[Release No. 34-75251; File No. PCAOB 2015-01]

Public Company Accounting Oversight Board; Notice of Filing of Proposed Rules to Implement the Reorganization of PCAOB Auditing Standards and Related Changes to PCAOB Rules and Attestation, Quality Control, and Ethics and Independence Standards

June 19, 2015.

Pursuant to Section 107(b) of the Sarbanes-Oxley Act of 2002 (the "Act"), notice is hereby given that on June 17, 2015, the Public Company Accounting Oversight Board (the "Board" or the "PCAOB") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rules described in items I and II below, which items have been prepared by the Board. The Commission is publishing this notice to solicit comments on the proposed rules from interested persons.

I. Board's Statement of the Terms of Substance of the Proposed Rules

On March 31, 2015, the Board adopted amendments to implement the reorganization of PCAOB auditing standards and related changes to PCAOB rules and attestation, quality control, and ethics and independence standards (collectively referred to as, the "amendments" or the "proposed rules").

The text of the proposed rules is set out below.

Amendments to Rules of the Board

Rule 3101. Certain Terms Used in Auditing and Related Professional Practice Standards

Rule 3101. Certain Terms Used in Auditing and Related Professional Practice Standards, is amended as follows:

II. Board’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rules

In its filing with the Commission, the Board included statements concerning the purpose of, and basis for, the proposed rules and discussed comments it received on the proposed rules. The text of these statements may be examined at the places specified in Item IV below. The Board has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of these statements. In addition, the Board is requesting that the Commission approve the proposed rules, pursuant to Section 103(a)(3)(C) of the Sarbanes-Oxley Act, for application to audits of emerging growth companies (“EGCs”), as that term is defined in Section 3(a)(80) of the Securities Exchange Act of 1934 (“Exchange Act”). The Board’s request is set forth in section D.

A. Board’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rules

(a) Purpose

Introduction

The Board is reorganizing its auditing standards using a topical structure and a single, integrated numbering system. To implement this reorganization, the Board is adopting amendments to its auditing standards and rules and is also rescinding certain auditing standards that are no longer necessary under the reorganization. These amendments do not impose new requirements on auditors or change the substance of the requirements for performing and reporting on audits under PCAOB standards. Specifically, the amendments to implement the reorganization include updates to the section numbers, cross references, and titles of certain standards. Other related amendments include, among others, removing standards that are no longer necessary, replacing references to generally accepted auditing standards, and updating certain PCAOB rules to reflect the reorganized auditing standards.

The new organizational structure is intended to improve the usability of the Board’s standards, including helping users navigate the standards more easily. To facilitate navigation, the standards are organized into a logical structure by topic areas that generally follow the flow of the audit process. For example, auditing standards that apply to procedures performed near the completion of the audit are arranged in the same area. The reorganization also uses a numbering convention that is

different from conventions used by other standard setters, which should help to avoid the potential for confusion between the standards of the Board and those of other standard setters.

Background and the Need for Improvement

In April 2003, the Board adopted, on an interim, transitional basis, the generally accepted auditing standards, originally issued by the Auditing Standards Board (“ASB”) of the American Institute of Certified Public Accountants (“AICPA”), that were in existence at the time.² When the Board adopted those auditing standards, it continued to use the topical organization and reference numbers (“AU sections”) in the ASB’s then-existing codification of its standards.³ Auditing standards issued by the Board (“AS standards”) were not codified or otherwise organized by topic, but were numbered in sequential order based upon when they were issued. Thus far, the Board has issued 18 auditing standards (AS Nos. 1–18), which have superseded 12 interim auditing standards and amended the majority of the remaining interim auditing standards to varying degrees. As a result, the Board’s auditing standards are organized using two separate numbering systems: (i) The numbering system used by the ASB when the Board adopted the interim standards and (ii) the numbering system used by the Board for the standards it has issued.

The Board undertook a project to consider the reorganization of the Board’s auditing standards. In 2013, the Board proposed to reorganize its auditing standards using a single, integrated numbering system and a topical structure that generally follows the flow of the audit process (“original proposal”).⁴ The proposed reorganization was intended to enhance the usability of the standards, help users navigate the standards more easily (for example, by helping users find the relevant standard for a particular area of the audit), help avoid potential confusion between the Board’s standards and the standards of the International Auditing and Assurance Standards Board (“IAASB”) or the ASB, and provide a structure for updating

² See *Establishment of Interim Professional Auditing Standards*, PCAOB Release No. 2003–006 (Apr. 18, 2003) (adopting Rule 3200T, *Interim Auditing Standards*).

³ Since 2003, the ASB has modified the organizational structure of its standards as part of its Clarity Project.

PCAOB standards in the future. The original proposal also included amendments to rescind certain interim auditing standards that the Board believed were no longer necessary.

In May 2014, the Board issued a supplemental request for comment ("supplemental request") on the original proposal.⁵ The supplemental request included proposed line-by-line amendments to PCAOB auditing standards and rules necessary to implement the proposed reorganization, along with certain changes to the reorganization as presented in the original proposal.⁶ The supplemental request also reopened the comment period on the original proposal to seek further comment on matters discussed in the original proposal, as well as on the implementing amendments in the supplemental request.

The Reorganization

After considering the suggestions from commenters on the original proposal and supplemental request, the Board is adopting amendments to reorganize the standards substantially as proposed, with some refinements as described below.

Under the reorganization, the individual standards will be grouped into the following topical categories:

- *General Auditing Standards*—Standards on broad auditing principles, concepts, activities, and communications;
- *Audit Procedures*—Standards for planning and performing audit procedures and for obtaining audit evidence;
- *Auditor Reporting*—Standards for auditors' reports;
- *Matters Relating to Filings Under Federal Securities Laws*—Standards on certain auditor responsibilities relating to SEC filings for securities offerings and reviews of interim financial information; and
- *Other Matters Associated with Audits*—Standards for other work performed in conjunction with an audit of an issuer or of a broker or dealer.

Within each category are subcategories to further organize similar topics, such as standards related to

auditor communications in the "General Auditing Standards" category. This section includes an illustration of the reorganization, including the categories and subcategories for PCAOB auditing standards. The integrated referencing system uses an "AS" prefix to identify the auditing standards, which is consistent with common practice for describing standards issued by the Board (for example, "AS No. 7" for the standard on engagement quality review).

