Enforcement and Compliance; Changes to Room Number of APO/Dockets Unit and Web Address for Electronic Filing System and ACCESS Handbook

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Final rule.

SUMMARY: The International Trade Administration’s Enforcement and Compliance publishes this rule to change the room number of the Administrative Protective Order and Dockets Unit (APO/Dockets Unit). This rule also changes the web address of Enforcement and Compliance’s electronic filing system, Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Finally, this rule changes the web address for the location of the ACCESS Handbook on Electronic Filing. Consistent with this action, this rule makes appropriate conforming changes in the regulations.

FOR FURTHER INFORMATION CONTACT: Evangeline Keenan, Director, APO/Dockets Unit, Enforcement and Compliance, Telephone (202) 482–3354 or Laura Merchant, IT Manager, Enforcement and Compliance, Telephone (202) 482–0367.

SUPPLEMENTARY INFORMATION: On March 2, 2015, the APO/Dockets Unit changed its location from Room 1870 to Room 18022. This rule updates the regulations to reflect this room change. On October 1, 2013, the Import Administration was renamed Enforcement and Compliance. See Import Administration; Change of Agency Name, 78 FR 62417 (October 22, 2013). On November 20, 2014, Enforcement and Compliance published the final rule updating the name of the electronic filing system from “IA ACCESS” to “ACCESS.” Enforcement and Compliance; Change of Electronic Filing System Name, 79 FR 69046 (November 20, 2014). This rule updates the regulations to reflect the web address so that it conforms with the name change. Thus, “http://iaaccess.trade.gov” is changed to “https://access.trade.gov”. In addition, the location of the ACCESS Handbook on Electronic Filing Procedures (ACCESS Handbook) has moved to the ACCESS Web site. Thus, references to the location of the ACCESS Handbook are changed from the web address “http://www.trade.gov/ia” to “https://access.trade.gov”.

Rulemaking Requirements

1. This final rule has been determined to be not significant under Executive Order 12866.

2. Pursuant to 5 U.S.C. 553(b)(B), good cause exists to waive the provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring advance notice and the opportunity for public comment. Notice and comment are not required for this rule because they are unnecessary. This rule involves a nonsubstantive change to the regulations to update the APO/Dockets room number and two web addresses. This rule does not contain any provisions that require regulated entities to come into compliance and failure to implement it immediately could cause unnecessary confusion for the public.

3. Because a notice of proposed rulemaking and an opportunity for public comment are not required by the Administrative Procedure Act or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601, et seq.) are not applicable. Accordingly, no final regulatory flexibility analysis is required and none has been prepared.

Technical Edits

AGENCY: National Park Service, Interior.

ACTION: Final rule.

SUMMARY: The National Park Service is making technical corrections to its regulations. In response to Congress's enactment of Title 54 United States Code, the rule corrects the authority citations. The rule fixes typographical errors and incorrect citations and cross-references. The rule removes a firearms provision that was vacated by court order in 2009 and adds language consistent with federal law governing the possession of firearms in National Park units. The rule removes an outdated reference to a designated airstrip at Lake Mead National Recreation Area that has been closed since 1987.

DATES: This rule is effective June 25, 2015.

SUPPLEMENTARY INFORMATION:

Background

Authority Citations

In December 2014, the President signed into law H.R. 1068, thereby enacting Title 54 of the United States Code, "National Park Service and Related Programs," as positive law. As a result, some (but not all) previous laws codified under Title 16 were repealed and replaced with laws under Title 54. References to 16 U.S.C. that were affected by H.R. 1068 should be changed to the new sections of 54 U.S.C. For example, the last sentence of 16 U.S.C. 1 is now codified at 54 U.S.C. 100101. This rule changes the authority citations in parts 1–7 and 11–13 to reflect the enactment of Title 54 and the repeal of certain laws under Title 16 of the U.S. Code.

This rule also removes a number of unnecessary authority citations. The authority citation is only required to cite the authority that authorizes an agency to change the Code of Federal Regulations. Over the years, some of these citations have grown to include a number of other legal authorities that are implemented by, applied by, or otherwise relevant to the regulations, but that are not actual sources of regulatory authority. In order to streamline the regulations, these unnecessary citations will be removed. The removal of these citations is not intended to alter the meaning, effect, or interpretation of any statute, regulatory provision, or other legal authority.

Technical Corrections to Parts 2, 3, and 4

This rule corrects several misspellings of the word “superintendent” in §§ 2.51 and 2.52, and fixes two incorrect references to “§ 13.10” in 36 CFR 3.11(b). Section 13.10 does not exist; the references should be to § 3.10. The rule fixes an incorrect citation to the Federal Register in paragraph (b) of § 4.10. The citation to 37 FR 2867 is changed to 3 CFR, 1971–1975 Comp., p. 666.

Possession of Firearms in National Park System Units

In 2008, the NPS promulgated a regulation (73 FR 74966) regarding the possession and transportation of firearms in units of the National Park System. This regulation was codified at 36 CFR 2.4(h) and went into effect on January 9, 2009. On March 19, 2009, the United States District Court for the District of Columbia issued a preliminary injunction preventing the implementation and enforcement of the regulation, and later issued a court order permanently vacating the regulation.

In May 2009, Congress enacted a law that prevents the Secretary of the Interior from promulgating or enforcing “any regulation that prohibits an individual from possessing a firearm, including an assembled or functional firearm, in any [National Park] System unit if—(1) the individual is not otherwise prohibited by law from possessing the firearm; and (2) the possession of the firearm is in compliance with the law of the State in which the System unit is located.” 54 U.S.C. 104906. This law became effective on February 22, 2010.

This rule would remove the regulation at 36 CFR 2.4(h) that has been vacated since 2009 and would add language to Section 2.4 that is consistent with the 2010 statute. Removing the vacated regulation without adding language consistent with the 2010 statute would result in NPS regulations that are misleading and inconsistent with current federal statutory law.

Cottonwood Cove Airstrip at Lake Mead NRA

In 1967, the NPS promulgated a regulation (32 FR 15715) designating Cottonwood Cove airstrip as a location authorized for landing aircraft within Lake Mead National Recreation Area. In 1987, the NPS decided to close the Cottonwood Cove landing strip because the relatively low use of the airstrip did not justify the high costs of maintaining it. The NPS determined that its limited resources were better allocated toward more critical projects, including the costs of maintaining the recreation area’s busier airstrips. The Federal Aviation Administration deactivated the Cottonwood Cove airstrip in 1987. Since that time the NPS has notified the public in the recreation area’s compendium that the airstrip has been closed. This rule removes the designation of the Cottonwood Cove airstrip from 36 CFR 7.48(a) to reflect the status of the airstrip as closed, and to avoid any confusion for the public about whether the airstrip is open.
