As required at 5 CFR 1320.8(d), the BLM published a 60-day notice in the Federal Register on January 8, 2015 (80 FR 1047), and the comment period ended March 9, 2015. The BLM received no comments. The BLM now requests comments on the following subjects:

1. Whether the collection of information is necessary for the proper functioning of the BLM, including whether the information will have practical utility;

2. The accuracy of the BLM’s estimate of the burden of collecting the information, including the validity of the methodology and assumptions used;

3. The quality, utility and clarity of the information to be collected; and

4. How to minimize the information collection burden on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

Please send comments as directed under ADDRESSES and DATES. Please refer to OMB control number 1004-0034 in your correspondence. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

BILLING CODE P

DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Notice of Termination, Suspension, Reduction, or Increase in Benefit Payments

Notice is hereby given that, on April 6, 2015, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 et seq. (“the Act”), Petroleum Environmental Research Forum Project No. 2013–10, Pressure Relief Valve (PRV) Stability Research Program (“PERF Project No. 2013–10”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties to the venture and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the identities of the parties to the venture are: ExxonMobil Research & Engineering Company, Fairfax, VA; BP Products North America Inc., Naperville, IL; Chevron U.S.A. Inc., a Pennsylvania corporation, acting through its Chevron Energy Technology Company division, Houston, TX; The Dow Chemical Company Midland, Midland, MI; Flint Hills Resources LP, Wichita, KS; Phillips 66 Company, Houston, TX; LyondellBasell Industries, Houston, TX; Marathon Petroleum Company LP, Findlay, OH; Shell Global Solutions (US) Inc., Houston, TX; Valero Energy Corp., San Antonio, TX; Bayer MaterialScience LLC, Pittsburgh, PA; and Siemens Energy, Inc., Houston, TX.

The general area of PERF Project No. 2013–10’s planned activity is, through cooperative research efforts, to better understand pressure relief valve (PRV) stable operation by creating a model, set of equations, or other tool that can be used by engineers to predict stability (e.g., flutter or chatter) for most of the PRV installations (from here on called “the model”). The model will need to be validated through literature and experimental results.

Patricia A. Brink, Director of Civil Enforcement, Antitrust Division.
