The following is a brief overview of the request:

The Authority requests the temporary conversion of approximately 2.88 acres of existing aircraft parking apron space to accommodate vehicular parking during main terminal overflow events for a time period not to exceed 5 years from the date of approval. The conversion would provide for approximately 200 additional parking spaces, and includes temporary perimeter fencing, ingress/egress gates, pavement markings, ticketing and payment stations, paving modifications, and temporary lighting and signage.
