

final results of review, pursuant to 19 CFR 356.8(a).

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of these final results for all shipments of seamless refined copper pipe and tube from Mexico entered, or withdrawn from warehouse, for consumption on or after the publication date as provided by section 751(a)(2) of the Act: (1) The cash deposit rates for Golden Dragon and Nacobre will be equal to the weighted-average dumping margins established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a completed prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 26.03 percent, the all-others rate established in the *Amended Final and Order*. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

In accordance with 19 CFR 351.305(a)(3), this notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the

regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.213(h).

Dated: June 5, 2015.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

Appendix—List of Topics Discussed in the Issues and Decision Memorandum

Summary
Background
Margin Calculations
Scope of the Order
Discussion of the Issues
Comment 1: Date of Sale for Consignment Sales
Comment 2: Imputed Credit Expense for Consignment Sales
Comment 3: Reporting of Costs Related to Global Operations
Comment 4: Use of Updated Cost Database Recommendation

National Institute of Standards and Technology

NIST Cloud Computing Forum & Workshop

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice.

SUMMARY: The National Institute of Standards and Technology (NIST) 8th NIST Cloud Computing Forum and Workshop will be held in Gaithersburg, Maryland on Tuesday, July 7, Wednesday, July 8, Thursday, July 9, and Friday July 10, 2015. The format is a four-day forum that emphasizes the participation and progress made by standard development organizations, researchers and the community of cloud computing experts. The Forum and Workshop will bring together leaders and innovators from industry, academia and government in an interactive format that combines keynote presentations, panel discussions, and breakout sessions. The forum and workshop are open to the general public. NIST invites presentations from interested speakers at this event as described in the **SUPPLEMENTARY INFORMATION** section below.

In addition, NIST invites organizations to participate as exhibitors

as described in the **SUPPLEMENTARY INFORMATION** section below.

DATES: The 8th Forum and Workshop will be held 9:00 a.m.–5:00 p.m. Eastern Time (ET) on Tuesday, July 7, 9:00 a.m.–5:00 p.m. ET on Wednesday, July 8, 9:00 a.m.–5:00 p.m. ET on Thursday, July 9, and 9:00 a.m.–5:00 p.m. ET on Friday, July 10, 2015.

ADDRESSES: The event will be held at the National Institute of Standards and Technology, 100 Bureau Drive, Gaithersburg, MD 20899 in the Red Auditorium of the Administration Building (Building 101). Please note admittance instructions in the **SUPPLEMENTARY INFORMATION** section below.

FOR FURTHER INFORMATION CONTACT: Robert Bohn by email at robert.bohn@nist.gov or by phone at (301) 975-4731.

SUPPLEMENTARY INFORMATION: NIST hosted seven prior Cloud Computing Forum and Workshop events in May 2010, November 2010, April 2011, November 2011, June 2012, January 2013 and March 2014. This year's meeting will focus on the progress the cloud community has made on the 10 requirements provided in the USG Cloud Computing Technology Roadmap (NIST Special Publication 500-293). The NIST Cloud Computing Program (NCCP) published the final version of the Roadmap in October 2014.

Each of the 10 requirements described in the Roadmap comes with a set of Priority Action Plans (PAPs) that are self-tasking for the cloud computing community. Therefore, the NCCP is sponsoring a call for papers that address the Requirements and PAPs found in the Roadmap and welcomes relevant submissions for a talk approximately 15–20 minutes long. Authors of accepted abstracts will be invited to present their work. Additional information may be found at <http://www.nist.gov/itl/cloud/ccfwviii.cfm>.

There will be a single-day parallel meeting on Thursday, July 9 on Cloud Forensics, which will focus on the issues enumerated in the NIST Cloud Computing Forensic Science Challenges (NIST IR 8006, draft). There will also be sessions dedicated to deployments of cloud computing in the government sector (Federal, State, Local) and on Cloud Computing Standards.

The series of workshops was originally organized in response to the request of the U.S. Chief Information Officer that NIST lead federal efforts on standards for data portability, cloud

interoperability, and security.¹ The workshops' goals are to engage with industry, academia, and standards development organizations to accelerate the development of cloud standards for interoperability, portability, and security; discuss the Federal Government's experience with cloud computing; report on the status of the NIST Cloud Computing efforts; report progress on the NIST-led initiative to collaboratively develop a U.S. Government (USG) Cloud Computing Technology Roadmap among multiple federal and industrial stakeholders; and to advance the dialogue among all of these stakeholders.

