Special Local Regulations, Recurring Marine Events in Captain of the Port Long Island Sound Zone

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to add, delete, and modify special local regulations for annual marine events in the Sector Long Island Sound Captain of the Port (COTP) Zone. When enforced, these regulated areas would restrict

vessels from portions of water areas during certain annually recurring events. The proposed special local regulations are intended to expedite public notification and ensure the protection of the maritime public and event participants from the hazards associated with certain maritime events.

Comments and related material must be received by the Coast Guard on or before July 23, 2015.

Requests for public meetings must be received by the Coast Guard on or before July 14, 2015.

You may submit comments identified by docket number USCG–2015–0100 using any one of the following methods:

(1) *Federal eRulemaking Portal:*

http://www.regulations.gov.

(2) *Fax:* 202–493–2251.

(3) *Mail or Delivery:* Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590–0001. Deliveries accepted between 9 a.m. and 5 p.m., Monday through Friday, except federal holidays. The telephone number is 202–366–9329.

See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments. To avoid duplication, please use only one of these four methods.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, contact Petty Officer Ian M. Fallon, U.S. Coast Guard Waterways Management Division Sector Long Island Sound; telephone (203) 468–4565, or email *Ian.M.Fallon@uscg.mil*. If you have questions on viewing or submitting material to the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone (202) 366–9826.

A. Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted without change to *http://www.regulations.gov* and will include any personal information you have provided.

1. Submitting Comments

If you submit a comment, please include the docket number for this

rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online at *http://www.regulations.gov*, or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an email address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to *http://www.regulations.gov*, type the docket number [USCG–2015–0100] in the “SEARCH” box and click “SEARCH.” Click on “Submit a Comment” on the line associated with this rulemaking.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

2. Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to *http://www.regulations.gov*, type the docket number [USCG–2015–0100] in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

3. Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor

union, etc). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the **Federal Register** (73 FR 3316).

4. Public meeting

We do not plan to hold a public meeting. But you may submit a request for one, using one of the methods specified under **ADDRESSES**. Please explain why you believe a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

B. Regulatory History and Information

Previously, the Coast Guard promulgated either safety zones or special local regulations for most of the events associated with this proposed rule and received no public comments. The most recent promulgated rulemaking was on May 24, 2013 when the Coast Guard published a Final Rule, entitled, "Safety Zones and Special Local Regulations; Recurring Marine Events in Captain of the Port Sector Long Island Sound Zone" in the **Federal Register** (78 FR 31402).

C. Basis and Purpose

The legal basis for this rulemaking is 33 U.S.C. 1233, which authorizes the Coast Guard to establish special local regulations.

This proposed regulation carries out two related actions: (1) Establishing necessary special local regulations; and (2) updating and reorganizing existing regulations for ease of use and reduction of administrative overhead.

D. Discussion of Proposed Rule

The Coast Guard proposes to amend 33 CFR 100.100 "Special Local Regulations; Regattas and Boat Races in the Coast Guard Sector Long Island Sound Captain of the Port Zone" by establishing 16 permanent marine events regulated areas, removing five, and modifying three marine event special local regulations. By proposing these permanent regulation updates, we are providing the public with an opportunity to comment on these changes. This rulemaking limits the unnecessary burden of establishing temporary rules for events that occur on an annual basis.

(1) Establishing New Marine Event Regulated Areas

This rulemaking proposes to establish 16 permanent marine event special local regulations under 33 CFR 100.100. These events include fireworks displays, swimming events, and regattas

that take place throughout the Long Island Sound COTP Zone. Event locations and details are listed below in the text of the regulation. Because large numbers of spectator vessels are expected to congregate around the location of these events, these regulated areas are needed to protect both spectators and participants from the safety hazards associated with marine events, including large numbers of swimmers, hard to see and unstable small boats, unexpected pyrotechnics detonation, and burning debris. This rule would permanently establish regulated areas that restrict vessel movement around the location of each marine event to reduce the associated safety.

During the enforcement period of the regulated areas, persons and vessels would be prohibited from entering, transiting through, remaining, anchoring, or mooring within the regulated area unless specifically authorized by the COTP or the designated representative. Persons and vessels would be able to request authorization to enter, transit through, remain, anchor, or moor within the regulated areas by contacting the COTP Sector Long Island Sound, or designated representative, by telephone at (203) 468-4401 or via VHF radio on channel 16. If authorization to enter, transit through, remain, anchor, or moor within any of the regulated areas is granted, all persons and vessels receiving authorization would be required to comply with the instructions of the COTP or designated representative.

The Coast Guard COTP Sector Long Island Sound or designated representative would enforce the regulated areas. These designated representatives are comprised of commissioned, warrant, and petty officers of the Coast Guard. The Coast Guard may be assisted by other federal, state and local agencies in the enforcement of these regulated areas.

Certain special local regulations are listed without known dates or times. Coast Guard Sector Long Island Sound will cause notice of the enforcement of these regulated areas to be made by all appropriate means to affect the widest publicity among the effected segments of the public, including publication in the **Federal Register** as a Notice of Enforcement, Local Notice to Mariners, and Broadcast Notice to Mariners.