Each standard is assigned a unique section number, based on a four-digit numbering system.⁷ Using a four-digit system facilitates the grouping of auditing standards into logical categories and subcategories by topic and avoids potential confusion with the standards of the IAASB or the ASB.⁸

The topical organization also provides a structure for future updates to PCAOB auditing standards. For example, future auditing standards will be issued as new or replacement sections and paragraphs within the new structure.

Changes to PCAOB Standards and Rules

Item I presents the amendments to PCAOB standards and rules to implement the reorganization of the PCAOB's auditing standards and other related amendments. These amendments are technical changes that include rescinding certain interim auditing standards that the Board believes are no longer necessary and eliminating certain inoperative language or references. The changes do not impose new requirements on auditors or change the substance of the requirements for performing and reporting on audits under PCAOB standards.

Changes to PCAOB Standards

The amendments primarily update section numbers, update cross-references among standards using a new numbering system, and change the titles of certain standards, as described below. For example, for AU sec. 324, *Service*

Organizations, the amendments replace "AU sec." with "AS" and "324" with "2601." The title of this standard is changed to "Consideration of an Entity's Use of a Service Organization." As described above, the paragraph numbers within the standard remain the same. For example, AU sec. 324.05 becomes AS 2601.05.

Other amendments rescind certain interim standards and remove or update certain terms and phrases in the standards, such as references to generally accepted auditing standards ("GAAS"). Those changes are discussed in the following paragraphs.

Interim Auditing Standards To Be Rescinded

As proposed, the Board is rescinding the following interim standards:⁹

- AU sec. 150, *Generally Accepted Auditing Standards*
- AU sec. 201, *Nature of the General Standards*
- AU sec. 410, *Adherence to Generally Accepted Accounting Principles*
- AU sec. 532, *Restricting the Use of an Auditor's Report*
- AU sec. 901, *Public Warehouses—Controls and Auditing Procedures for Goods Held*

Interpretive Publications

Among other things, AU sec. 150 described the auditor's responsibilities regarding interpretive publications, which consist of auditing interpretations of the interim auditing standards, appendices to the interim auditing standards, auditing guidance included in AICPA Audit and Accounting Guides, and AICPA auditing Statements of Position.¹⁰

The Board proposed to retain almost all¹¹ of the AICPA auditing interpretations and to present the auditing interpretations separately from the auditing standards on the Board's

⁹ The original proposal also discussed why the Board proposed to rescind the standards and why AU sec. 534, *Reporting on Financial Statements Prepared for Use in Other Countries*, would not appear in the reorganized PCAOB auditing standards.

¹⁰ See AU sec. 150.06. Pursuant to PCAOB Rule 3200T, the auditor's responsibilities regarding interpretive publications relate to the publications described in AU sec. 150.06 that were in existence as of April 16, 2003, to the extent not amended or superseded by the Board.

¹¹ As discussed in the original proposal, the Board proposed to not retain auditing interpretations related to standards that will not be in the reorganization, specifically, the interpretations of AU sec. 410 and AU sec. 534. Also, the Board proposed to remove interpretation 16 (paragraphs .76–.84) of AU sec. 9508, *Reports on Audited Financial Statements: Auditing Interpretations of Section 508*, which does not relate to audits of issuers, brokers, or dealers.

⁵ See *Supplemental Request for Comment: Proposed Framework for Reorganization of PCAOB Auditing Standards and Related Amendments to PCAOB Auditing Standards and Rules*, PCAOB Release 2014-001 (May 7, 2014).

⁶ At the same time, the Board released on its Web site an online demonstration version that presented the existing auditing standards as they would look if reorganized according to the proposed reorganization. The demonstration version of the reorganized auditing standards can be accessed at <http://pcaobus.org/Rules/Rulemaking/Pages/Docket040.aspx>.

⁷ Each standard retains its current paragraph numbers, but the paragraph number format of the standards issued by the Board has been changed to match the format of the paragraph numbers of its other auditing standards. Each paragraph is numbered ".01," ".02," etc. For example, the reference for the first paragraph of the standard on audit planning will be "AS 2101.01."

⁸ After the Board adopted the standards issued by the ASB, the ASB undertook a project to clarify its auditing standards that resulted in, among other things, a renumbering and reorganization of their standards. Consequently, the PCAOB's interim auditing standard AU section ("sec.") 230, *Due Professional Care in the Performance of Work*, for example, described the auditor's responsibility for applying due professional care in planning and performing audits, whereas the ASB standard with the same number now relates to audit documentation.

Web site in a manner similar to PCAOB guidance. As discussed in the supplemental request, the proposed amendments numbered the interpretations consecutively using a two-digit section number that followed an "AI" prefix and used title language in the form of "Auditing Interpretations of AS xxxx." The auditing interpretations will be presented on the guidance page of the Board's Web site, consistent with their presentation in the online demonstration version that accompanied the supplemental request. Because the Board proposed to retain the auditing interpretations, the Board similarly proposed to retain the existing requirement that auditors be aware of and consider the auditing interpretations.¹²

The Board is adopting the organizational structure and numbering of the auditing interpretations as proposed. The Board also proposed to retain almost all of the appendices¹³ to the interim auditing standards and to continue presenting those appendices together with their related auditing standards in the same manner that the appendices to Board-issued standards are presented.¹⁴ In addition, the Board proposed to retain the American Bar Association's *Statement of Policy Regarding Lawyers' Responses to Auditors' Requests for Information*, currently included as Exhibit II of AU sec. 337, *Inquiry of a Client's Lawyer Concerning Litigation, Claims, and Assessments*.¹⁵ The Board received no specific comments on these matters. The Board is retaining the interim standards' appendices and Exhibit II of AU sec. 337 in the reorganized standards as proposed.

The Board also proposed and is adopting amendments to remove

¹² The Board proposed to add this requirement to AS 1001, *Responsibilities and Functions of the Independent Auditor*.

