### Applicants’ Representations

1. Each Fund is an open-end or closed-end management investment company registered under the Act and is organized as a statutory trust, business trust, or corporation under the laws of Delaware, Maryland, or Massachusetts. The Funds have a variety of investment objectives, but each may invest a portion of its assets in fixed-income securities. The fixed-income securities in which the Funds may invest include, but are not limited to, government securities, municipal securities, tender option bonds, taxable and tax-exempt money market securities, repurchase agreements, asset- and mortgage-backed securities, corporate issues and syndicated loans, as the Funds’ respective investment objectives, policies and restrictions allow.

2. The Advisers are direct or indirect wholly-owned subsidiaries of Federated. Each Adviser is registered as an investment adviser under the Investment Advisers Act of 1940. The Advisers act as investment advisers to the Funds and may supervise one or

<sup>11</sup> 17 CFR 200.30-3(a)(12).

more sub-advisers with respect to certain Funds.

3. Applicants state that, because of consolidation in the financial services industry, combined with an increase in fund industry assets, a few major broker-dealers account for a large percentage of the market share in trading in fixed-income securities. Applicants state that the decline in the number of broker-dealers and banks trading in the fixed-income securities in which the Funds seek to invest and the increasing importance of the few remaining institutions have increased the importance to the Funds of their relationships with such entities. For example, applicants state that, for the period January 1, 2014 through December 31, 2014, there were eighty-six underwriters in the U.S. high yield bond market and that the applicants currently trade with each of the top ten underwriters in this market: JP Morgan, Bank of America Merrill Lynch, Citigroup, Goldman Sachs, Morgan Stanley, Barclays, Wells Fargo, Credit Suisse, RBC and Deutsche Bank. These entities accounted for 80.2% of the market share for this period. The Funds also invest in money market instruments issued by these dealers. For example, during 2014, Federated estimates that Barclays, Deutsche Bank, JP Morgan, HSBC and RBC issued over 9% of the financial commercial paper. In addition, as of January 30, 2015, applicants stated that eleven banks or broker-dealers that were part of Federated's top fifteen dealers in 2014 maintained customer accounts in one or more of the Funds and that the percentage of outstanding voting securities held by each of these entities could rise above 5% of a Fund's outstanding shares at any time. Therefore, applicants state that the Funds are constantly at risk of being prevented from trading with the most significant dealers in the fixed-income markets due to circumstances that they cannot effectively control.

4. Applicants assert that the inability of the Funds to execute Securities Transactions (as defined below) with Affiliated Dealers (defined below) would significantly limit the number of broker-dealers and banks available to the Funds, the universe of underwritings in which the Funds may participate, and the Securities Transactions in which the Funds may engage. Applicants state that the inability to effect Securities Transactions with Affiliated Dealers would impair an Advisers' flexibility in portfolio management and the ability of the Funds to purchase and sell portfolio

securities, to the detriment of their shareholders.

5. Therefore, applicants request the Order pursuant to sections 6(c) and 17(b) of the Act exempting from section 17(a) of the Act<sup>2</sup> Securities Transactions entered into in the ordinary course of business by a Fund with an Affiliated Dealer under the circumstances, terms and conditions set forth in the application. "Securities Transactions" for purposes of the Order are primary and secondary market transactions in fixed-income securities<sup>3</sup> executed on a principal basis between the Funds and Affiliated Dealers. An "Affiliated Dealer" includes any person, or any affiliated person of a person ("second-tier affiliate"), who is an affiliated person of a Fund solely because such person, directly or indirectly, owns, controls or holds with power to vote five percent (5%) or more of the outstanding voting securities of a Fund and such person or affiliated person thereof is a (a) broker-dealer registered under the Securities Exchange Act of 1934 (the "1934 Act") or (b) bank excepted from the definition of broker and dealer pursuant to Sections 3(a)(4)(B) and 3(a)(5)(C) of the 1934 Act and therefore not required to register as a broker or dealer under the 1934 Act.<sup>4</sup> The requested relief would not extend to primary market Securities Transactions in fixed-income securities, other than repurchase agreements and other fixed-income securities that are "Eligible Securities" as defined in rule 2a-7 under the Act, of which the Affiliated Dealer, or any entity controlling, controlled by or under common control with the Affiliated Dealer (such entity, a "Control Affiliate"), is the primary obligor.

