SUPPLEMENTARY INFORMATION:

I. Abstract

This information collection received emergency approval from OMB on December 16, 2014. This approval was good for six months and we are now requesting comments as part of the standard review process.

The Office of Management and Budget (OMB) regulations at 5 CFR part 1320, which implement the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.*, require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)).

Federal land management agencies are authorized to work with volunteers, youth programs, and partner organizations to plan, develop,

maintain, and manage projects and service activities on public lands and adjacent projects throughout the nation. Agencies and partners may recruit, train, and accept the services of volunteers, youth programs, and partners to aid in interpretive functions, visitor services, conservation measures and development, research and development, recreation, and/or other activities in nearly all areas of service. Volunteers, youth programs, and partners can be an efficient, effective, and cost-beneficial use of public resources. The participants of these efforts, especially youth, benefit from skill development and service learning that enhances their capacity to find meaningful employment opportunities and be stewards for public lands.

In order to effectively engage hundreds of thousands of volunteers, youth participants, and partners in meaningful service activities at multiple locations, participating agencies and non-federal organizations, we must collect information from youth program participants and volunteers who are interested in participating, supporting, and managing programs on public lands. The information collected from individuals includes contact information, demographic data including ethnicity and veterans and disability status. Information from partner organizations includes agreement, costs incurred, contact information, IRS status, public financial reports, and supporting documentation such as project completion reports, pictures, and hours contributed.

The information will be collected through a web based platform that consists of seven modules including: The National Park Service (NPS) Volunteer-In-Parks (VIP) Reporting Module, Volunteer Time Tracking Portal, U.S. Fish & Wildlife Service Volunteer Tracker module, Youth Partner Tracking Module, Outreach Recruitment Resume Module, Partnerships Module, and the Cooperating Association Module. The NPS Volunteer-In-Parks (VIP) Reporting Module allows partners to provide information on the annual volunteer efforts they manage independently on behalf of the federal agencies in communities and federal lands through assistance programs. The Volunteer Time Tracking Portal captures the hours and volunteers engaged on public lands for providing America the Beautiful Volunteer Passes for those individuals that have contribute more than 250 hours. The U.S. Fish & Wildlife Service Volunteer Tracker module provides volunteers and volunteer managers in the field the ability to share recruitment,

selection, orientation, project, and recognition information locally and nationally in a friendly web-based format. The Youth Partner Tracking module will collect data from individuals between the ages of 16 and 35 which is considered the eligibility age for youth programs under the 16 U.S.C. 1722 *et. seq.*, Public Lands Corps (PLC) Act and Interior Departmental Secretarial Order 3332. The Outreach-Recruitment Resume Module will collect data provided by citizens, including veterans and youth, seeking employment opportunities at career fairs, outreach events, military programs, and from Public Land Corps participants. The Partnerships Module collects information from various volunteer organizations which are under national agreements to manage services and programs on public lands for citizens and provides an annual summary of their activities. The Cooperating Association Module collects information from not-for-profit public lands partners under national agreements to manage bookstores and sales items with federal agencies.

This request for comments on the information collection is being published by the Office of the Secretary, Department of the Interior and includes the use of common forms that can be leveraged by other Federal Agencies. The burden estimates reflected in this notice is only for the Department of the Interior. Other federal Agencies wishing to use the common forms must submit their own burden estimates and provide notice to the public accordingly.

As required under 5 CFR 1320.8(d), a **Federal Register** notice soliciting comments on the collection of information was published on February 15, 2015, at 80 FR 7627. No comments were received. All written comments, with names and addresses, will be available for public inspection. If you wish us to withhold your personal information, you must prominently state at the beginning of your comment what personal information you want us to withhold. We will honor your request to the extent allowable by law. If you wish to view any comments received, you may do so by scheduling an appointment with the Office of the Secretary at the contact information provided in the **ADDRESSES** section. A valid picture identification is required for entry into the Department of the Interior, 1849 C Street NW., Washington, DC 20240.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.
