

a. U.S. Marine Corps Professional Military Education;

b. All aspects of the academic and administrative policies of the University;

c. Higher educational standards and cost effective operations of the University; and

d. The operation and accreditation of the National Museum of the Marine Corps.

The DoD, through the Secretary of the Navy and the Marine Corps University, provides support for the performance of the Board's functions, and ensures compliance with the requirements of the FACA, the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended) ("the Sunshine Act"), governing Federal statutes and regulations, and established DoD policies and procedures.

The Board shall be composed of at least 7 and not more than 11 members. The members will be eminent authorities in the fields of education, defense, management, economics, leadership, academia, national military strategy, or international affairs.

The Secretary of Defense authorizes the President of the University to serve as a non-voting ex-officio member of the Board, whose membership shall not count toward the total membership of the Board. No other full-time or permanent part-time University employee will serve on the Board.

Board members that are not ex-officio members shall be appointed by the Secretary of Defense or the Deputy Secretary of Defense, and their appointments will be renewed on an annual basis according to DoD policies and procedures. Each member, based upon his or her individual professional experience, provides his or her best judgment on the matters before the Board. Board members who are not full-time or permanent part-time Federal officers or employees will be appointed as experts or consultants pursuant to 5 U.S.C. 3109 to serve as special government employee (SGE) members. Board members who are full-time or permanent part-time Federal officers or employees will serve as regular government employee (RGE) members pursuant to 41 CFR 102-3.130(a). Members of the Board shall serve a term of service of one-to-four years, and their appointments must be renewed by the Secretary of Defense on an annual basis. No member may serve more than two consecutive terms of service without Secretary of Defense or Deputy Secretary of Defense approval.

DoD, when necessary and consistent with the Board's mission and DoD policies and procedures, may establish subcommittees, task forces, or working

groups to support the Board.

Establishment of subcommittees will be based upon a written determination, to include terms of reference, by the Secretary of Defense, the Deputy Secretary of Defense, or the Secretary of the Navy, as the Board's Sponsor.

Such subcommittees will not work independently of the Board and will report all of their recommendations and advice solely to the Board for full and open deliberation and discussion. Subcommittees, task forces, or working groups have no authority to make decisions and recommendations, verbally or in writing, on behalf of the Board. No subcommittee or any of its members can update or report, verbally or in writing, on behalf of the Board, directly to the DoD or any Federal officers or employees. Each member, based upon his or her individual professional experience, provides his or her best judgment on the matters before the Board, and he or she does so in a manner that is free from conflict of interest. All subcommittee members will be appointed by the Secretary of Defense or the Deputy Secretary of Defense to a term of service of one-to-four years, with annual renewals, even if the individual is already a member of the Board. Subcommittee members will not serve more than two consecutive terms of service, unless authorized by the Secretary of Defense or the Deputy Secretary of Defense. Subcommittee members who are not full-time or permanent part-time Federal officers or employees will be appointed as an expert or consultant pursuant to 5 U.S.C. 3109, to serve as a SGE member. Subcommittee members who are full-time or permanent part-time Federal officers or employees will be appointed pursuant to 41 CFR 102-3.130(a), to serve as a RGE member. With the exception of reimbursement of official travel and per diem related to the Board or its subcommittees, subcommittee members will serve without compensation.

All subcommittees operate under the provisions of FACA, the Sunshine Act, governing Federal statutes and regulations, and established DoD policies and procedures. The Board's Designated Federal Officer (DFO) must be a full-time or permanent part-time DoD officer or employee, appointed in accordance with established DoD policies and procedures. The Board's DFO is required to attend at all meetings of the Board and its subcommittees for the entire duration of each and every meeting. However, in the absence of the Board's DFO, a properly approved Alternate DFO, duly appointed to the Board according to established DoD

policies and procedures, must attend the entire duration of all meetings of the Board and its subcommittees.

The DFO, or the Alternate DFO, calls all meetings of the Board and its subcommittees; prepares and approves all meeting agendas; and adjourns any meeting when the DFO, or the Alternate DFO, determines adjournment to be in the public interest or required by governing regulations or DoD policies and procedures.