¹³ The Board proposed to delete the appendices that contain paragraphs .86 and .87 of AU sec. 316, *Consideration of Fraud in a Financial Statement Audit*, which provide amendments to AU sec. 230, *Due Professional Care in the Performance of Work*, and AU sec. 333, *Management Representations*, respectively, because these amendments already are reflected in the standards themselves.

¹⁴ Appendices to Board-issued standards are an integral part of those standards. See *Auditing Standards Related to the Auditor's Assessment of and Response to Risk and Related Amendments to PCAOB Standards*, PCAOB Release No. 2010-004, at A10-3 (August 5, 2010).

¹⁵ The Board also proposed to delete the exhibit that includes AU sec. 316.88 as it provides guidance to management regarding antifraud programs and controls. In addition, the Board proposed to delete Exhibit I of AU sec. 337 because it merely presents excerpts of Financial Accounting Standard Board ("FASB") Statement No. 5, *Accounting for Contingencies*, which are set forth in the FASB's Accounting Standards Codification.

references to AICPA Audit and Accounting Guides and AICPA auditing Statements of Position because the guides referenced in PCAOB standards are outdated.¹⁶

Other Changes to PCAOB Standards

In the supplemental request, the Board proposed amendments to replace references to GAAS throughout the auditing standards with references to the standards of the PCAOB or PCAOB auditing standards and, accordingly, to supersede Auditing Standard No. 1, *References in Auditors' Reports to the Standards of the Public Company Accounting Oversight Board*. Commenters generally supported these changes.

Auditing Standard No. 1 provides that whenever the auditor is required by existing standards to reference GAAS in a report, the auditor must instead refer to "the standards of the Public Company Accounting Oversight Board (United States)." Auditing Standard No. 1 also includes a requirement for the report to include the city and state (or city and country) of the auditor. Because Auditing Standard No. 1 also applies to reports issued in accordance with the PCAOB's attestation standards, the Board proposed similar amendments to update GAAS references and to include the city and state (or city and country) in the interim attestation standards. The Board is adopting the amendments and superseding Auditing Standard No. 1 as proposed.

The Board also proposed to eliminate certain inoperative language in auditing standards and interpretations and to eliminate inoperative references to AICPA standards or rules. For example, the Board proposed to remove references to provisions of the AICPA Code of Professional Conduct or ethics rules that were not adopted as interim standards of the PCAOB and to replace references to AICPA standards with references to PCAOB standards, where appropriate.¹⁷ As part of this effort the Board also proposed to remove

¹⁶ AICPA Audit and Accounting Guides and auditing Statements of Position referenced in PCAOB standards are the editions of those publications as in existence on April 16, 2003.

¹⁷ For example, the Board proposed to delete from AS 1005, *Independence*, and AS 2605, *Consideration of the Internal Audit Function*, references to AICPA independence requirements that were never adopted by the Board. Similar types of changes were made to AS 2705, *Required Supplementary Information*, AS 6101, *Letters for Underwriters and Certain Other Requesting Parties*, AS 6105, *Reports on the Application of Accounting Principles*, AI 24, *Special Reports: Auditing Interpretations of AS 3305*, and AI 25, *Association with Financial Statements: Auditing Interpretations of AS 3320*.

references to superseded standards.¹⁸ The Board is adopting the amendments as proposed except for the proposed amendments to interpretation 4 of AT sec. 9101, *Attest Engagements: Attest Engagements Interpretations of Section 101*, which addresses letters to regulators when they request access to or copies of attestation documentation. This interpretation includes illustrative letters preceded by introductory paragraphs that discuss the use of such letters. The introductory paragraphs include a reference to a superseded auditing standard and auditing interpretation. The proposed amendments would have removed the introductory paragraphs, leaving only the illustrative letters to this interpretation. Commenters stated that the introductory paragraphs are necessary to provide context to the illustrative letters. The Board has revised the amendments to include a paragraph that introduces the illustrative letters while eliminating the superseded references.

Changes to PCAOB Rules

In conjunction with the reorganization of PCAOB auditing standards, the Board proposed to amend PCAOB Rule 3200T, which requires auditors to comply with the Board's interim auditing standards, to remove (i) the reference to AU sec. 150, which, as discussed above, would not be included in the reorganized standards, and (ii) terms such as "interim auditing standards" and "generally accepted auditing standards." Those terms are not relevant under the proposed reorganization and could be confusing to some users of the standards. In addition, the Board would make the rule a permanent rule rather than a temporary rule and, therefore, would remove the word "Interim" from the title of the rule.¹⁹ The amended rule, as proposed, would require compliance with all PCAOB auditing standards.

¹⁸ For example, the Board proposed to remove references to superseded standards in AS 3305, *Special Reports*, AS 4105, *Reviews of Interim Financial Information*, AI 10, *Part of the Audit Performed by Other Independent Auditors: Auditing Interpretations of AS 1205*, AI 23, *Reports on Audited Financial Statements: Auditing Interpretations of AS 3101*, AI 24, *Special Reports: Auditing Interpretations of AS 3305*, AT Section 701, *Management's Discussion and Analysis*, AT Section 9101, *Attest Engagements: Attest Engagements Interpretations of Section 101*, and ET Section 101, *Independence*.

¹⁹ The Board also proposed a conforming amendment to Rule 3101, *Certain Terms Used in Auditing and Related Professional Practice Standards*, as described in Item I. The Board received no comments on that amendment and is adopting it as proposed. The amendment does not change the meaning or scope of that rule.

The Board received no comments on the proposed amendments to Rule 3200T and is adopting them as proposed. These changes do not modify the auditor's existing responsibilities for complying with PCAOB auditing standards. Instead, the changes update Rule 3200T so that it describes, in one rule, the auditor's responsibilities for complying with all of the auditing standards included in the reorganization—those that the Board adopted as interim standards in 2003 and those that the Board has adopted since.

Additional Amendments for Auditing Standard No. 18

The Board has adopted certain additional amendments beyond those included in the original proposal or supplemental request. Specifically, on June 10, 2014, after the supplemental request, the Board adopted Auditing Standard No. 18, *Related Parties*, amendments to certain PCAOB auditing standards regarding significant unusual transactions, and certain other amendments to PCAOB auditing standards.²⁰ The Board is adopting additional amendments to incorporate Auditing Standard No. 18 and the other amendments into the reorganized auditing standards.²¹ Notably, these amendments, like the other adopted amendments, are technical in nature and do not substantively affect the requirements in PCAOB standards or rules.

