General**

The Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100-503), amended the Privacy Act (5 U.S.C. 552a) by describing the conditions under which computer matching involving the Federal government could be performed and adding certain protections for persons applying for, and receiving, Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for such persons.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with

other Federal, State, or local government records. It requires Federal agencies involved in computer matching programs to:

(1) Negotiate written agreements with the other agency or agencies participating in the matching programs;

(2) Obtain approval of the matching agreement by the Data Integrity Boards of the participating Federal agencies;

(3) Publish notice of the computer matching program in the **Federal Register**;

(4) Furnish detailed reports about matching programs to Congress and OMB;

(5) Notify applicants and beneficiaries that their records are subject to matching; and

(6) Verify match findings before reducing, suspending, terminating, or denying a person's benefits or payments.

B. SSA Computer Matches Subject to the Privacy Act

We have taken action to ensure that all of our computer matching programs comply with the requirements of the Privacy Act, as amended.

B. PURPOSE OF THE MATCHING PROGRAM

The purpose of this matching program is to provide us with VA compensation and pension payment data. This disclosure will provide us with information necessary to verify an individual's self-certification of eligibility for the Extra Help with Medicare Prescription Drug Plan Costs program (Extra Help). It will also enable us to identify individuals who may qualify for Extra Help as part of our Medicare outreach efforts.

C. AUTHORITY FOR CONDUCTING THE MATCHING PROGRAM

The legal authority for VA to disclose information under this agreement is 1631(f) of the Social Security Act (Act) (42 U.S.C. 1383(f)). The legal authorities for us to conduct this computer matching are 1860D-14(a)(3), 1144(a)(1), and 1144(b)(1) of the Act (42 U.S.C. 1395w-114 and 1320b-14).

D. CATEGORIES OF RECORDS AND PERSONS COVERED BY THE MATCHING PROGRAM**1. SYSTEMS OF RECORDS**

VA will provide us with electronic files containing compensation and pension payment data from its system of records (SOR) entitled "Compensation, Pension, Education, and Vocational Rehabilitation and Employment Records-VA" (58VA/21/22/28), republished with updated name at 74 FR 14865 (April 1, 2009) and last amended at 77 FR 42593 (July 19, 2012).

We will match the VA data with our SOR 60-0321, Medicare Database (MDB), last published at 71 FR 42159 (July 25, 2006).

2. NUMBER OF RECORDS

VA's data file will consist of approximately 4.9 million electronic records. Our comparison file contains approximately 90 million records obtained from the MDB. The number of people who apply for Extra Help determines in part the number of records matched.

3. SPECIFIED DATA ELEMENTS

We will conduct the match using the Social Security number, name, date of birth, and VA claim number on both the VA file and the MDB.

4. FREQUENCY OF MATCHING

VA will furnish us with an electronic file containing VA compensation and pension payment data monthly. The actual matching will take place approximately the first week of every month.

SUPPLEMENTARY INFORMATION:

I. Competitive Need Limitations

The GSP program provides for the duty-free importation of designated articles imported from designated beneficiary developing countries (BDCs). The GSP program is authorized by Title V of the Trade Act of 1974 (19 U.S.C. 2461, *et seq.*), as amended (“the

1974 Act”). The GSP program expired on July 31, 2013. GSP was reauthorized on June 29, 2015, by the Trade Preferences Extension Act of 2015. The GSP program is now effective through December 31, 2017, with retroactive effect through July 31, 2013.

Section 503(c)(2)(A) of the 1974 Act sets out the two CNLs. When the President determines that a BDC exported to the United States during a calendar year either: (1) A quantity of a GSP-eligible article having a value in excess of the applicable amount for that year (\$165 million for 2014), or (2) a quantity of a GSP-eligible article having a value equal to or greater than 50 percent of the value of total U.S. imports of the article from all countries (the “50 percent” CNL), the President must terminate GSP duty-free treatment for that article from that BDC by no later than July 1 of the next calendar year, unless a waiver is granted. The Trade Preferences Extension Act of 2015 provides that the applicable deadline for all CNL-related actions based on import data from 2014, will be October 1, 2015.