Pursuant to 41 CFR 102-3.105(j) and 102-3.140, the public or interested organizations may submit written statements to Board membership about the Board's mission and functions. Written statements may be submitted at any time or in response to the stated agenda of planned meeting of the Board.

All written statements shall be submitted to the DFO for the Board, and this individual will ensure that the written statements are provided to the membership for their consideration. Contact information for the Board's DFO can be obtained from the GSA's FACA Database—<http://www.facadatabase.gov/>.

The DFO, pursuant to 41 CFR 102-3.150, will announce planned meetings of the Board. The DFO, at that time, may provide additional guidance on the submission of written statements that are in response to the stated agenda for the planned meeting in question.

Dated: June 2, 2015.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

[Project No. 14671-000]

Symphony Hydro, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On March 23, 2015, Symphony Hydro, LLC filed an application for a preliminary permit under section 4(f) of the Federal Power Act proposing to study the feasibility of the proposed Symphony Hydro Project No. 14671-000, to be located at the existing Upper St. Anthony Lock and Dam on the Mississippi River, near the city of Minneapolis, in Hennepin County,

Minnesota. The Upper St. Anthony Lock and Dam is owned and operated by U.S. Army Corps of Engineers. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would be located completely within lands owned by the United States and consist of: (1) The existing 400-foot-long by 56-foot-wide by 77-foot-high lock (2) two new 56-foot-wide by 70-foot high vertical lift steel gates; (3) two new submersible 1700-kilowatt axial flow Kaplan turbine-generator units having a combined capacity of 3.4 megawatts; (4) two new 6-foot-long by 6-foot-wide by 4-foot-high pad mounted metal boxes containing plant controls, communications and inverter equipment, and a step-up distribution transformer; (5) a new 400 to 500-foot-long, 13.8 kilovolt, underground transmission line that would connect to Xcel Energy's distribution system; and (6) appurtenant facilities. The project would have an estimated annual generation of 18,500 megawatt-hours.

Applicant Contact: Robert H. Schulte, 2236 Coley Forest Place, Raleigh, NC 27607, (952) 949-2676.

FERC Contact: Tyrone A. Williams, (202) 502-6331.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36. The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. The first page of any filing should include docket number P-14671-000.

More information about this project, including a copy of the application, can be viewed or printed on the "eLibrary" link of Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number (P-14671) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: June 2, 2015.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP14-555-000]

Dominion Transmission, Inc.; Notice of Availability of the Environmental Assessment for the Proposed Lebanon West II Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Lebanon West II Project, proposed by Dominion Transmission, Inc. (Dominion) in the above-referenced docket. Dominion requests authorization to replace 11 non-contiguous segments of its 26- and 30-inch-diameter TL-400 Pipeline totaling about 10.2 miles, add a 10,915-horsepower compressor unit to an existing compressor station, and install other compressor station and gate assembly facilities. Dominion also proposes to increase the maximum allowable operating pressure (MAOP) of these pipeline segments from 745 pounds per square inch gauge (psig) to 848 psig. The project would allow Dominion to transport an additional 130,000 dekatherms per day from Dominion's MarkWest Liberty Bluestone Interconnect in Butler County, Pennsylvania to Dominion's Lebanon-Texas Gas Interconnect in Warren County, Ohio.

The EA assesses the potential environmental effects of the activities associated with the project in accordance with the requirements of the National Environmental Policy Act. The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The FERC staff mailed copies of the EA to federal, state, and local

government representatives and agencies; elected officials; Native American tribes; potentially affected landowners; newspapers and libraries in the project area; and parties to this proceeding. In addition, the EA is available for public viewing on the FERC's Web site (www.ferc.gov) using the eLibrary link. A limited number of copies of the EA are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street NE., Room 2A, Washington, DC 20426, (202) 502-8371.

Any person wishing to comment on the EA may do so. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on this project, it is important that we receive your comments in Washington, DC on or before July 2, 2015.

For your convenience, there are three methods you can use to file your comments with the Commission. In all instances please reference the project docket number (CP14-555-000) with your submission. The Commission encourages electronic filing of comments and has expert staff available to assist you at 202-502-8258 or efiling@ferc.gov.

(1) You can file your comments electronically using the *eComment* feature located on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the *eFiling* feature on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426.

Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the
