BILLING CODE 7710-FW-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-75119; File No. SR-ICC-2015-009]

Self-Regulatory Organizations; ICE Clear Credit LLC; Notice of Filing of Proposed Rule Change

June 8, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder² notice is hereby given that on May 28, 2015, ICE Clear Credit LLC (“ICC”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared primarily by ICC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The principal purpose of the proposed rule change is to revise the ICC Risk Management Framework to incorporate certain risk model enhancements. These revisions do not require any changes to the ICC Clearing Rules (“Rules”).

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICC has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of these statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

ICC proposes revising the ICC Risk Management Framework to incorporate risk model enhancements related to the General Wrong Way Risk (“GWWR”) methodology. ICC believes such revisions will facilitate the prompt and accurate clearance and settlement of securities transactions and derivative agreements, contracts, and transactions for which it is responsible. The proposed revisions are described in detail as follows.

The proposed changes to the ICC Risk Management Framework extend the GWWR framework to the portfolio level. Currently, there exists no Clearing Participant-level cumulative GWWR requirement incorporated in the Jump-to-Default calculations. The uncollateralized WWR exposure of a Risk Factor needs to exceed its corresponding WWR threshold in order to trigger WWR collateralization. The proposed enhancement is introduced to account for the potential accumulation of portfolio WWR through Risk Factor specific WWR exposures. Under the proposed approach, if the cumulative uncollateralized exposure exceeds a pre-determined portfolio GWWR threshold, the amount above the threshold is collateralized.

Section 17A(b)(3) of the Act requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions³ and to comply with the provisions of the Act and the rules and regulations thereunder.⁴ ICC believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to ICC, in particular, Section 17(A)(b)(3)(F),⁵ because ICC believes that the proposed rule change will promote the prompt and accurate clearance and settlement of securities transactions, derivatives agreements, contracts, and transactions, as the proposed risk model revisions enhance risk policies and are expected to impose more conservative initial margin requirements, which would enhance the financial resources available to ICC and thereby facilitate its ability to promptly and accurately clear and settle its cleared CDS contracts. In addition, the proposed revisions are consistent with

the relevant requirements of Rule 17Ad-22.⁶ In particular, the amendments to the Risk Management Framework will enhance the financial resources available to ICC, and are therefore reasonably designed to meet the margin and financial resource requirements of Rule 17Ad-22(b)(2-3).⁷

B. Self-Regulatory Organization’s Statement on Burden on Competition

ICC does not believe the proposed rule change will have any impact, or impose any burden, on competition. The risk model enhancements apply uniformly across all market participants. Therefore, ICC does not believe the proposed rule change imposes any burden on competition that is inappropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve or disapprove such proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-ICC-2015-009 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-ICC-2015-009. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filings will also be available for inspection and copying at the principal office of ICE Clear Credit and on ICE Clear Credit's Web site at <https://www.theice.com/clear-credit/regulation>.

All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-ICC-2015-009 and should be submitted on or before July 6, 2015.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁸

Robert W. Errett,
Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-75120; File No. SR-CBOE-2015-050]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing of Proposed Rule Change to Expire CBOE Volatility Index (VIX) Options Every Week

June 8, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that, on June 1, 2015, Chicago Board Options Exchange, Incorporated (the "Exchange" or "CBOE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to amend certain of its rules to expire CBOE Volatility Index ("VIX") options every week. The text of the proposed rule change is available on the Exchange's Web site <http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>, at the

Exchange's Office of the Secretary, and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

In February 2006, CBOE began trading options that expire monthly on the CBOE Volatility Index ("VIX"), which measures a 30-day period of implied volatility. Last year, CBOE introduced weekly expiring options on the CBOE Short-Term Volatility Index ("VXST"), which measures a nine-day implied volatility period.³ The purpose of this proposed rule change is to expire 30-day VIX options every week.⁴ VIX options would continue to trade as they do today and they would be subject to all of the same rules they are subject to today, except as proposed to be modified herein.

In its capacity as the Reporting Authority, CBOE enhanced the VIX Index (cash/spot value) to include P.M.-settled S&P 500 Index End-of-Week expirations ("SPXWs") in 2014.⁵ The inclusion of SPXWs allows the VIX Index to be calculated with SPX option series that most precisely match the 30-day target timeframe for expected volatility that the VIX Index is intended to represent. Using SPX options with more than 23 days and less than 37 days to expiration ensures that the VIX Index will always reflect an interpolation of

³ See Securities Exchange Act Release No. 71764 (March 21, 2014), 79 FR 17212 (March 27, 2014) (Order Granting Approval of Proposed Rule Change to List and Trade CBOE Short-Term Volatility Index Options) (SR-CBOE-2014-003).

⁴ CBOE Futures Exchange, LLC ("CFE") also plans to expire 30-day VIX futures weekly prior to expiring 30-day VIX options weekly on CBOE.

⁵ This enhancement did not impact the exercise settlement value for VIX options and futures, which continue to use the same VIX Index formula and the opening prices of standard (i.e., third Friday expiration) S&P 500 Index ("SPX") option series with 30 days to expiration.
