

III. What is the agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, the EPA Administrator may approve such a request.

IV. Procedures for withdrawal of request

Registrants who choose to withdraw a request for use termination must submit such withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**, postmarked before July 10, 2015, for the requests that the registrants requested to waive the 180-day comment period. This written withdrawal of the request for use termination will apply only to the applicable FIFRA section 6(f)(1) request listed in this notice. If the products have been subject to a previous use termination action, the effective date of termination and all other provisions of any earlier termination action are controlling.

Diclofop-methyl; Product Cancellation Order for Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellation, voluntarily requested by the registrants and accepted by the Agency, of products containing the pesticide listed in Table 1 of Unit II., pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order

follows a February 11, 2015 **Federal Register** Notice of Receipt of Request from the registrants listed in Table 1 to voluntarily cancel all these product registrations. These are the last products containing these pesticides registered for use in the United States. In the February 11, 2015 Notice, EPA indicated that it would issue an order implementing the cancellation, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their request within this period. The Agency did not receive any comments on the notice. Further, the registrants did not withdraw their request. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations are effective January 1, 2018.