De minimis waivers: Under section 503(c)(2)(F) of the 1974 Act, the President may waive the 50 percent CNL with respect to an eligible article imported from a BDC if the value of total imports of that article from all countries during the calendar year did not exceed the applicable *de minimis* amount for that year (\$22 million for 2014).

Redesignations: Under section 503(c)(2)(C) of the 1974 Act, if imports of an eligible article from a BDC ceased to receive duty-free treatment due to exceeding a CNL in a prior year, the President may, subject to the considerations in sections 501 and 502 of the 1974 Act, redesignate such an article for duty-free treatment if imports in the most recently completed calendar year did not exceed the CNLs.

CNL waiver revocation: Under Section 503(d)(5) of the 1974 Act, a CNL waiver remains in effect until the President determines that it is no longer warranted due to changed circumstances. Section 503(d)(4)(B)(ii) of the 1974 Act, as amended by Public Law 109-432, also provides that, “[n]ot later than July 1 of each year, the President should revoke any waiver that has then been in effect with respect to an article for five years or more if the beneficiary developing country has exported to the United States (directly or indirectly) during the preceding calendar year a quantity of the article—(I) having an appraised value in excess of 1.5 times the applicable amount set forth in subsection (c)(2)(A)(ii) for that calendar year (\$247.5 million in 2012);

or (II) exceeding 75 percent of the appraised value of the total imports of that article into the United States during that calendar year.”

Pursuant to the Trade Preferences Extension Act of 2015, exclusions from GSP duty-free treatment where CNLs have been exceeded for calendar year 2014 will be effective October 1, 2015, unless granted a waiver by the President. Any CNL-based exclusions, CNL waiver revocations, and decisions with respect to *de minimis* waivers and redesignations will be based on full 2014 calendar year import data.

II. 2014 Import Statistics

In order to provide notice of articles that have exceeded the CNLs for 2014 and to afford an opportunity for comment regarding (1) potential *de minimis* waivers, (2) potential redesignations, and (3) the potential revocation of waivers for articles exceeding the CNL waiver thresholds for 2014, USTR has posted product lists on the USTR Web site at <https://ustr.gov/issue-areas/trade-development/preference-programs/generalized-system-preference-gsp/current-review-0> under the title “GSP: 2014/2015 Limited Product Review.” These lists can also be found at www.regulations.gov in Docket Number USTR-2015-0007. Full 2014 calendar year data for individual tariff subheadings may also be viewed on the Web site of the U.S. International Trade Commission at <http://dataweb.usitc.gov>.

The lists available on the USTR Web site contain, for each article, the Harmonized Tariff System (HTS) of the United States subheading and BDC country of origin, the value of imports of the article from the subject BDC for the 2014 calendar year, and that country’s share of total U.S. imports of that article.

List I on the USTR Web site shows the following two GSP-eligible articles—both from Thailand—that exceeded a CNL in 2014 by having been exported in a quantity equal to or greater than 50 percent of the total U.S. import value, in 2014:

- HTS 2008.19.15—Coconuts otherwise prepared or preserved; and
- HTS 7408.29.10—Copper alloys (other than brass, cupro-nickel or nickel-silver), wire, coated or plated with metal

These products will be removed from eligibility for GSP for the subject countries on October 1, 2015, unless the President grants a waiver for the product for Thailand in response to a petition filed by an interested party.

List II identifies GSP-eligible articles from BDCs that are above the 50 percent

CNL, but that are eligible for a *de minimis* waiver of the 50 percent CNL. Articles eligible for *de minimis* waivers are automatically considered in the GSP annual review process, without the filing of a petition.