6. Applicants state that all Securities Transactions will originate with the purchasing Fund or its Adviser on behalf of the Fund. No Affiliated Dealer will seek to influence the choice of a broker or dealer for any Securities Transaction by a Fund. An Affiliated Dealer's participation in any Securities Transaction will be limited to the normal course of sales activities of the

<sup>2</sup> Applicants are not seeking any relief from section 10(f), 17(d) or 17(e) of the Act or rules 17d-1 and 17e-1 thereunder.

<sup>3</sup> Fixed-income securities for purposes of the Order include interests in syndicated loans, as well as convertible bonds and convertible preferred stock.

<sup>4</sup> No director, officer or employee of the Funds or the Advisers is or will be a director, officer or employee of an Affiliated Dealer. Additionally, the Chairman of the Funds' board of directors or trustees ("Board") is not an interested person of the Funds, as defined in section 2(a)(19) of the Act, and seven of the nine members of the Funds' Board are independent trustees or directors.

same nature that are being carried out during the same period with respect to unaffiliated institutional clients of the Affiliated Dealer.

7. Applicants represent that there is not, and will not be, any express or implied understanding between the Advisers and any Affiliated Dealer that will cause a Fund to enter into Securities Transactions or give preference to the Affiliated Dealer in effecting such transactions between the Funds and the Affiliated Dealer.

#### Applicants' Legal Analysis

1. Section 17(a) of the Act, in relevant part, prohibits an affiliated person of a registered investment company, or an affiliated person of such person, acting as principal, from selling to or purchasing from such company any security or other property and from borrowing money or other property from such company. Section 17(b) of the Act authorizes the Commission to exempt a transaction from section 17(a) of the Act if evidence establishes that the terms of the proposed transaction, including the consideration to be paid or received, are reasonable and fair and do not involve overreaching on the part of any person concerned and the proposed transaction is consistent with the policy of each registered investment company concerned and with the general purposes of the Act.

2. Section 6(c) of the Act, in relevant part, authorizes the Commission to exempt any person or transaction, or any class or classes of persons or transactions, from any provision or provisions of the Act, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

3. Section 2(a)(3) of the Act, in relevant part, defines "affiliated person" of another person to include: (a) Any person directly or indirectly owning, controlling, or holding with power to vote, 5% or more of the outstanding voting securities of such other person; (b) any person 5% or more of whose outstanding voting securities are directly or indirectly owned by, controlled, or held with power to vote, by such person; and (c) any person directly or indirectly controlling, controlled by, or under common control with, such other person.

4. Section 2(a)(9) of the Act, in relevant part, defines "control" as "the power to exercise a controlling influence over the management or policies of a company, unless such power is solely the result of an official

position with such company.” Section 2(a)(9) also provides that any person who owns beneficially, either directly or through one or more controlled companies, more than 25% of the voting securities of a company shall be presumed to control such company, and that any person who does not so own more than 25% of the voting securities of any company shall be presumed not to control such company.

5. Applicants state that if a bank or broker-dealer acquires five percent or more of the outstanding voting securities of a Fund, the bank or broker-dealer would become an affiliated person of the Fund and a second-tier affiliate of the other Funds within the meaning of section 2(a)(3) of the Act (by virtue of the Funds’ being under the common control of the Advisers or common directors or officers).

6. Applicants submit that the primary purpose of section 17(a) is to prevent a person with the power to control or influence a registered investment company from engaging in self-dealing or overreaching, to the detriment of the investment company’s shareholders. Applicants submit that the policies which section 17(a) of the Act was meant to further are not implicated in the context of the requested Order because the Affiliated Dealers are not in a position to cause a Fund to enter into a Securities Transaction or otherwise influence portfolio decisions by the Advisers on behalf of the Funds. Applicants state that, as a result, no Affiliated Dealer is in a position to cause a Fund to enter into Securities Transactions that are not in the best interests of the Fund and its shareholders. Applicants also state that there will be no conflict of interest associated with an Adviser’s decision to engage in a Securities Transaction with an Affiliated Dealer on behalf of a Fund. Applicants further submit that the conditions to the requested Order provide further protections against any possibility of self-dealing or overreaching by the Affiliated Dealers. Therefore, applicants submit that the requested Order satisfies the statutory standards for relief.

#### **Applicants’ Conditions**

Applicants agree that the Order granting the requested relief will be subject to the following conditions:

##### *A. Structural*

1. No Fund will engage in Securities Transactions in reliance on the requested Order with any Affiliated Dealer which controls any Fund, within the meaning of section 2(a)(9) of the Act, or with any Affiliated Dealer that is an

affiliated person of such Affiliated Dealer.

