

which the guidance in the regulatory guide would be relevant, absent voluntary action by the licensees to use the guidance to demonstrate compliance with the underlying NRC regulations.

The regulatory guide, if finalized, may be applied to applications for construction permits, operating licenses, design certifications, combined licenses, and license amendments for extended power uprates, any of which are docketed and under review by the NRC as of the date of issuance of the final regulatory guide. If finalized, the regulatory guide may also be applied to applications for construction permits, operating licenses, design certifications, combined licenses, and license amendments for extended power uprates, any of which are submitted after the issuance of the final regulatory guide. Such action would not constitute backfitting as defined in 10 CFR 50.109(a)(1) and is not otherwise inconsistent with the applicable issue finality provisions in 10 CFR part 52 because such applicants and potential applicants are not, with certain exceptions, protected by either the Backfit Rule or any issue finality provisions under part 52. This is because neither the Backfit Rule nor the issue finality provisions under part 52—with certain exclusions discussed below—was intended to apply to every NRC action that substantially changes the expectations of current and future applicants. The exceptions to the general principle are applicable whenever an applicant references a 10 CFR part 52 license (e.g., an early site permit), NRC regulatory approval (e.g., a design certification rule), or both, with specified issue finality provisions. The NRC does not, at this time, intend to impose the positions represented in the regulatory guide, if finalized, in a manner that is inconsistent with any issue finality provisions. If, in the future, the staff seeks to impose a position in the regulatory guide, if finalized, in a manner that does not provide issue finality as described in the applicable issue finality provision, then the staff must address the criteria for avoiding issue finality as described in the applicable issue finality provision.

OVERSEAS PRIVATE INVESTMENT CORPORATION

Submission for OMB Review; Comments Request

AGENCY: Overseas Private Investment Corporation (OPIC).

ACTION: Notice and request for comments.

SUMMARY: Under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35), agencies are required to publish a Notice in the **Federal Register** notifying the public that the agency is modifying an existing information collection for OMB review and approval and requests public review and comment on the submission. Comments are being solicited on the need for the information; the accuracy of OPIC's burden estimate; the quality, practical utility, and clarity of the information to be collected; and ways to minimize reporting the burden, including automated collected techniques and uses of other forms of technology.

The proposed changes to OPIC-248 clarifies existing questions, incorporates sector-specific development impact questions, and eliminates ineffective questions in an effort to harmonize development impact indicators with other Development Finance Institutions ("DFIs"). OPIC is a signatory to a "Memorandum of Understanding" with 25 partnering DFIs to harmonize developmental impact metrics where possible. The goal of this effort is to reduce the burden on clients that seek financing from multiple DFIs and to instill best practices in the collection and the reporting on OPIC's developmental impacts. In order to minimize the reporting burden on respondents, OPIC has designed OPIC-248 as an electronic form that has multiple drop-down options, in which the respondent only responds to questions that are applicable to their investment.

DATES: Comments must be received within sixty (60) calendar days of publication of this Notice.

ADDRESSES: Mail all comments and requests for copies of the subject form to OPIC's Agency Submitting Officer: James Bobbitt, Overseas Private Investment Corporation, 1100 New York Avenue NW., Washington, DC 20527. See **SUPPLEMENTARY INFORMATION** for other information about filing.

FOR FURTHER INFORMATION CONTACT: OPIC Agency Submitting Officer: James Bobbitt, (202) 336-8558.
