[Docket No. RM98-1-000]

Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the

communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable

proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for electronic review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary link. Pesticide Product Registration; Receipt of Applications for New Uses; Correction and Reopening of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; correction and reopening of comment period.

SUMMARY: EPA issued a notice in the **Federal Register** of May 6, 2015, concerning Pesticide Product Registration; Receipt of Applications for New Uses. The notice inadvertently identified the applications listed as being new active ingredients rather than new uses. EPA has received applications to register new uses for pesticide products containing currently registered active ingredients. Pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), EPA is hereby providing notice of receipt and opportunity to comment on these applications.

DATES: Comments, identified by the docket identification (ID) listed in the body of this document, must be received on or before August 7, 2015.

ADDRESSES: Follow the detailed instructions as provided under **ADDRESSES** in the **Federal Register** document of May 6, 2015.

Notice of Receipt of Requests To Voluntarily Cancel Certain Pesticide Registrations and Amend Registrations To Terminate Certain Uses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), EPA is issuing a notice of receipt of requests by the registrants to voluntarily cancel their registrations of certain products containing the pesticides carfentrazone-ethyl, chlorsulfuron, dichlorprop-p, flufenpyr-ethyl, flutolanil, glyphosate, metsulfuron, MGK 264, paraquat dichloride, piperonyl butoxide, propoxur, pyrethrins, quizalofop, thifensulfuron-methyl, and tribenuron-methyl and to amend their malathion, propoxur, and sulfur dioxide product registrations to terminate one or more uses. The requests are to terminate the malathion use in or on cull fruits and vegetable dumps and terminate the sulfur dioxide use in or on grapes. The request would also terminate all indoor aerosol, spray, and liquid formulations of propoxur, terminate its use in food handling establishments, and terminate indoor crack and crevice use. The requests do not seek to cancel the last carfentrazone-ethyl, chlorsulfuron, dichlorprop-p, flutolanil, glyphosate, metsulfuron, MGK 264, paraquat dichloride, piperonyl butoxide, propoxur, pyrethrins, quizalofop, thifensulfuron-methyl, and tribenuron-methyl products registered for use in the United States. The requests, if granted, would terminate the last flufenpyr-ethyl products registered in the United States. EPA intends to grant these requests at the close of the comment period for this announcement unless the Agency receives substantive comments within the comment period that would merit its further review of these requests, or unless the registrants withdraw their requests. If these requests are granted, any sale, distribution, or use of products listed in this notice will be permitted after the affected registrations have been
