

Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485, and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended in 2 CFR part 3474. (c) The International Education Programs—General Provisions in 34 CFR part 655. (d) The NRC Program regulations in 34 CFR part 656. (e) The LRC Program regulations in 34 CFR part 658. (f) The UISFL Program regulations in 34 CFR part 669.

Eligible Entities for Subgrants: Eligible entities for subgrants are the non-Federal entities with whom the HEA, Title VI grantee institutions are in collaboration with to conduct the activities in the Title VI funded applications. The non-Federal entities or subrecipients include, but are not limited to, community colleges, Minority-Serving Institutions, local educational agencies, State educational agencies, school districts, and elementary, middle, or secondary schools. An individual at a non-Federal entity who receives a benefit from the CIBE, LRC, NRC or UISFL program does not qualify as an eligible subrecipient.

Discussion: International and Foreign Language Education (IFLE), Office of Postsecondary Education authorizes grantees to make subgrants to support a more efficient, effective, and seamless delivery of international education activities to non-Federal entities. These include activities to meet the fiscal year 2014 competitive preference priorities through which grantees establish partnerships with community colleges, Minority-Serving Institutions, and teacher education programs, in addition to the other activities identified in the HEA and program regulations. The current absence of subgranting authority limits the extent to which the program grantees and non-Federal entities can collaborate to conduct the activities described in funded applications.

Requirements: Grantees in the CIBE, NRC, LRC, and UISFL programs may make subgrants only to directly carry out project activities described in their applications. Consistent with 34 CFR 75.708(d), grantees must ensure that subgrants are awarded on the basis of the approved budget that is consistent with the grantee's approved application and all applicable Federal statutory, regulatory, and other requirements. Grantees under these programs must ensure that every subgrant includes any conditions required by Federal statutes and executive orders and their implementing regulations. Grantees must ensure that subgrantees are aware

of the requirements imposed upon them by Federal statutes and regulations, including the Federal anti-discrimination laws in 34 CFR 75.500 and enforced by the Department.
