

parties and intend to consider this factor, among others, in determining when to narrow the list of Shortlisted Bidders.²⁷

The SROs concur with FIF in the significance of retiring overlapping and redundant systems, but do not see this as linked to the proposed amendment to the Selection Plan. The SROs reiterate their commitment to the retirement of systems as provided in the CAT NMS Plan,²⁸ noting that the Plan describes the major data attributes that will be required to retire such systems. Going forward, as additional technical specifications are developed in accordance with milestones included in the CAT NMS Plan, the SROs will provide this information to Bidders.

IV. Discussion

After careful review of Amendment No. 1, the comment received, and the SROs' response, the Commission finds that Amendment No. 1 is necessary or appropriate in the public interest, for the protection of investors and the maintenance of fair and orderly markets, and to remove impediments to, and perfect the mechanisms of, a national market system. The Commission believes Amendment No. 1 would provide the SROs with additional flexibility with respect to the process of reviewing Shortlisted Bids and selecting the CAT Plan Processor. Such additional flexibility is aimed at allowing the SROs to be more efficient in selecting the CAT Plan Processor, which is particularly important given additional deadlines contained in Rule 613(a)(3).²⁹ The Commission believes that the SROs' explanation that they prefer to retain flexibility in the process to select the Plan Processor, without any additional conditions or restrictions, in response to FIF's suggestion that they narrow the list of Bidders before allowing Bidders to revise their Bids, is

²⁸ Rule 613(a)(viii) requires "a plan to eliminate existing audit trail rules and systems (or components thereof) that will be rendered duplicative by the consolidated audit trail, including identification of such audit trail rules and systems (or components thereof); to the extent that any existing audit trail rules or systems provide information that is not rendered duplicative by the consolidated audit trail, an analysis of whether collection of such information continues to be appropriate and, if so, whether such information could instead be incorporated into the consolidated audit trail; the steps the plan sponsors propose to take to seek Commission approval for the elimination of such audit trail rules and systems (or components thereof); and a timetable for such elimination, including a description of how the plan sponsors propose to phase in the consolidated audit trail and phase out such existing audit trail rules and systems (or components thereof).]" 17 CFR 242.613(a)(viii).

reasonable. Permitting the SROs to accept revised Bids prior to Commission approval of the CAT NMS Plan, and to narrow the number of Shortlisted Bids prior to Commission approval of the CAT NMS Plan,³⁰ will allow the SROs to position themselves to avoid any delays in selecting the CAT Plan Processor,³¹ thus removing any impediments to meeting the additional deadlines set forth in Rule 613(a)(3).³²

Regarding FIF's recommendation that, prior to any Bid revisions, the SROs provide Bidders with detailed functional requirements concerning OATS, EBS, and Large Trader to facilitate retirement of those systems, the Commission notes that the SROs' Response Letter outlines the steps taken to date by the SROs to furnish pertinent information to assist in eliminating redundant systems and contains commitments to supplement that material in the future as outlined in the CAT NMS Plan.

IV. Conclusion

For the reasons discussed above, the Commission finds that Amendment No. 1 is necessary or appropriate in the public interest, for the protection of investors and the maintenance of fair and orderly markets, and to remove impediments to, and perfect the mechanisms of, a national market system, or otherwise in furtherance of the purposes of the Act.

It is therefore ordered, pursuant to section 11A of the Act,³³ and the rules thereunder, that Amendment No. 1 to the Selection Plan be, and it hereby is, approved.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[Extension: Form N-5; OMB Control No. 3235-0169, SEC File No. 270-172]

Submission for OMB Review; Comment Request

Upon Written Request, Copy Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549-2736.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information discussed below.

Form N-5 (17 CFR 239.24 and 274.5) is the form used by small business investment companies ("SBICs") to register their securities under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) ("Securities Act") and the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) ("Investment Company Act"). Form N-5 is the registration statement form adopted by the Commission for use by an SBIC that has been licensed as such under the Small Business Investment Act of 1958 or which has received the preliminary approval of the Small Business Administration ("SBA") and has been notified by the SBA that the company may submit a license application Form N-5 is an integrated registration form and may be used as the registration statement under both the Securities Act and the Investment Company Act. The purpose of Form N-5 is to meet the filing and disclosure requirements of both the Securities Act and Investment Company Act, and to provide investors with information sufficient to evaluate an investment in an SBIC. The information that is required to be filed with the Commission permits verification of compliance with securities law requirements and assures the public availability and dissemination of the information.

The Commission has received one filing on Form N-5 in the last three years, and we therefore estimate that SBICs will file about 0.333 filings on Form N-5 per year. The currently approved burden of Form N-5 is 352 hours per response. Therefore, the number of currently approved aggregate burden hours, when calculated using the current estimate for number of filings is about 117 hours per year. The currently approved cost burden of Form

N-5 is \$30,000 per filing. We continue to believe this estimate for Form N-5's cost burden is appropriate. Therefore, we estimate that the aggregate cost burden, when calculated using the Commission's estimate of 0.333 filings per year, is about \$10,000 in external costs per year.

Estimates of average burden hours and costs are made solely for the purposes of the Paperwork Reduction Act, and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms. Compliance with the collection of information requirements of Form N-5 is mandatory. Responses to the collection of information will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The public may view the background documentation for this information collection at the following Web site, www.reginfo.gov. Comments should be directed to: (i) Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, DC 20503, or by sending an email to: [Shagufta Ahmed@omb.eop.gov](mailto:ShaguftaAhmed@omb.eop.gov); and (ii) Pamela Dyson, Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov. Comments must be submitted to OMB within 30 days of this notice.

Dated: June 18, 2015.

Secretary.