2. An Affiliated Dealer’s participation in any Securities Transaction will be limited to the normal course of sales activities of the same nature that are being carried out during the same period with respect to unaffiliated institutional customers of the Affiliated Dealer. In particular, no Adviser will directly or indirectly consult with any Affiliated Dealer concerning Securities Transactions, or the selection of a broker or dealer for any Securities Transaction placed or to be placed on behalf of a Fund. No Affiliated Dealer will seek to influence the choice of broker or dealer for any Securities Transaction by a Fund.

3. The Compliance Department of the Advisers will prepare guidelines for their respective personnel to make certain that Securities Transactions effected pursuant to the Order comply with its terms and conditions, and that the Advisers maintain an arm’s-length relationship with the Affiliated Dealers. The Compliance Department of the Advisers will monitor periodically the activities of the Advisers to make certain that the terms and conditions of the Order are met.

4. Each Fund’s Board will annually determine whether the level of Securities Transactions executed with Affiliated Dealers is appropriate based upon its review, without limitation, of the following materials to be prepared by the Advisers:

(a) a report on the Affiliated Dealers’ market share in fixed-income securities for the previous twelve (12) months; and  
 (b) a memorandum explaining why continued reliance on the Order is in the best interests of the Funds. Such memorandum will discuss the findings of the Fixed Income Brokerage Practices Committee which reviews broker performance and execution on a quarterly basis. Such memorandum will also include an analysis of the current fixed-income securities markets and such other materials as the Board may request in order to aid it in its review, including, but not limited to, data showing that the exclusion of the Affiliated Dealers would deny the Funds opportunities for investment and improved execution.

Based on such report and memorandum, without limitation, the Board will further, in a separate determination, consider annually whether continued reliance by the Funds on the Order is appropriate for each category of fixed-income securities (such categories to be reasonably defined by the Advisers), as evidenced by the aggregate market share of the

Affiliated Dealers in each such category, among other things.

##### *B. Transactional*

With respect to each Securities Transaction entered into or effected pursuant to the Order:

5. Each Fund’s Board, including a majority of the disinterested Board members (“Necessary Majority”), will approve, and the Fund will implement, procedures governing all Securities Transactions pursuant to the Order and the Fund’s Board will no less frequently than quarterly review all such Securities Transactions and receive and review a report (the “Report”) of those Securities Transactions. The Report will be prepared by the Fund’s Adviser, and reviewed and approved by the Fund’s Chief Compliance Officer, will indicate for each Securities Transaction that the terms and conditions of the Order have been satisfied, and will include a discussion of any significant changes in the volume, type or terms of Securities Transactions between the relevant Fund and the Affiliated Dealer, the reasons for these changes, and a determination that such changes are legitimate.

6. For each Securities Transaction, the Advisers will adhere to a “best execution” standard, will consider only the interests of the Fund, and will not take into account the impact of the Fund’s investment decision on the Affiliated Dealer. Before entering into any Securities Transaction, the Adviser will determine that the transaction is consistent with the investment objectives and policies of the Fund and is in the best interests of the Fund and its shareholders.

7. A primary market Securities Transaction will not involve the purchase of a fixed-income security of which the Affiliated Dealer to the transaction, or one of its Control Affiliates, is the primary obligor, unless the transaction is for repurchase agreements or Eligible Securities, and such Affiliated Dealer, and any of its Control Affiliates, does not hold 5% or more of the outstanding voting securities of a Fund defined as a “Money Market Fund” in the General Instructions to Form N-1A, which holds itself out as a money market fund and meets the maturity, quality, and diversification requirements of rule 2a-7 under the Act.

8. The Advisers to the Funds will maintain a credit committee for Eligible Securities and an execution assessment committee for trading in fixed-income securities. A Fund may purchase from an Affiliated Dealer an Eligible Security for which the Affiliated Dealer or a Control Affiliate is the primary obligor

only if (a) the credit committee has determined that the Affiliated Dealer's or the Control Affiliate's primary obligations, or if the Eligible Security is guaranteed by another entity, the other entity's obligations, present minimal credit risks, as currently required by rule 2a-7(c) under the Act and (b) the execution assessment committee reviews the terms of the purchase at its next regular meeting and addresses any concerns regarding the terms of purchase, including whether the Funds may engage in future Eligible Securities transactions with such Affiliated Dealer. The Advisers' Compliance Department will monitor the meetings of the credit and execution assessment committees and will include the committees' determinations in the Report provided to the Board.

