Individuals' ability to access and alter records within the system is controlled. All users of the system of records are provided a unique user identification (ID) with personal identifiers. User IDs are consistent with the above referenced role-based access privileges to maintain proper security of law enforcement and any other sensitive information. In concert with access controls, audit trails are used to record user and system activity within the system and its associated applications.

Paper records are maintained in file cabinets which may be locked or in specified areas to which only authorized personnel have access.

Form N-Q; OMB Control No. 3235-0578, SEC File No. 270-519.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("Paperwork Reduction Act"), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Form N-Q (17 CFR 249.332 and 274.130) is a reporting form used by registered management investment companies, other than small business investment companies registered on Form N-5 ("funds"), under Section 30(b) of the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) ("Investment Company Act") and Sections 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). Pursuant to Rule 30b1-5 under the Investment Company Act, funds are required to file quarterly reports with the Commission on Form N-Q not more than 60 days after the close of the first and third quarters of each fiscal year containing their complete portfolio holdings. Additionally, fund management is required to evaluate the effectiveness of the fund's disclosure controls and procedures within the 90-day period prior to the filing of a report on Form N-Q, and such report must also be signed and certified by the fund's principal executive and financial officers.

We estimate that there are 11,348 funds required to file reports on Form N-Q. Based on staff experience and conversations with industry representatives, we estimate that it takes approximately 26 hours per fund to prepare reports on Form N-Q annually. Accordingly, we estimate that the total annual burden associated with Form N-Q is 295,048 hours (26 hours per fund × 11,348 funds) per year.

The estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the cost of Commission rules and forms. The collection of information under Form N-Q is mandatory. The information provided by the form is not kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of

information unless it displays a currently valid control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to amend Chapter VI, Section 5 to extend the Penny Pilot through June 30, 2016 or the date of permanent approval, if earlier, and to change the date when delisted classes may be replaced in the Penny Pilot. The Exchange believes that extending the Penny Pilot will allow for further analysis of the Penny Pilot and a determination of how the program should be structured in the future.

Under the Penny Pilot, the minimum price variation for all participating options classes, except for the Nasdaq-100 Index Tracking Stock ("QQQQ"), the SPDR S&P 500 Exchange Traded Fund ("SPY") and the iShares Russell 2000 Index Fund ("IWM"), is \$0.01 for all quotations in options series that are quoted at less than \$3 per contract and \$0.05 for all quotations in options series that are quoted at \$3 per contract or greater. QQQQ, SPY and IWM are quoted in \$0.01 increments for all options series. The Penny Pilot is currently scheduled to expire on June 30, 2015.
