SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau conducts the Business and Professional Classification Report survey (SQ-CLASS) to collect information from new businesses to obtain proper industry classification for use in economic surveys and the Economic Census. The survey, conducted quarterly, samples businesses with newly assigned Employer Identification Numbers (EINs) from the Internal Revenue Service (IRS). Businesses can only be selected once for the survey. The survey collects data about a business in such areas as: Primary business activity, company structure, size, and business operations. This information is used to update the sampling frame for current business surveys, which ensures high quality

economic estimates. Additionally, by ensuring proper industry classification, this survey reduces burden for the businesses in the five-year Economic Census, as the questions in the census are tailored to the industry in which the business operates.

The major change in this survey will be the way respondents report their primary business activity. In the past, respondents provided a brief description of their primary business activity. Respondents will now choose the economic sector of their business and then select from a list of business activities. If the respondent does not see their business activity listed, then they will provide a brief description of their business activity. This is the same methodology that the Census Bureau uses in the Economic Census to assign industry classification.

Additionally, there will no longer be a paper form on which to report. Respondents can report over the Internet or by telephone. However, we will work with the individual respondents if reporting on the Internet or by telephone presents difficulties.

Minimal changes will be made to the wording and organization of existing questions and instructions.

II. Method of Collection

We will collect this information over the Internet and by telephone follow-up. Respondents will receive a letter directing them to the Internet to report their information. After two weeks, respondents will receive a reminder letter about the survey. After the due date, the Census Bureau will conduct a telephone follow-up operation for nonresponse. Throughout the survey, telephone assistance is available for respondents with questions and for those that cannot report over the Internet.

Background

On March 2, 2015, the Department published the notice of initiation of the third sunset reviews of the antidumping duty orders on mushrooms from Chile, India, Indonesia and the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).¹ On March 15, 2015, the Department received a Notice of Intent to Participate in these reviews from the following domestic producers of mushrooms: L.K. Bowman Company, a division of Hanover Foods Corporation, Monterey Mushrooms, Inc., and The Mushroom Company (formerly Mushroom Canning Company) (collectively, "the petitioners"), within the deadline specified in 19 CFR 351.218(d)(1)(i). On April 1, 2015, we received a complete substantive response for each review from the petitioners within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).² We received no substantive responses from any respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted expedited (120-day) sunset reviews of these orders.
