G. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act 17 and subparagraph (f)(6) of Rule 19b–4 thereunder. 18

A proposed rule change filed under Rule 19b–4(f)(6) 19 normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b–4(f)(6)(iii) 20 the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requested that the Commission waive the 30-day operative delay. The Exchange noted this proposed rule change merely further delays implementation of a marking requirement with respect to certain orders. The Exchange also previously indicated it would implement the marking requirement by July 6, 2015, which date is less than 30 days from the date of the filing. According to the Exchange, Trading Permit Holders have provided feedback that they will not be in a position to comply with the marking requirement for electronic orders by that date. The Exchange believes the Commission should waive the operative delay to ensure that the Exchange will not be required to implement the marking requirement with respect to those orders prior to Trading Permit Holders having compliant systems ready to apply the marking.

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Delaying the July 1, 2015 implementation date will allow more time for the Exchange and Trading Permit Holders to work together to ensure that Trading Permit Holder have compliant systems. For this reason, the Commission designates the proposed rule change to be operative on July 1, 2015. 21

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
