

document using the "Upload file(s)" field. The GSP Subcommittee prefers that submissions be provided in an attached document. At the beginning of the submission, or on the first page (if an attachment), please note that the submission is in response to this **Federal Register** notice and indicate the specific product(s) that is the subject of the comment and on which of the relevant lists described above, (e.g., List I) it appears. Submissions should not exceed 30 single-spaced, standard letter-size pages in 12-point type, including attachments. Any data attachments to the submission should be included in the same file as the submission itself, and not as separate files.

Each submitter will receive a submission tracking number upon completion of the submissions procedure at <http://www.regulations.gov>. The tracking number will be the submitter's confirmation that the submission was received into <http://www.regulations.gov>. The confirmation should be kept for the submitter's records. USTR is not able to provide technical assistance for the Web site. Documents not submitted in accordance with these instructions may not be considered in this review. If an interested party is unable to provide submissions as requested, please contact the GSP program at USTR to arrange for an alternative method of transmission.

Business Confidential Submissions

An interested party requesting that information contained in a submission be treated as business confidential information must certify that such information is business confidential and would not customarily be released to the public by the submitter. Confidential business information must be clearly designated as such. The submission must be marked "BUSINESS CONFIDENTIAL" at the top and bottom of the cover page and each succeeding page, and the submission should indicate, via brackets, the specific information that is confidential. Additionally, "Business Confidential" must be included in the "Type Comment" field. For any submission containing business confidential information, a non-confidential version must be submitted separately (*i.e.*, not as part of the same submission with the confidential version), indicating where confidential information has been redacted. The non-confidential version will be placed in the docket and open to public inspection.

Public Viewing of Review Submissions

Submissions in response to this notice, except for information granted "business confidential" status under 15 CFR 2003.6, will be available for public viewing pursuant to 15 CFR 2007.6 at <http://www.regulations.gov> upon completion of processing. Such submissions may be viewed by entering the country-specific docket number in the search field at <http://www.regulations.gov>.

William D. Jackson,

Deputy Assistant U.S. Trade Representative for the Generalized System of Preferences, Office of the U.S. Trade Representative.

BILLING CODE 3290-F5-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Office of Commercial Space Transportation; Notice of Availability of the Final Environmental Assessment (Final EA), Finding of No Significant Impact (FONSI), and Record of Decision (ROD) for the Houston Spaceport, City of Houston, Harris County, Texas

AGENCY: Federal Aviation Administration (FAA), Department of Transportation.

ACTION: Notice of Availability of the Final EA and FONSI/ROD.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended (NEPA; 42 United States Code 4321 *et seq.*), Council on Environmental Quality NEPA implementing regulations (40 Code of Federal Regulations parts 1500 to 1508), and FAA Order 1050.1E, Change 1, *Environmental Impacts: Policies and Procedures*, the FAA is announcing the availability of the Final EA and FONSI/ROD for the Houston Spaceport.

FOR FURTHER INFORMATION CONTACT: Mr. Daniel Czelusniak, Office of Commercial Space Transportation, Federal Aviation Administration, 800 Independence Ave. SW., Suite 325, Washington DC 20591; phone (202) 267-5924; or email Daniel.Czelusniak@faa.gov.

SUPPLEMENTARY INFORMATION: The Final EA was prepared to analyze the potential environmental impacts of Houston Airport System's (HAS's) proposal to establish and operate a commercial space launch site at the Ellington Airport (EFD), in Houston, Texas and offer the site to prospective commercial space launch operators for the operation of horizontal take-off and

horizontal landing Concept X and Concept Z reusable launch vehicles (RLVs). To operate a commercial space launch site, HAS must obtain a commercial space launch site operator license from the FAA. Under the Proposed Action addressed in the Final EA, the FAA would: (1) Issue a launch site operator license to HAS for the operation of a commercial space launch site at EFD; (2) issue launch licenses to prospective commercial space launch operators that would allow them to conduct launches of horizontal take-off and horizontal landing Concept X and Concept Z RLVs from EFD, and (3) provide unconditional approval to the Airport Layout Plan (ALP) modifications that reflect the designation of a spaceport boundary and construction of planned spaceport facilities and infrastructure. Proposed launch operations would begin in 2015 and continue through 2019 in accordance with the terms of the launch site operator license. HAS proposes to provide RLV operators the ability to conduct up to 50 launches and landings (or 100 operations) per year, with approximately five percent of the operations expected to occur during night-time hours.

