of the three answers: Yes/No/Not Disclosed. The option of "Not Disclosed" allows a company to consciously decline to answer the specific question should they not wish to provide that information.

The application tool can be reviewed at: <http://www.exim.gov/sites/default/files/pub/pending/eib84-01.pdf>.

DATES: Comments must be received on or before July 27, 2015 to be assured of consideration.

ADDRESSES: Comments may be submitted electronically on WWW.REGULATIONS.GOV or by mail to Michele Kuester, Export-Import Bank of the United States, 811 Vermont Ave. NW., Washington, DC 20571.

SUPPLEMENTARY INFORMATION:

Title and Form Number: EIB 84-01 Joint Application for Export Working Capital Guarantee.

OMB Number: 3048-0013.

Type of Review: Renewal.

Need and Use: This form provides Ex-Im Bank and Small Business Administration staff with the information necessary to determine if the application and transaction are eligible for Ex-Im Bank and SBA assistance under their export working capital guarantee programs.

Affected Public:

This form affects entities involved in the export of U.S. goods and services.

| | Ex-Im Bank | SBA |
|-------------------------------------|-----------------|------------|
| Annual Number of Respondents | 475 | 188. |
| Estimated Time per Respondent | 2.5 hours | 2.5 hours. |
| Annual Burden Hours | 1,188 hours .. | 470 hours. |
| Frequency of Reporting of Use | Annually | Annually. |

Government Expenses:

| | Ex-Im Bank | SBA |
|--|-----------------|----------|
| Reviewing time per year | 950 hours | 376 |
| Average Wages per Hour | \$42.50 | \$35.00 |
| Average Cost per Year (time*wages) | \$40,375 | \$13,160 |
| Benefits and Overhead | 20% | 100% |
| Total Agency Cost | \$48,450 | \$26,320 |
| Total Government Cost | \$74,770 | |

Bonita Jones-McNeil,

Program Analyst, Office of the Chief Information Officer.

BILLING CODE 6690-01-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0745]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-

3520), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of
