**SUPPLEMENTARY INFORMATION:**

**I. General Information**

*A. Does this action apply to me?*

This action applies to generators, transporters, and designated facilities (off-site disposal and commercial storage facilities) managing PCB wastes. Potentially affected categories and entities include, but are not necessarily limited to:

NAICS Description	NAICS Code	Examples of potentially affected entities
Electric Power Distribution .....	22122	Generators of PCB waste.
Transportation and Warehousing .....	48–49	Transportation of PCB waste.
Waste Management and Remediation Services .....	562	Facilities that manage PCB waste.

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this section could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. To determine whether you or your business may be affected by this action, you should carefully examine the applicability provisions in 40 Code of Federal Regulations (CFR) part 761. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under the **FOR FURTHER INFORMATION CONTACT** section of this document.

*B. How can I get copies of this document and other related information?*

The current information is as follows:

- Docket ID No. EPA–HQ–RCRA–2011–0524.
- Federal eRulemaking Portal: <http://www.regulations.gov>.

**II. What does this correction do?**

This technical amendment is being issued to correct the item number reference for the Special Handling Instructions Box in 40 CFR part 761.207(a)(1), (2), and (3). EPA published a document in the **Federal Register** on September 6, 2012 (77 FR 54818), revising Agency regulations. That document incorrectly referenced Item 15 to identify the Special Handling Instructions box on EPA Form 8700–22. This technical amendment is being issued to amend the final rule by

revising § 761.207(a)(1), (2), and (3) to correctly identify the item number as 14.

**III. Why is this correction issued as a final rule?**

Section 553 of the Administrative Procedure Act (APA), 5 U.S.C. 553(b)(3)(B), provides that, when an agency for good cause finds that notice and public procedure are impracticable, unnecessary or contrary to the public interest, the agency may issue a final rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making this technical amendment final without prior proposal and opportunity for comment, because EPA is merely correcting information that was referenced incorrectly in the previously published final rule. EPA

finds that this constitutes good cause under 5 U.S.C. 553(b)(3)(B).

#### IV. Do any of the statutory and executive order reviews apply to this action?

Under Executive Order 12866 (58 FR 51735, October 4, 1993) and Executive Order 13563 (76 FR 3821, January 21, 2011), this action is not a “significant regulatory action” and is therefore not subject to OMB review. Because this action is not subject to notice and comment requirements under the Administrative Procedure Act or any other statute, it is not subject to the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) or Sections 202 and 205 of the Unfunded Mandates Reform Act (2 U.S.C. 1531–1538). In addition, this action does not significantly or uniquely affect small governments. This action does not create new binding legal requirements that substantially and directly affect Tribes under Executive Order 13175 (65 FR 67249, November 9, 2000). This action does not have significant Federalism implications under Executive Order 13132 (64 FR 43255, August 10, 1999). Because this final rule has been exempted from review under Executive Order 12866, this final rule is not subject to Executive Order 13211, entitled Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use (66 FR 28355, May 22, 2001) or Executive Order 13045, entitled Protection of Children from Environmental Health Risks and Safety Risks (62 FR 19885, April 23, 1997). This final rule does not contain any information collections subject to OMB approval under the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 *et seq.*, nor does it require any special considerations under Executive Order 12898, entitled Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (59 FR 7629, February 16, 1994). This action does not involve technical standards; thus, the requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, generally provides that before certain actions may take effect, the agency promulgating the action must submit a report, which includes a copy of the action, to each House of the Congress and to the Comptroller General of the United States. Because this final action does not contain legally binding requirements, it is not subject to the Congressional Review Act

**SUPPLEMENTARY INFORMATION:** GSA published a final rule in the **Federal Register** at 75 FR 72965 on November 29, 2010, to update the FTR by removing the Privately Owned Vehicle (POV) rates from the text of the FTR and instead directing travelers to a Web site (at <http://www.gsa.gov/ftr>) with these rates. Inadvertently, the URL was not for the correct Web page. Therefore, GSA is issuing this amendment correction to the final rule to further amend the FTR by inserting the correct URL.