9. Each Fund will (a) for so long as the Order is relied upon, maintain and preserve in an easily accessible place a written copy of the procedures and conditions (and any modifications thereto) that are described herein, and (b) maintain and preserve for a period of not less than six years from the end of the fiscal year in which any Securities Transaction in which the Fund's Adviser knows that both an Affiliated Dealer and the Fund directly or indirectly have an interest occurs, the first two years in an easily accessible place, a written record of each such transaction setting forth a description of the security purchased or sold by the Fund, a description of the Affiliated Dealer's, or the Affiliated Dealer's affiliated person's, interest or role in the transaction, the terms of the transaction, and the information or materials upon which the determination was made that such transaction was made in accordance with the procedures set forth above and conditions in the application.

10. Except as otherwise provided below, before any secondary market principal transaction is entered into between a Fund and an Affiliated Dealer, the Fund's Adviser will obtain a competitive quotation for the same securities (or in the case of securities for which quotations for the same securities are not available, a competitive quotation for Comparable Securities<sup>5</sup>) from at least two dealers that are not affiliated persons of the Affiliated Dealer or the Adviser and that are in a position to quote favorable market

<sup>5</sup> The term "Comparable Securities" refers to securities with substantially identical maturities, credit risk and repayment terms (including floating or fixed-rate coupons, attached options, or any other provisions that affect the expected size or timing of the payments from the securities) as the securities to be purchased or sold.

prices, except that if, after reasonable efforts, quotations are unavailable from two such dealers, only one other competitive quotation is required. For each such transaction, the Adviser will determine, based upon the quotations and such other relevant information (such as available transaction prices and any other information regarding the value of the securities) as is reasonably available to the Adviser, that the price available from the Affiliated Dealer is at least as favorable as that available from other sources.

(a) With respect to each such transaction involving repurchase agreements, a Fund will enter into such agreements only where the Adviser has determined, based upon relevant information reasonably available to the Adviser, that the income to be earned from the repurchase agreement is at least equal to that available from other sources. Before any repurchase agreements are entered into pursuant to the exemption, the Fund or the Adviser will obtain competitive quotations with respect to repurchase agreements comparable to the type of repurchase agreement involved from at least two dealers that are not affiliated persons of the Affiliated Dealer or the Adviser, except that if, after reasonable efforts, quotations are unavailable from two such dealers, only one other competitive quotation is required.

(b) With respect to each such transaction involving variable rate demand notes for which dealer quotes are not ordinarily available, a Fund will only undertake purchases and sales where the Adviser has determined, based on relevant information reasonably available to the Adviser, that the income earned from the variable rate demand note is at least equal to that of variable rate demand notes of comparable quality that are available from other sources.

11. Except as otherwise provided below, with respect to securities offered in a primary market underwritten transaction a Fund will undertake such purchase from the Affiliated Dealer only where the Adviser has determined, based upon relevant information reasonably available to the Adviser, that the securities were purchased at a price that is no more than the price paid by each other purchaser of securities from the Affiliated Dealer or other members of the underwriting syndicate in that offering or in any concurrent offering of the securities, and on the same terms as such other purchasers (except in the case of an offering conducted under the laws of a country other than the United States, for any rights to purchase that

are required by law to be granted to existing securities holders of the issuer).

12. With respect to a primary market transaction in which an Affiliated Dealer offers as principal fixed-income securities on a continuing, rather than a fixed, basis a Fund will enter into such transactions only where the Adviser has determined, based upon relevant information reasonably available to the Adviser, that the yield on such fixed-income securities is at least equal to the yield of Comparable Securities at that time. Before any such fixed-income securities are purchased pursuant to the Order, the Fund or the Adviser will obtain competitive quotations with respect to yields on fixed-income securities comparable to the type of fixed-income securities involved from at least two dealers that are not affiliated persons of the Affiliated Dealer or the Adviser, and that are in a position to quote favorable market yields, except that if, after reasonable efforts, quotations are unavailable from two such dealers, only one other competitive quotation is required.

13. Prior to entering into a Securities Transaction with an Affiliated Dealer, the Fund's Adviser will determine that the Fund needs the ability to transact with the Affiliated Dealer based upon a reasonable determination:

(a) that the Fund could not obtain as favorable an execution for the Security Transaction by trading with an unaffiliated dealer; and

(b) that there is no similar investment opportunity suitable for and more advantageous to the Fund that could be obtained from an unaffiliated dealer.

14. The commission, fee, spread, or other remuneration to be received by an Affiliated Dealer will be reasonable and fair compared to the commission, fee, spread, or other remuneration received by other persons in connection with comparable transactions involving similar securities being purchased and sold during a comparable period of time.

For the Commission, by the Division of Investment Management, under delegated authority.