NIST invites members of the public and other community stakeholders to participate in this event as a presenter or an exhibitor. To participate as a presenter, one will need to submit a completed "Abstract Submission" form to ForumSubmit@nist.gov. Instructions for completing and submitting an abstract are available at: <http://www.nist.gov/itl/cloud/abssubinst.cfm>. On Tuesday, July 7, Wednesday, July 8, Thursday July 9, and Friday July 10, 2015, space will be available for 25 academic, industry, and standards development organizations to exhibit their respective Cloud Computing work at an exhibit table. The first 25 organizations requesting an exhibit table related to Cloud Computing will be accepted. Interested organizations should contact Tara Brown, email: tara.brown@nist.gov or (301) 975-4178. Requests for an exhibit table will be granted on a first-come, first-serve basis. Responses must be submitted by an authorized representative of the organization. Logistics information will be provided to accepted exhibitors. NIST will provide the exhibit location space and one work-table, free of charge. Exhibitors are responsible for the cost of the exhibit, including staffing and materials. NIST reserves the right to exercise its judgment in the placement of exhibits. General building security is supplied; however, exhibitors are responsible for transporting and securing exhibit equipment and materials. NIST is not liable with regard to damage or loss of equipment used in the exhibit booth/table.

The official event Web site is with hotel information is: http://nist.gov/itl/cloud/cloud_computing_wkshp_viii.cfm. The workshop is open to the general public; however, those wishing to attend must register through <https://>

¹ Office of Management and Budget, U.S. Chief Information Officer, *Federal Cloud Computing Strategy*, Feb. 8, 2011. Online: <https://cio.gov/wp-content/uploads/downloads/2012/09/Federal-Cloud-Computing-Strategy.pdf>.

www-s.nist.gov/CRS/conf_disclosure.cfm?conf_id=8354 by 5:00 p.m. ET on Tuesday, June 23, 2015. All visitors to the NIST site are required to pre-register to be admitted and must have appropriate government-issued photo ID to gain entry to NIST.

Richard Cavanagh,

Acting Associate Director for Laboratory Programs.

National Oceanic and Atmospheric Administration

RIN 0648-XD131

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Construction of the Block Island Transmission System

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of revised incidental harassment authorization.

SUMMARY: In accordance with regulations implementing the Marine Mammal Protection Act (MMPA), notification is hereby given that NMFS has issued a revised Incidental Harassment Authorization (IHA) to The Narragansett Electric Company, doing business as National Grid (TNEC), to take marine mammals, by harassment, incidental to construction of the Block Island Transmission System (BITS).

DATES: Effective November 1, 2014, through October 31, 2015.

ADDRESSES: A copy of the revised IHA is available by writing to Jolie Harrison, Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910.

An electronic copy of the revised IHA may be obtained by visiting the internet at: <http://www.nmfs.noaa.gov/pr/permits/incidental/>.

FOR FURTHER INFORMATION CONTACT: John Fiorentino, Office of Protected Resources, NMFS, (301) 427-8477.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who

engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth.

Summary of Request

On August 22, 2014, NMFS issued an IHA to Deepwater Wind Block Island Transmission, LLC (DWBIT) to take marine mammals, by Level B harassment, incidental to construction of the BITS, effective from November 1, 2014 through October 31, 2015 (79 FR 51314). On January 30, 2015, DWBIT sold the BITS, in its entirety, to TNEC. The BITS, a bi-directional submarine transmission cable, will interconnect Block Island to TNEC's existing distribution system in Narragansett, Rhode Island. To date, no construction has occurred.

DWBIT and TNEC subsequently submitted a written request to transfer the current IHA from DWBIT to TNEC. With the transfer of the BITS IHA, TNEC agrees to comply with the associated terms, conditions, stipulations, and restrictions of the original BITS IHA. No other changes were requested. The revised IHA remains effective from November 1, 2014, through October 31, 2015.

This **Federal Register** notice sets forth only a change in the BITS IHA holder's name. There are no other changes to the current IHA as described in the August 28, 2014, **Federal Register** notice of a final IHA (79 FR 51314): the specified activity; description of marine mammals in the area of the specified activity; potential effects on marine mammals and their habitat; mitigation and related monitoring used to implement mitigation; reporting; estimated take by incidental harassment; negligible impact and small numbers analyses and determinations; impact on availability of affected species or stocks for subsistence uses and the period of effectiveness remain unchanged and are herein incorporated by reference.