(2) Remove old Special Local Regulations That Are no Longer Needed

This rulemaking proposes to remove five special local regulations from the TABLE to § 100.100: (1) 1.3 Head of the Connecticut Regatta, Connecticut River,

CT as the event has not been held since 2012 and the sponsoring organization, the City of Middletown, has confirmed that they do not intend to hold the event again in the foreseeable future; (2) 1.4 Riverfront Regatta, Hartford, CT as the event's details have significantly changed and is no longer the same event; (3) 1.5 Patchogue Grand Prix, Patchogue, NY as the event has not been held since 2010 and the sponsoring organization, Offshore Powerboat Association, has confirmed that they do not intend to hold the event again in the foreseeable future; (4) 1.6 Riverfront U.S. Title series Powerboat Race, Hartford, CT as the event has not been held since 2011 and the sponsoring organization, Riverfront Recaptured, has confirmed that they do not intend to hold the event again in the foreseeable future; and (5) 1.8 Kayak for a Cause Regatta as the event has not been held since 2012 and the sponsoring organization, Kayak for a Cause, has disbanded.

(3) Modify and Update Existing Regulated Areas

This rule proposes to amend the following special local regulations from the TABLE to § 100.100: (1) 1.1 Harvard-Yale Regatta, Thames River, New London, CT is to be moved to 5.1 on the TABLE to § 100.100; (2) 1.2 Great Connecticut River Raft Race, Middletown is to be moved to 7.1 on the TABLE to § 100.100 and the name changed to Connecticut River Raft Race, Middletown, CT; and (3) 1.7 Hartford Dragon Boat Regatta is to be renamed the Riverfront Dragon Boat and Asian Festival and to be moved to 8.1 on the TABLE to § 100.100.

E. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes or executive orders.

1. Regulatory Planning and Review

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

The Coast Guard determined that this proposed rulemaking is not a significant

regulatory action for the following reasons: The regulated areas are of limited duration and vessels may transit the navigable waterways outside of the regulated areas. Persons or vessels requiring entry into the regulated areas may be authorized to do so by the COTP Sector Long Island Sound or designated representative.

Advanced public notifications will also be made to local mariners through appropriate means, which may include but is not limited to Local Notice to Mariners and Broadcast Notice to Mariners.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule will not have a significant economic impact on a substantial number of small entities.

This proposed rule would affect the following entities, some of which may be small entities: The owners or operators of vessels intending to enter, transit, anchor or moor within the regulated areas during the enforcement periods.

The special local regulations will not have a significant economic impact on a substantial number of small entities for the following reasons: The regulated areas are of short duration, vessels that can safely do so may navigate in all other portions of the waterways except for the areas designated as regulated areas, and vessels requiring entry into the regulated areas may be authorized to do so by the COTP Sector Long Island Sound or designated representative. Additionally, before the enforcement periods, public notifications will be made to local mariners through appropriate means, which may include but is not limited to Local Notice to Mariners and Broadcast Notice to Mariners.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rulemaking would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

4. Collection of Information

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under

Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children from Environmental Health Risks

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

11. Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This proposed rule is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves the establishment of special local regulations. This rule may be categorically excluded from further

review under paragraph 34(h) of Figure 2–1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

I. Introduction

On June 12, 2015, the Postal Service filed a petition pursuant to 39 CFR 3050.11 requesting that the Commission initiate an informal rulemaking proceeding to consider changes to analytical principles relating to periodic reports.¹ Text attached to the Petition identifies the proposed analytical method changes filed in this docket as Proposal One, Proposed Change in RPW Methodology for Forever Stamp Usage, Stamp Breakage, and PIHOP. *Id.* Attachment at 1. The Postal Service concurrently filed a non-public library reference, along with an application for nonpublic treatment.²

II. Summary of Proposal

The Petition requests a change in methodology for the treatment of revenue, pieces, and weight (RPW) associated with forever stamp usage, breakage, and Postage-in-the-Hands-of-the-Public (PIHOP). Stamp breakage refers to the forever stamps that have been sold by the Postal Service but will never be used due to factors such as lost or damaged stamps and collectables. *Id.* at 3. PIHOP refers to forever stamps that

² Notice of Filing of USPS-RM2015-9/NP1 and Application for Nonpublic Treatment, June 12, 2015 (Notice). The library reference is USPS-RM2015-9/NP1, Non-Public Material Relating to Proposal One. The Notice incorporates by reference the Application for Non-Public Treatment of Materials contained in Attachment Two to the December 29, 2014, United States Postal Service Fiscal Year 2014 Annual Compliance Report. Notice at 1. See 39 CFR part 3007 for information on access to non-public material.

are being held by purchasers for future use. *Id.*

The Postal Service currently estimates forever stamp breakage by assigning stamps a category and an issue year, known as a layer. *Id.* at 3-4. When a layer of stamps is no longer available for sale and is determined to be at the end of its life cycle, as measured by the Origin Destination Information System (ODIS)-RPW system, the difference between cumulative sales and cumulative usage (calculated as a percentage) is deemed to be breakage and recognized as revenue for the Postal Service. *Id.* at 4. This breakage percentage is applied to forever stamp sales for that layer and all remaining open forever stamp layers, until the remaining layers expire and become the new basis for estimating the breakage percentage. *Id.*

Forever stamp usage is collected by ODIS-RPW data collectors and expanded to national totals. *Id.* A separate process calculates the value of the layer used, based on the different prices at which it was originally sold. *Id.* at 5. The estimated forever stamp usage is included in the current Book Revenue Adjustment Factor (BRAFF) calculation. *Id.* at 7. The Postal Service currently estimates PIHOP liability at the end of each accounting period. *Id.* at 5. PIHOP liability is calculated by subtracting the stamp breakage and stamp usage from stamp sales. *Id.*

The proposed changes include using the ODIS-RPW estimates for forever stamps usage directly in the RPW Report. *Id.* at 9. Under the proposal, two changes would occur in the BRAFF formulation: Forever stamp usage would be removed from the ODIS-RPW Single-Piece Sampling Revenue and forever stamp usage and forever stamp and non-forever stamp breakage would be