Comparison of the Reorganization of PCAOB Auditing Standards to Existing PCAOB Auditing Standards and the Standards of the International Auditing and Assurance Standards Board and Auditing Standards Board

The following presents the adopted reorganization of PCAOB auditing standards ("AS") along with their references in existing PCAOB auditing standards and the analogous standards of the International Auditing and Assurance Standards Board ("IAASB") and the Auditing Standards Board of the American Institute of Certified Public Accountants ("ASB").

³⁵ The responsibilities, functions, training, and proficiency of the independent auditor; independence requirements; exercising due professional care; and audit risk are included in multiple PCAOB standards (AS 1001, 1005, 1010, 1015, and 1101, respectively) but are included in one IAASB standard (ISA 200) and one ASB standard (AU-C 200).

³⁶ The relationship of auditing standards to quality control standards, supervision of the audit engagement, and engagement quality review are covered in separate PCAOB standards (AS 1110, 1201, and 1220, respectively) but are included in one IAASB standard (ISA 220) and one ASB standard (AU-C 220).

³⁷ Under PCAOB standards, agreeing to the terms of an audit and communications with audit committees are covered in one standard, whereas those subjects are covered by separate standards under IAASB standards (ISA 210 and 260, respectively) and ASB standards (AU-C 210 and 260, respectively).

³⁸ The PCAOB has a standard for auditing internal control over financial reporting when auditing financial statements. The IAASB does not have a standard on auditing internal control over financial reporting, and the ASB addresses that subject in its attestation standards (AT 501).

³⁹ Under PCAOB standards, substantive analytical procedures are covered in a separate standard (AS 2305) and analytical procedures performed in the overall review are included in the standard on evaluating audit results (AS 2810), whereas those subjects are both included in one IAASB standard (ISA 520) and one ASB standard (AU-C 520).

⁴⁰ The PCAOB has separate standards for auditing accounting estimates (AS 2501) and auditing fair value measurements and disclosures (AS 2502), whereas the IAASB and ASB standards each have one standard on auditing accounting estimates including fair value estimates and disclosures (ISA 540 and AU-C 540, respectively).

⁴¹ The PCAOB has a separate standard for auditing derivative instruments, hedging activities, and investments in securities (AS 2503). In ASB standards, that subject is included in the standard on specific considerations regarding audit evidence (AU-C 501). The IAASB has a practice note on auditing financial instruments but does not have a standard on the subject.

⁴² The PCAOB has a separate standard on inquiry of a client's lawyers (AS 2505). In IAASB and ASB standards, inquiry of a client's lawyers is included in the standard on specific considerations regarding audit evidence (ISA 501 and AU-C 501, respectively).

⁴³ The PCAOB has a separate standard on auditing inventories (AS 2510). In IAASB and ASB standards, auditing inventories is included in the standard on specific considerations regarding audit evidence (ISA 501 and AU-C 501, respectively).

⁴⁴ In PCAOB standards, the subjects of subsequent events and subsequent discovery of facts existing at the report date are covered by separate standards (AS 2801 and 2905, respectively). In IAASB and ASB standards, those subjects are included in the standard on subsequent events (ISA 560 and AU-C 560, respectively).

⁴⁵ In PCAOB standards, the subject of evaluating audit results is covered in one standard (AS 2810). In IAASB and ASB standards, various topics related to evaluating audit results are covered in multiple standards, particularly, the standards related to the auditor's responsibilities regarding fraud, the auditor's responses to assessed risks, evaluation of misstatements, audit evidence, and analytical

procedures (ISA 240, 330, 450, 500, and 520 and AU-C 240, 330, 450, 500, and 520, respectively).

⁴⁶ The PCAOB has separate standards on the subjects of present fairly in conformity with generally accepted accounting principles (AS 2815) and reporting on audited financial statements, including emphasis paragraphs, departures from the standard opinion, and reporting on comparative statements (AS 3101). In IAASB and ASB standards, the subject of presenting fairly is included in the standard on forming an opinion and reporting on audited financial statements (ISA 700 and AU-C 700, respectively), but there are separate standards for emphasis paragraphs and departures from the standard opinion (ISA 705 and 706, respectively, and AU-C 705 and 706, respectively). In IAASB standards, reporting on comparative financial statements also is covered in a separate standard (ISA 710), whereas that subject is included in the ASB standard on forming an opinion and reporting on audited financial statements (AU-C 700).

⁴⁷ Under PCAOB standards, the subject of dating the independent auditor's report is covered in a single standard (AS 3110). Under IAASB and ASB standards, the standard requirement for dating the auditor's report is covered in the reporting standard (ISA 700 and AU-C 700, respectively), and the subject of dating the auditor's report when there is a subsequent discovery of facts is covered in the subsequent events standard (ISA 560 and AU-C 560, respectively).

⁴⁸ Under PCAOB standards, financial statements prepared in accordance with special purpose frameworks and reporting on specified elements, accounts or items of a financial statement are covered in one standard (AS 3305). Under IAASB and ASB standards, those subjects are covered by separate standards (ISA 800 and 805, respectively) and ASB standards (AU-C 800 and 805, respectively). Reporting on compliance with contractual agreements or regulatory requirements in connection with audited financial statements also is covered by the PCAOB standard, whereas that subject is not covered by the IAASB standards and is covered by a separate ASB standard (AU-C 806).

⁴⁹ Under PCAOB standards, the subject of reporting on financial statements prepared in

That subject is covered in the IAASB standard on agreeing to the terms of audit engagements (ISA 210) and in the ASB standard on financial statements prepared in accordance with special purpose frameworks (AU-C 800).

⁵⁰In PCAOB standards, the subject of conducting a review of interim financial information is covered in AS 4105. Under IAASB standards, that subject is covered in their review standards (International Standard on Review Engagements 2410). Reviewing interim financial information is covered by the ASB standards in AU-C 930.

The statutory basis for the proposed rules is Title I of the Act.