The Final EA addresses the potential environmental impacts of implementing the Proposed Action and the No Action Alternative. Under the No Action Alternative, the FAA would not issue a launch site operator license to HAS, and thus no launch licenses would be issued to individual commercial space launch vehicle operators to operate at EFD. Also, there would be no need to update the EFD ALP, and thus there would be no FAA approval of a revised ALP. Existing operations would continue at EFD, which is currently classified as a general aviation reliever airport.

The environmental impact categories considered in the Final EA include air quality; climate; coastal resources; compatible land use; Department of Transportation Act: Section 4(f); fish, wildlife, and plants; floodplains; hazardous materials, pollution prevention, and solid waste; historical, architectural, archaeological, and cultural resources; light emissions and visual impacts; natural resources and energy supply; noise; socioeconomic, environmental justice, and children's environmental health and safety risks; water quality; and wetlands. The Final EA also considers the potential secondary (induced) impacts and cumulative impacts.

The FAA has posted the Final EA and FONSI/ROD on the FAA Office of Commercial Space Transportation Web site: <http://www.faa.gov/about/>

office_org/headquarters_offices/ast/environmental/nepa_docs/review/operator/.

The FAA published a Notice of Availability (NOA) of the Draft EA in the **Federal Register** on December 31, 2014. The NOA was also published in the Houston Chronicle on January 7, 2015, and in the Bay Area Citizen, Pasadena Citizen, Friendswood Journal, and Pearl Journal on January 8, 2015. An electronic version of the Draft EA was also made available on the FAA Web site. In addition, the FAA printed and mailed a copy of the Draft EA to the following libraries: Clear Lake City-County Freeman Branch Library, Friendswood Public Library, Alvin Library, Hitchcock Public Library, and Reagan County Library. The FAA held an open house public meeting on January 22, 2015 from 5:30 p.m. to 8:30 p.m. at the Space Center Houston, Silvermoon Conference Room. The public comment period ended on January 31, 2015. Public comments on the Draft EA resulted in minor changes to the EA.

Issued in Washington, DC on June 24, 2015.

Daniel Murray,

Manager, Space Transportation Development Division.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Summary Notice No. PE-2015-39]

Petition for Exemption; Summary of Petition Received

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of petition for exemption received.

SUMMARY: This notice contains a summary of a petition seeking relief from specified requirements of Title 14, Code of Federal Regulations (14 CFR). The purpose of this notice is to improve the public's awareness of, and participation in, this aspect of the FAA's regulatory activities. Neither publication of this notice nor the inclusion or omission of information in the summary is intended to affect the legal status of the petition or its final disposition.

DATES: Comments on this petition must identify the petition docket number involved and must be received on or before July 27, 2015.

ADDRESSES: You may send comments identified by docket number FAA-

2014-0661 using any of the following methods:

- **Government-wide rulemaking Web site:** Go to <http://www.regulations.gov> and follow the instructions for sending your comments digitally.

- **Mail:** Send comments to the Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC 20590.

- **Fax:** Fax comments to the Docket Management Facility at 202-493-2251.

- **Hand Delivery:** Bring comments to the Docket Management Facility in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy: We will post all comments we receive, without change, to <http://www.regulations.gov>, including any personal information you provide. Using the search function of our docket Web site, anyone can find and read the comments received into any of our dockets, including the name of the individual sending the comment (or signing the comment for an association, business, labor union, etc.). You may review the DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78).

Docket: To read background documents or comments received, go to <http://www.regulations.gov> at any time or to the Docket Management Facility in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Deana Stedman, ANM-113, Federal Aviation Administration, 1601 Lind Avenue SW., Renton, WA 98057-3356, email deana.stedman@faa.gov, phone (425) 227-2148; or Sandra Long, ARM-200, Office of Rulemaking, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591, email sandra.long@faa.gov, phone (202) 267-4714.

This notice is published pursuant to 14 CFR 11.85.

Issued in Washington, DC, on June 26, 2015.

Brenda D. Cortney,

Acting Director, Office of Rulemaking.

Petition For Exemption

Docket No.: FAA-2014-0661

Petitioner: The Boeing Company
Section of 14 CFR Affected:

14 CFR 25.979(d) and (e)

Description of Relief Sought:

The petitioner requests relief from the use of industry standard pressures for onloads and offloads installations of the 767-2C modified supplemental type certificate (STC) to ensure consistency within the current military fleet. The baseline 767-2C aircraft will be modified to be an in-flight tanker and receiver. The onload and offload installations could experience surge pressures that approach 240 pounds per square inch gage (PSIG). The baseline 767-2C aircraft designed to the maximum burst pressure of 360 PSIG will not meet the regulatory requirement of 2.0 times the ultimate load at maximum pressures, including surge.