List III shows GSP-eligible articles from certain BDCs that are currently not receiving GSP duty-free treatment but that may be considered for GSP redesignation based on 2014 trade data and consideration of certain statutory factors.

List IV shows the following three articles from specified BDCs that are subject to CNL waiver revocation based on the provisions of Section 503(d)(4)(B)(ii) of the 1974 Act, as amended by Public Law 109-432:

- HTS 4412.31.40—(for Indonesia) Certain plywood sheets not over 6 mm thick;
- HTS 7413.00.10—(for Turkey) Certain copper, stranded wire;
- HTS 7413.00.50—(for Turkey) Certain copper cables and plaited bands.

Petitions from interested parties seeking a waiver of the application of CNLs for the two products on List I, and comments from the public in support of or in opposition to CNL waivers, revocations of CNL waivers, and redesignation of products are invited in accordance with the Requirements for Submissions below.

III. Possible Designation of New Products

Pursuant to authority granted to the President in Section 202 of the Trade Preferences Extension Act of 2015 and consistent with USTR's December 2011 announcement of trade initiatives intended to enable least-developed countries to benefit more fully from global trade, five cotton products are being considered for GSP eligibility for LDBDCs at the initiative of USTR. These include:

- HTS 5201.00.18, 5201.00.28, and 5201.00.38—Certain cotton, not carded or combed, of various specified staple lengths
- HTS 5202.99.30—Certain cotton card strips made from cotton waste; and
- HTS 5203.00.30—Certain cotton fibers, carded or combed.

Comments from the public in support of or in opposition to designation of the proposed product additions are invited in accordance with the Requirements for Submissions below.

IV. Petitions and Public Comments

The GSP regulations (15 CFR part 2007) provide the schedule of dates for conducting an annual review unless otherwise specified in a notice

published in the **Federal Register**. The schedule for the 2015 GSP Annual Review will be notified at a later date in the **Federal Register**.

In the interim, and pursuant to Section 203 of the Trade Preferences Extension Act of 2015, the GSP Subcommittee of the TPSC will conduct a limited GSP review encompassing products that, based on full-year 2014 import data, are subject to CNL-related actions, including exclusions, waivers, and revocation of waivers, as well as redesignations. These products appear on Lists I–IV described above. In addition, the review will also consider the designation of the five cotton products mentioned above as eligible for GSP benefits for LDBDCs of the GSP program.

As part of this limited GSP product review, the GSP Subcommittee will accept petitions from interested parties seeking a waiver of the application of CNLs for the two products on List I, described above. The GSP Subcommittee also invites comments in support of or in opposition to: (1) The CNL waiver petitions which it is anticipated will be submitted for the two products on List I; (2) *de minimis* waivers of CNLs (see List II); (3) redesignations of products that were previously excluded from certain countries based on CNLs (see List III); (4) revocation of CNL waivers (see List IV); and (5) the proposed addition to GSP eligibility for LDBDCs only of the five cotton products listed above.

Procedures for submission of both petitions and written comments are described in Section VI below.

V. Notice of Public Hearing

In addition to comments from the public on the matters listed above, the GSP Subcommittee of the TPSC will convene a public hearing at 9:30 a.m. on Tuesday, August 11, 2015, to receive testimony related to (1) the CNL waiver petitions for products on List I, and (2) the proposed designation of the five cotton products. The hearing will not address *de minimis* waivers, product redesignations, or CNL waiver revocations.

The hearing will be held at 1724 F Street NW., Washington, DC 20508 and will be open to the public and to the press. A transcript of the hearing will be made available on <http://www.regulations.gov> within approximately two weeks of the hearing.

