**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of proposed consent decree; request for public comment.

**SUMMARY:** In accordance with section 113(g) of the Clean Air Act, as amended (“CAA” or the “Act”), notice is hereby given of a proposed consent decree to address a lawsuit filed by the Center for Biological Diversity in the United States District Court for the District of Columbia: *Center for Biological Diversity v. McCarthy*, Civil Action No. 15-cv-00268 TFH (D. DC). On February 24, 2015, Plaintiff filed a complaint. Plaintiff alleged that Gina McCarthy, in her official capacity as Administrator of the United States Environmental Protection Agency (“EPA”), failed to perform a mandatory duty to promulgate a federal implementation plan (“FIP”) addressing certain requirements of the Clean Air Act to implement the 2006 fine particulate matter (“PM<sub>2.5</sub>”) National Ambient Air Quality Standard (“NAAQS”) for Puerto Rico, Iowa, and Washington. The proposed consent decree would establish deadlines for EPA to take certain specified actions.

**DATES:** Written comments on the proposed partial consent decree must be received by *July 24, 2015*.

**ADDRESSES:** Submit your comments, identified by Docket ID number OGC-2015-0416, online at [www.regulations.gov](http://www.regulations.gov) (EPA’s preferred method); by email to [oei.docket@epa.gov](mailto:oei.docket@epa.gov); by mail to EPA Docket Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave. NW.,

#### SUPPLEMENTARY INFORMATION:

##### I. Additional Information About the Proposed Consent Decree

The proposed consent decree would resolve a lawsuit filed by the Center for Biological Diversity seeking to compel the Administrator to take actions under CAA section 110(c)(1). The February 24, 2015 complaint alleged that EPA has a mandatory duty to promulgate a FIP to satisfy the requirements of Clean Air Act Section 110, 42 U.S.C. 7410(a)(2)(A)-(C); (D)(i)(II) (Prevention of Significant Deterioration prong only); (E)-(H); and (J)-(M) to implement the 2006 PM<sub>2.5</sub> NAAQS. Under the terms of the proposed consent decree, EPA would agree to take certain specified actions no later than April 1, 2016, for Puerto Rico and no later than September 30, 2016, for Iowa for the 2006 PM<sub>2.5</sub> NAAQS. In addition, the proposed consent decree outlines the procedure for the Plaintiff to request costs of litigation, including attorney fees. See the proposed consent decree for the specific details.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who are not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines that consent to this proposed consent decree should be withdrawn, the terms of the consent decree will be affirmed.

##### II. Additional Information About Commenting on the Proposed Consent Decree

###### A. How can I get a copy of the consent decree?

The official public docket for this action (identified by OGC-2015-0416) contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through [www.regulations.gov](http://www.regulations.gov). You may use [www.regulations.gov](http://www.regulations.gov) to submit or view public comments, access the index listing of the contents of the official public docket, and access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select “search”.

It is important to note that EPA’s policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at [www.regulations.gov](http://www.regulations.gov) without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA’s policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA’s electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

###### B. How and to whom do I submit comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be

marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment and with any disk or CD ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the [www.regulations.gov](http://www.regulations.gov) Web site to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (email) system is not an "anonymous access" system. If you send an email comment directly to the Docket without going through [www.regulations.gov](http://www.regulations.gov), your email address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

Registration review dockets contain information that will assist the public in understanding the types of information and issues that the Agency may consider during the course of registration reviews. Through this program, EPA is ensuring that each pesticide's registration is based on current scientific and other knowledge, including its effects on human health and the environment. This document also announces the Agency's intent not to open registration review dockets for pyrazon, trypsin modulating oostatic factor, and xanthine and oxypurinol. These pesticides do not currently have any actively registered pesticide products and are not, therefore, scheduled for review under the registration review program.
