#### SUPPLEMENTARY INFORMATION:

*Title:* PPQ Form 816, Contract Pilot  
and Aircraft Acceptance.

*OMB Control Number:* 0579-0298.

*Type of Request:* Extension of  
approval of an information collection.

*Abstract:* The Plant Protection Act  
(7 U.S.C. 7701 *et seq.*) authorizes the  
Secretary of Agriculture, either  
independently or in cooperation with  
States, to carry out operations or  
measures to detect, eradicate, suppress,  
control, prevent, or retard the spread of  
plant pests and noxious weeds that are  
new to or not widely distributed within  
the United States. This authority has  
been delegated to the Animal and Plant  
Health Inspection Service (APHIS).

As part of this mission, APHIS' Plant  
Protection and Quarantine (PPQ)  
program responds to introductions of  
plant pests with eradication,  
suppression, or containment through  
various programs in cooperation with  
State departments of agriculture and  
other government agencies. These  
programs may include the aerial  
application of treatments to control  
plant pests.

APHIS contracts for these services,  
and prior to any aerial applications,  
requests certain information from the  
contractors and/or contract pilots to  
ensure that the work will be done  
according to contract specifications.  
Among other things, APHIS asks to see  
the aircraft registration, the aircraft's  
airworthiness certificate, the pilot's  
license, the pilot's medical certification,  
the pilot's proof of flight review, the  
pilot's pesticide applicator's license,  
and the aircraft logbook. APHIS  
transfers information from these  
documents to PPQ Form 816, which is  
then signed by the APHIS official  
collecting the information and the  
contractor or contract pilot, indicating  
acceptance of the pilot and aircraft for  
the job.

We are asking the Office of  
Management and Budget (OMB) to  
approve our use of these information  
collection activities for an additional 3  
years.

The purpose of this notice is to solicit  
comments from the public (as well as  
affected agencies) concerning our  
information collection. These comments  
will help us:

(1) Evaluate whether the collection of  
information is necessary for the proper  
performance of the functions of the  
Agency, including whether the  
information will have practical utility;

(2) Evaluate the accuracy of our  
estimate of the burden of the collection  
of information, including the validity of  
the methodology and assumptions used;

(3) Enhance the quality, utility, and  
clarity of the information to be  
collected; and

(4) Minimize the burden of the  
collection of information on those who  
are to respond, through use, as  
appropriate, of automated, electronic,  
mechanical, and other collection  
technologies; *e.g.*, permitting electronic  
submission of responses.

*Estimate of burden:* The public  
reporting burden for this collection of  
information is estimated to average  
0.267 hours per response.

*Respondents:* Contractors and/or  
contract pilots of aircraft.

*Estimated annual number of  
respondents:* 15.

*Estimated annual number of  
responses per respondent:* 1.

*Estimated annual number of  
responses:* 15.

*Estimated total annual burden on  
respondents:* 4 hours. (Due to averaging,  
the total annual burden hours may not  
equal the product of the annual number  
of responses multiplied by the reporting  
burden per response.)

All responses to this notice will be  
summarized and included in the request  
for OMB approval. All comments will  
also become a matter of public record.

Done in Washington, DC, this 22nd day of  
June 2015.

**Michael C. Gregoire,**

*Acting Administrator, Animal and Plant  
Health Inspection Service.*