B. Board's Statement on Burden on Competition

Not applicable. The Board's consideration of the economic impacts of the proposed rules is discussed in section D.

C. Board's Statement on Comments on the Proposed Rules Received From Members, Participants or Others

The Board initially released the proposed rules for public comment on March 26, 2013, in PCAOB Release No. 2013-002. The original proposal was discussed with members of the academic community at the PCAOB's Academic Conference on April 26, 2013 and with the PCAOB's Standing Advisory Group ("SAG") on May 15, 2013. The Board received 19 comment letters on the original proposal.

On May 7, 2014, the Board released a supplemental request for comment on the proposed reorganization in PCAOB Release No. 2014-001. In conjunction with issuing the supplemental request, the Board also released on its website a demonstration version of the reorganized auditing standards to facilitate review and comment on the proposed amendments. The online demonstration version presented the existing auditing standards as they

would look if reorganized according to the proposed amendments included in the supplemental request. The Board received 7 comment letters on the supplemental request.

The Board has carefully considered all comments received. The Board's response to the comments it received and the changes made to the rules in response to the comments received are discussed below.

Comments on the Proposed Approach for Reorganizing PCAOB Auditing Standards

Commenters generally supported the proposed reorganization of PCAOB auditing standards. Commenters that supported the Board's use of a distinguishable organizational structure generally supported the category and subcategory approach to reorganizing the auditing standards and the use of a four-digit numbering system.

The Board has made certain refinements to the reorganization that are consistent with comments received. Those changes include: Moving the subcategory "Auditing Internal Control Over Financial Reporting" and its related standard to follow the subcategory "Audit Planning and Risk Assessment";⁵¹ moving Auditing

⁵¹ The illustration of the reorganized auditing standards presented above reflects the movement of the subcategory "Auditing Internal Control Over Financial Reporting" and its related standard after

Standard No. 4, *Reporting on Whether a Previously Reported Material Weakness Continues to Exist*, to the "Other Matters Associated with Audits" category;⁵² changing the title of existing standard AU sec. 331, *Inventories*, to "Auditing Inventories";⁵³ and expanding the numbering interval between standards to allow more flexibility for future standard setting.⁵⁴

the subcategory "Audit Planning and Risk Assessment."

⁵² The illustration of the reorganized auditing standards presented above reflects the amendments to move this standard to the category "Other Matters Associated with Audits."

⁵³ In addition to this name change, the illustration of the reorganized auditing standards presented above reflects the amendments to change the auditing standard titles to make them more consistent in style with other standards or to clarify the subject of the standard. These changes include: (i) Renaming subcategory 2700 as "Auditor's Responsibilities Regarding Supplemental and Other Information" (from "Auditor's Responsibilities Regarding Supplementary and Other Information") to be consistent with the title of AS 2701, *Auditing Supplemental Information Accompanying Audited Financial Statements*, and (ii) changing the reference number of AS 3105, *Dating of the Independent Auditor's Report*, to AS 3110 to make room if the proposed auditing standard, *The Auditor's Report on an Audit of Financial Statements When the Auditor Expresses an Unqualified Opinion*, is adopted by the Board.

⁵⁴ The supplemental request included a refinement to generally expand the numbering interval within the subcategories from a four-digit number structure using consecutive numbering to using increments of five. This change allows for more flexibility for future standards. However, the

Some commenters suggested other changes to certain categories and subcategories. For example, some commenters suggested renaming subcategory 2200 “Audit Procedures in Response to Risks—Nature, Timing, and Extent” as “Audit Evidence” and eliminating subcategories 2300 (“Audit Procedures for Specific Aspects of the Audit”) and 2400 (“Audit Procedures for Certain Accounts or Disclosures”). Those commenters also suggested moving the auditing standards under those subcategories into the retitled subcategory because such standards relate to obtaining audit evidence. However, those commenters did not suggest moving other standards that also involve obtaining audit evidence, such as the standard on identifying and assessing risks. Revising the titles of certain categories and subcategories to be more general, thereby encompassing more standards, would make the reorganized standards more difficult to navigate and would not follow the audit process as closely as the proposed reorganization. Therefore these changes were not made.

The Board also received comments that suggested moving individual standards to different categories. Some commenters suggested moving AU sec. 336, *Using the Work of a Specialist*, and AU sec. 543, *Part of Audit Performed by Other Independent Auditors*, from the “General Auditing Standards” category to the “Audit Procedures” category as these standards include specific auditing procedures. Another commenter suggested keeping these standards within the general category but moving them into a new subcategory titled “Using the Work of Others.” These changes were not made. These standards were intentionally placed near Auditing Standard No. 10, *Supervision of the Audit Engagement*, because, in certain situations, other auditors and auditors’ specialists already are required to be supervised pursuant to that supervision standard. Also, some commenters suggested moving one or more of the following standards from the “Audit Procedures” category to the “Auditor Reporting” category as these standards include

amendments do not change the intervals between AS 2501, *Auditing Accounting Estimates*, AS 2502, *Auditing Fair Value Measurements and Disclosures*, and AS 2503, *Auditing Derivative Instruments, Hedging Activities, and Investments in Securities*, as the Board has a standard-setting project that is, among other things, considering a combined standard to include the topics addressed by these standards. As part of that project, the Board will decide which topics, if any, to combine, which topics will be maintained as separate standards, and whether the numbering of these standards should be modified.

aspects related to reporting on the financial statements: (i) Auditing Standard No. 17, *Auditing Supplemental Information Accompanying Audited Financial Statements*; (ii) AU sec. 558, *Required Supplementary Information*; and (iii) Auditing Standard No. 6, *Evaluating Consistency of Financial Statements*. However, moving these standards to the reporting section of the reorganization might lead auditors to overlook performance requirements in those standards. Thus, those three standards remain in the “Audit Procedures” category.

Comments on Rescinding Certain Interim Auditing Standards

Some commenters suggested retaining AU sec. 532, noting that auditors sometimes need to restrict the use of their reports, and expressed a concern that rescinding AU sec. 532 might be perceived as precluding auditors from restricting the use of those reports. The commenters cited examples of specific situations in which the use of audit reports should be restricted and indicated that auditors look to AU sec. 532 for the applicable reporting language. The Board observed that the examples cited by the commenters related to situations that were already addressed by other PCAOB standards or rules.⁵⁵ Accordingly, retaining AU sec. 532 is unnecessary in those situations.