All interested parties wishing to make an oral presentation at the hearing must submit, following the "Requirements for Submissions" set out below, the name, address, telephone number, and email address, if available, of the witness(es)

representing their organization by 5 p.m., Friday, July 31, 2015. Requests to present oral testimony must be accompanied by a written brief or summary statement, in English, and also must be received by 5 p.m., Friday, July 31, 2015. Oral testimony before the GSP Subcommittee will be limited to five-minute presentations that summarize or supplement information contained in briefs or statements submitted for the record. Post-hearing briefs or statements will be accepted if they conform with the requirements set out below and are submitted, in English, by 5 p.m., Tuesday, August 18, 2015. Parties not wishing to appear at the public hearing may submit pre-hearing and post-hearing briefs or comments by the aforementioned deadlines.

BILLING CODE 3290-F5-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Office of Commercial Space Transportation; Notice of Availability of the Final Environmental Assessment (Final EA), Finding of No Significant Impact (FONSI), and Record of Decision (ROD) for the Houston Spaceport, City of Houston, Harris County, Texas

AGENCY: Federal Aviation Administration (FAA), Department of Transportation.

ACTION: Notice of Availability of the Final EA and FONSI/ROD.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended (NEPA; 42 United States Code 4321 *et seq.*), Council on Environmental Quality NEPA implementing regulations (40 Code of Federal Regulations parts 1500 to 1508), and FAA Order 1050.1E, Change 1, *Environmental Impacts: Policies and Procedures*, the FAA is announcing the availability of the Final EA and FONSI/ROD for the Houston Spaceport.

FOR FURTHER INFORMATION CONTACT: Mr. Daniel Czelusniak, Office of Commercial Space Transportation, Federal Aviation Administration, 800 Independence Ave. SW., Suite 325, Washington DC 20591; phone (202) 267-5924; or email Daniel.Czelusniak@faa.gov.

SUPPLEMENTARY INFORMATION: The Final EA was prepared to analyze the potential environmental impacts of Houston Airport System's (HAS's) proposal to establish and operate a commercial space launch site at the Ellington Airport (EFD), in Houston, Texas and offer the site to prospective commercial space launch operators for the operation of horizontal take-off and

horizontal landing Concept X and Concept Z reusable launch vehicles (RLVs). To operate a commercial space launch site, HAS must obtain a commercial space launch site operator license from the FAA. Under the Proposed Action addressed in the Final EA, the FAA would: (1) Issue a launch site operator license to HAS for the operation of a commercial space launch site at EFD; (2) issue launch licenses to prospective commercial space launch operators that would allow them to conduct launches of horizontal take-off and horizontal landing Concept X and Concept Z RLVs from EFD, and (3) provide unconditional approval to the Airport Layout Plan (ALP) modifications that reflect the designation of a spaceport boundary and construction of planned spaceport facilities and infrastructure. Proposed launch operations would begin in 2015 and continue through 2019 in accordance with the terms of the launch site operator license. HAS proposes to provide RLV operators the ability to conduct up to 50 launches and landings (or 100 operations) per year, with approximately five percent of the operations expected to occur during night-time hours.

The Final EA addresses the potential environmental impacts of implementing the Proposed Action and the No Action Alternative. Under the No Action Alternative, the FAA would not issue a launch site operator license to HAS, and thus no launch licenses would be issued to individual commercial space launch vehicle operators to operate at EFD. Also, there would be no need to update the EFD ALP, and thus there would be no FAA approval of a revised ALP. Existing operations would continue at EFD, which is currently classified as a general aviation reliever airport.

The environmental impact categories considered in the Final EA include air quality; climate; coastal resources; compatible land use; Department of Transportation Act: Section 4(f); fish, wildlife, and plants; floodplains; hazardous materials, pollution prevention, and solid waste; historical, architectural, archaeological, and cultural resources; light emissions and visual impacts; natural resources and energy supply; noise; socioeconomic, environmental justice, and children's environmental health and safety risks; water quality; and wetlands. The Final EA also considers the potential secondary (induced) impacts and cumulative impacts.

The FAA has posted the Final EA and FONSI/ROD on the FAA Office of Commercial Space Transportation Web site: <http://www.faa.gov/about/>
