SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR part 1320, which implement provisions of the Paperwork Reduction Act, 44 U.S.C. 3501-3521, require that interested members of the public and affected agencies be given an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8 (d) and 1320.12(a)). This notice identifies an information collection that the BLM plans to submit to OMB for approval. The Paperwork Reduction Act provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

The BLM will request a 3-year term of approval for this information collection activity. Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany our submission of the information collection requests to OMB.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Establishment of a New Recreation Fee Area at Minuteman Missile National Historic Site

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The National Park Service plans to establish fees for the tour of the Launch Control Facility Delta-01. The proposed amenity fee is intended to provide enhanced tour reservation services through the Recreation.gov system. This reservation service would replace the existing first-come first-serve system for providing tour tickets. The park will use the revenue to fund preservation maintenance requirements of the Launch Control Facility Delta-01 site, potentially increase staff to accommodate the increase in visitation and implement a tour reservation system through Recreation.gov.

DATES: We will begin collecting fees on December 16, 2015.

FOR FURTHER INFORMATION CONTACT: Eric Leonard, Superintendent, Minuteman Missile National Historic Site, 24545 Cottonwood Road, Philip, South Dakota 57567; telephone (605) 433-5552; or by email at eric_leonard@nps.gov.

SUPPLEMENTARY INFORMATION: This notice is to comply with Section 804 of the Federal Lands Recreation Enhancement Act of 2004 (Pub. L. 108-447). The act requires agencies to give the public 6 months advance notice of the establishment of a new recreation fee area. The guided tour fee structure will be \$6 per adult; \$4 for ages 13 to

16; and no charge for children 12 years of age and under. The Delta-09 Missile Launch Facility (missile silo), including self-guided and limited guided tours, will remain a fee-free area. These fees were determined through a comparability study of similar sites in the area at Federal, state, and private recreation areas. In accordance with NPS public involvement guidelines, the park engaged numerous individuals, organizations, and local, state, and Federal government representatives while planning for the implementation of this fee.

Dated: April 28, 2015.

Lena McDowall,

Chief Financial Officer.