Commenters also cited Auditing Standard No. 16, *Communications with Audit Committees*, but that standard, by its terms, does not require the auditor to restrict the use of audit committee communications. Since the comments received did not identify a specific need for retaining AU sec. 532, the Board asked in the supplemental request for examples of situations that support keeping this standard.

Some commenters also raised questions regarding restricting the use of audit committee communications under Auditing Standard No. 16. Specifically, commenters observed that footnote 41 of Auditing Standard No. 16 cites AU sec. 532 and that AU sec. 532, as amended, lists audit committee communications

⁵⁵ Specifically, commenters cited situations covered by AU sec. 325, *Communications About Control Deficiencies in an Audit of Financial Statements*, and AU sec. 623, *Special Reports*, which address use restrictions in those situations. One commenter identified PCAOB Rule 3524, *Audit Committee Pre-approval of Certain Tax Services*, Rule 3525, *Audit Committee Pre-approval of Non-audit Services Related to Internal Control Over Financial Reporting*, and Rule 3526, *Communication with Audit Committees Concerning Independence*. That commenter acknowledged, however, that those communications are not reports that are covered by AU sec. 532, which applies to audit reports that are the “by-product” of an audit.

pursuant to Auditing Standard No. 16 as “by-product” reports whose use should be restricted.⁵⁶ However, even in the absence of AU sec. 532, nothing precludes auditors from restricting the use of communications to audit committees under Auditing Standard No. 16.⁵⁷ Therefore, the Board is rescinding AU sec. 532 as proposed.

The Board also received comments about retaining or rescinding other interim auditing standards. One commenter suggested retaining AU sec. 901 and combining it with AU sec. 331, *Inventories*. As discussed in the original proposal, AU sec. 901 reports the conclusions of a 1966 study of the AICPA Committee on Auditing Procedure on the accountability of warehousemen for goods stored in public warehouses. AU sec. 901 is unnecessary because the specific auditing requirements regarding inventory held in public warehouses are set forth in AU sec. 331. Therefore, the Board is rescinding this standard as proposed.

A commenter suggested rescinding AU sec. 625, *Reports on the Application of Accounting Principles*, AU sec. 801, *Compliance Auditing Considerations in Audits of Governmental Entities and Recipients of Governmental Financial Assistance*, and AU sec. 544, *Lack of Conformity with Generally Accepted Accounting Principles*. Another commenter expressed support for retaining AU sec. 625. The Board is not rescinding these standards at this time because they cover situations that may be related to audits of issuers.

Comments on Interpretive Publications

Some commenters suggested that the PCAOB retain the practice of presenting interpretations with the related auditing standards along with adding other Board-issued guidance. Another commenter suggested a numbering convention analogous to the existing auditing interpretations, specifically, using a “9” prefix before the standard number. The Board is adopting the

⁵⁶ See paragraphs .07 and .11 of AU sec. 532. AU sec. 532.07 also listed reports issued pursuant to AU sec. 325 and AU sec. 623 as by-product reports.

⁵⁷ If an auditor decides to restrict the use of certain reports to a company’s audit committee, he or she may consider the direction provided by other standards that address restricting the use of reports, such as AS 1305.06 (formerly AU sec. 325.6). That standard requires that the auditor’s written communication to the audit committee include a statement that the communication is intended solely for the information and use of the board of directors, audit committee, management, and others within the organization. It further provides that when there are requirements established by governmental authorities to furnish such written communications, specific reference to such regulatory authorities may be made.

organizational structure and numbering of the auditing interpretations as proposed. It is important to distinguish standards from auditing interpretations and guidance because, among other reasons, an auditor's responsibility related to auditing standards differs from the auditor's responsibility regarding auditing interpretations and other interpretive publications. The Board is also adopting the numbering convention as presented in the supplemental request. The titles of the interpretations (along with the hyperlinks) identify the corresponding standards, which should help auditors and other users associate the interpretations with their related standards. The Board will continue to assess the need to update the guidance in the auditing interpretations.

The Board proposed to remove from PCAOB auditing standards references to AICPA Audit and Accounting Guides and AICPA auditing Statements of Position. Commenters responded that auditors historically have used audit and accounting guides in their audits of companies in specialized industries, and they offered a variety of suggestions about how the Board should treat them, such as retaining the existing references in PCAOB standards, acknowledging the usefulness of current editions of the guides, or replacing them with the Board's own specialized industry guidance.

The Board is adopting the amendments to remove references to AICPA Audit and Accounting Guides and AICPA auditing Statements of Position because the guides referenced in PCAOB standards are outdated.⁵⁸ While auditors might consider more recent editions of audit and accounting guides or other materials to be useful reference materials—for example, for information about specialized industries—the auditor's responsibility is to comply with PCAOB auditing and related professional practice standards. In connection with its oversight activities, the PCAOB will continue to consider developing guidance on the application of PCAOB standards when the need arises.

Comments on Amendments to Illustrative Auditor's Reports

As described above, the Board proposed amendments to update the illustrative auditor's reports within the interim standards with the requirements in Auditing Standard No. 1 and thus

⁵⁸ AICPA Audit and Accounting Guides and auditing Statements of Position referenced in PCAOB standards are the editions of those publications as in existence on April 16, 2003.

supersede the respective auditing standard. Although the Board received no comments on its proposal to supersede Auditing Standard No. 1, one commenter suggested that the title of illustrative auditor's reports in the PCAOB's standards also be revised to reflect the title used in Auditing Standard No. 1's illustrative reports (that is, change the title of the illustrative reports to "Report of Independent Registered Public Accounting Firm"). The Board is adopting the amendments and superseding Auditing Standard No. 1 as proposed and, as suggested, is adding amendments to change the title of illustrated reports included in the standards. The amendments do not change the requirements for the content of the auditor's report.⁵⁹

Comments on Amendments To Remove References to Superseded Standards

As discussed above, the Board received comments on its amendments to remove references to a superseded auditing standard and auditing interpretation in interpretation 4 of AT sec. 9101, which includes illustrative letters to regulators when they request access to or copies of attestation documentation. Commenters indicated that the proposed amendments caused the interpretation to lack context because the amendments removed the introductory paragraphs to the illustrative letters. Therefore, the amendments as adopted by the Board include a paragraph that introduces the illustrative letters while eliminating the superseded references.

Comments on the Effective Date

The original proposal requested commenters to provide factors the Board should consider in determining the effective date. Factors provided by commenters, among other things, included providing sufficient time for firms to update their methodologies, reference materials, and practice aids and to train staff. One commenter, an accounting firm, also suggested using a single transition date as opposed to a date dependent on the year end of an issuer, broker, or dealer as from that firm's perspective a single date would facilitate a more efficient transition to the reorganization.

After considering the comments received and the timing of the adoption of the reorganization, the Board has determined that the accompanying reorganization and related amendments

⁵⁹ For example, the amendments would not preclude an unregistered firm that applies PCAOB standards from omitting "Registered" from the title of its report.

will be effective, subject to SEC approval, as of December 31, 2016. If the adopted amendments accompanying this release are approved by the SEC, nothing precludes auditors and others from using and referencing the reorganized standards before the effective date, as the amendments do not substantively change the standards' requirements.

Other Comments

The Board received other comments that are not directly related to the amendments. Some comments generally related to possible other enhancements to the Board's standards or the presentation of standards on the PCAOB website, in many cases consistent with potential enhancements discussed in the original proposal and supplemental request. In general, these suggested enhancements involved:

- Updating outdated references to generally accepted accounting principles ("GAAP") within the auditing standards;
- Reorganizing PCAOB guidance into an integrated topical structure;
- Adding links on the website from the auditing standards to related guidance; and
- Adding features to the Board's standards on the website, such as converting cross-references into hyperlinks.

The Board plans to address GAAP references in its standards in the context of future standard-setting activities because updating these references could involve substantive changes to the auditing standards that are outside the near-term scope of this project. Also, the Board plans to consider ways to enhance the usability of PCAOB guidance. Additionally, the Board continues to consider opportunities for improving its website.⁶⁰

The Board also received comments advocating other actions besides reorganizing PCAOB auditing standards as described in the original proposal. For example, some of those commenters suggested full convergence with the IAASB or ASB standards or adopting the standards of the IAASB or ASB and adding incremental requirements for the auditor to perform when conducting an audit of an issuer. As the Board has explained previously:

[B]ecause the Board's standards must be consistent with the Board's statutory mandate, differences will continue to exist

⁶⁰ The Board updates its website to reflect changes to the Board rules and standards that are approved by the SEC. Accordingly, if the amendments are approved by the SEC, the PCAOB would update its website to reflect the auditing standards as reorganized.

between the Board's standards and the standards of the IAASB and ASB *e.g.*, when the Board decides to retain an existing requirement in PCAOB standards that is not included in IAASB or ASB standards. Also, certain differences are often necessary for the Board's standards to be consistent with relevant provisions of the federal securities laws or other existing standards or rules of the Board. Also, the Board's standards-setting activities are informed by and developed to some degree, in response to observations from its oversight activities.⁶¹

Nevertheless, the PCAOB continues to consider carefully the work of the IAASB and ASB in PCAOB standard-setting projects. Additionally, the Board will consider the organization and content of individual standards during the course of future standard-setting projects.

For a discussion on comments received on the cost and benefits of the reorganization, see section D.

D. Economic Considerations and Application to Audits of Emerging Growth Companies

This section discusses economic considerations related to the reorganization, specifically, the need for rulemaking, alternatives considered, description of the baseline, and consideration of benefits and costs. It also discusses considerations related to audits of EGCs and audits of brokers and dealers.

Need for Rulemaking

As discussed in more detail in section A, the reorganization creates a standardized organizational structure of PCAOB auditing standards to enhance the usability of the standards, including helping users navigate the standards more easily. This could help auditors, for example, find more easily the relevant requirements in PCAOB standards for a particular area of the audit, which could facilitate compliance with PCAOB standards.

The reorganization also could help avoid potential confusion between the Board's standards and the recently reorganized standards of the ASB, if the same AU section reference was used for different standards covering different topics.

In addition, the reorganization would provide a structure for updating PCAOB standards in the future.

Commenters generally supported the reorganization of PCAOB auditing standards.

Consideration of Alternatives

In the original proposal, the Board outlined three alternatives to the

proposed approach⁶² for reorganizing the standards:

1. Continue issuing sequentially numbered standards until all of the interim standards are replaced;
2. Retain the organizational structure of the existing interim standards and assign section numbers to Board-issued standards that would fit into the existing organizational structure; or
3. Adopt the organizational structure of another auditing standard setter, such as the IAASB.

The first alternative would eventually result in a single structure and would avoid the potential confusion between PCAOB auditing standards and the standards of other standard setters. However, this alternative would take years for users to receive its benefits, and, under this approach, the standards would be more difficult to navigate than a topical system.

The second alternative would provide little benefit to users because it has few categories and is less intuitive than an organized structure that follows the flow of the audit process. In addition, as the ASB continues to use a three-digit system to reference its standards, the potential for confusion between the standards of the Board and the standards of the AICPA, as previously discussed in section A, would remain.

The third alternative could be confusing to users if PCAOB standards and IAASB standards used the same section numbers for standards that address different topics. Similar issues would arise if the PCAOB adopted the organizational structure of the clarified ASB standards.

Other commenters suggested that the PCAOB collaborate with other standard setters to develop a unified framework for auditing standards or to develop a codification of the auditing standards in a manner similar to the approach taken by the FASB with its accounting standards.⁶³ Another commenter suggested that the Board limit time spent on this project and instead focus its efforts on other matters on the Board's standard-setting agenda. The Board's reorganization of the auditing standards provides immediate benefits to users, such as making standards easier to navigate and establishing a structure for future updates of the standards. Thus, the Board decided to proceed with this project.

As previously discussed, the majority of commenters were in favor of the

Board using a distinguishable organizational structure. Those commenters supported the organization as proposed or offered suggestions to the proposed reorganization such as changes to the titles, categorization, or sequence of existing standards and guidance. The Board has made some refinements to the organizational structure and amendments presented in the original proposal and supplemental request, as discussed above.

Baseline

The existing organizational structure of PCAOB auditing standards is described in section A as consisting of sequentially numbered AS standards and AU sections representing the remaining interim standards that the Board has not superseded. The Board believes this current organizational structure is generally reflected in references made in firm methodologies, commercially published guidance, and other technology tools, and therefore constitutes the baseline against which impacts can be considered.

Consideration of Benefits and Costs

The reorganization of PCAOB auditing standards involves amendments that do not impose additional requirements on auditors or substantively change the requirements of PCAOB standards. Thus, the reorganization is not expected to affect the manner in which audits are performed and reported under PCAOB standards.

As discussed previously, benefits of the reorganization stem from a single, integrated organizational structure for PCAOB auditing standards that is easier for auditors and others to use. Among other things, this could help auditors find more easily the relevant requirements in PCAOB standards for a particular area of the audit, which could facilitate compliance with PCAOB standards. It also could help avoid the potential for confusion between PCAOB standards and ASB standards.

As discussed in the original proposal, the primary incremental costs of the changes related to the reorganization would be costs to registered firms of updating references within firm methodologies, related reference materials, and practice aids to reflect the new citations to PCAOB auditing standards, as well as training on the new organizational structure. The adopted reorganization is likely to have less cost than approaches suggested by some commenters—for example, a unified framework or FASB-like codification—that would involve substantial redrafting of PCAOB

⁶² The Board proposed the approach described in section A because it addresses more fully the reasons for the reorganization.

⁶³ For example, this approach might apply an Area, Topic, Subtopic, and Section structure.

⁶¹ See PCAOB Release 2010-004, at A10-91-A10-92.

auditing standards and therefore the potential for more extensive modifications to registered firms' methodologies and related materials.

Comments on potential benefits and costs of the proposal generally were consistent with these views. Commenters who advocated using the IAASB or ASB organizational structure or working with other standard setters to develop a unified organizational structure cited additional costs associated with supporting compliance with two different sets of auditing standards. However, the costs cited by the commenters stem principally from differences in the standards themselves rather than how they are organized. Furthermore, the reorganization involves changing the titles, categorization, or sequence of existing standards and guidance; it does not create a new set of auditing standards. In addition, reorganizing the standards to make them easier to navigate should help users of the standards compare PCAOB standards to IAASB and ASB standards.

Application to Audits of Emerging Growth Companies

The Board does not anticipate that the preceding economic considerations would be different for audits of EGCs, as defined by the Jumpstart Our Business Startups Act of 2012 ("JOBS Act").⁶⁴

⁶⁴ See Section 101 of the JOBS Act. As of September 30, 2014, based on the PCAOB's research, 1,726 SEC registrants have identified themselves as EGCs in SEC filings. These companies operate in diverse industries with Standard Industrial Classification codes such as pharmaceutical preparations, blank checks, real estate investment trusts, prepackaged software services, business services, metal mining, and computer processing/data preparations services. For EGCs in which audited financial statements were available, those companies reported assets ranging from zero to approximately \$13.0 billion, with an average and median of \$199.0 million and approximately \$2.4 million, respectively. The companies reported revenue ranging from zero to approximately \$993.5 million, with an average and median of \$59.8 million and \$21 thousand, respectively. Approximately 44 percent of the companies were audited by accounting firms that issued audit reports for more than 100 public company audit clients, and the remainder of the companies were audited by firms that issued audit reports for 100 or fewer public company audit clients.

Pursuant to Section 104 of the JOBS Act, any rules adopted by the Board subsequent to April 5, 2012, do not apply to the audits of EGCs (as defined in Section 3(a)(80) of the Exchange Act) unless the SEC "determines that the application of such additional requirements is necessary or appropriate in the public interest, after considering the protection of investors and whether the action will promote efficiency, competition, and capital formation."⁶⁵

As discussed previously, the reorganization of PCAOB auditing standards would involve amendments that do not impose additional requirements on auditors or change substantively the requirements of PCAOB standards. Thus, the reorganization, including the amendments, is not expected to affect the manner in which audits are performed and reported under PCAOB standards, including audits of EGCs. The Board sought comment on the effect, if any, the reorganization would have specifically on audits of EGCs. Commenters indicated that they were not aware of any costs that would be specific to audits of EGCs when compared to costs of non-EGC audits.

Accordingly and pursuant to the above discussion, the PCAOB requests that the Commission determine that it is necessary or appropriate in the public interest, after considering the protection of investors and whether the action will promote efficiency, competition, and capital formation, to apply these amendments to audits of EGCs.

Audits of Brokers and Dealers

Section 982 of the Dodd-Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act")⁶⁶ expanded the authority of the Board to oversee the audits of brokers and dealers that are required under SEC rules. On July 30, 2013, the SEC amended its rules, including SEC Rule 17a-5 under the Exchange Act, to require, among other things, that audits of brokers' and dealers' financial statements and examinations of reports regarding

⁶⁵ See JOBS Act, Public Law 112-106, § 104.

⁶⁶ Public Law 111-203, 124 Stat. 1376 (July 21, 2010).

compliance with SEC requirements be performed in accordance with the standards of the PCAOB, effective for fiscal years ending on or after June 1, 2014.⁶⁷ Commenters agreed with the Board's view that the reorganization is appropriate for all audits, including audits of brokers and dealers.

III. Date of Effectiveness of the Proposed Rules and Timing for Commission Action

Pursuant to Section 19(b)(2)(A)(ii) of the Exchange Act, and based on its determination that an extension of the period set forth in Section 19(b)(2)(A)(i) of the Exchange Act is appropriate in light of the PCAOB's request that the Commission, pursuant to Section 103(a)(3)(C) of the Sarbanes-Oxley Act, determine that the proposed rules apply to audits of emerging growth companies, as defined in Section 3(a)(80) of the Exchange Act, the Commission has determined to extend to September 23, 2015 the date by which the Commission should take action on the proposed rules.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rules are consistent with the requirements of Title I of the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/pcaob.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number PCAOB-2015-01 on the subject line.

Paper Comments

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.
