DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Water Act

On July 8, 2015 the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Wyoming in the lawsuit entitled *United States v. Cottonwood Creek, Inc.*, Civil Action No. 2:15-cv-00108-SWS.

In this matter the United States file a Complaint which alleges violations of sections 301(a) and 311(b)(3) of the Clean Water Act ("CWA"), 33 U.S.C. 1311(a) and 1321(b)(3), arising in part from a March 2010 discharge of approximately 162 barrels of oil into an unnamed tributary of the Nowood River from a leak in a pipeline at Cottonwood Creek, Inc.'s onshore pumping facility located in Big Horn County, Wyoming. The Complaint further alleges that Cottonwood Creek had an inadequate Spill Prevention Control and Countermeasure Plan in violation of CWA section 311(b)(7)(C), 33 U.S.C. 1321(b)(7)(C), and 40 CFR part 112, and also lacked a Facility Response Plan in violation of CWA sections 311(j)(5)(A)(i) and (C)(iv), 33 U.S.C. 1321(j)(5)(A)(i) and (C)(iv), and 40 CFR part 112. The proposed Consent Decree resolves all matters alleged in the Complaint for a civil penalty payment of \$170,000. Cottonwood Creek Inc. no longer owns the facility. Because the cause of the discharge was promptly corrected and the discharge was adequately remediated, and since the Environmental Protection Agency approved a FRP for the facility, no injunctive relief is required under the proposed settlement.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Cottonwood Creek, Inc.*, D.J. Ref. No. 90-5-1-1-11197. All comments must be submitted no later than thirty (30) days after the

publication date of this notice. Comments may be submitted either by email or by mail:

DEPARTMENT OF LABOR

Office of Workers' Compensation Programs

Division of Longshore and Harbor Workers' Compensation Proposed Extension of Existing Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)] This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Office

of Workers' Compensation (OWCP) is soliciting comments concerning the proposed collection: Waiver of Service by Registered or Certified Mail for Employers and/or Insurance Carriers (LS-801) and Waiver of Service by Registered or Certified Mail for Claimants and Authorized Representatives (LS-802). A copy of the proposed information collection request can be obtained by contacting the office listed below in the address section of this Notice.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before September 14, 2015.

ADDRESSES: Ms. Yoon Ferguson, U.S. Department of Labor, 200 Constitution Ave. NW., Room S-3323, Washington, DC 20210, telephone/fax (202) 354-9647, Email ferguson.yoon@dol.gov. Please use only one method of transmission for comments (mail or Email).

SUPPLEMENTARY INFORMATION:

I. Background

The Office of Workers' Compensation Programs (OWCP) administers the Longshore and Harbor Workers' Compensation Act (LHWCA). The Act provides benefits to workers' injured in maritime employment on the navigable waters of the United States or in an adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel. In addition, several acts extend the Longshore Act's coverage to certain other employees.

The Longshore and Harbor Workers' Compensation Act (LHWCA), at 33 U.S.C. 919(e), requires that any order rejecting or making an LHWCA award (the compensation order) be filed in the appropriate district director's office of the Office of Workers' Compensation Programs (OWCP), and that copies be sent by registered or certified mail to the claimant and the employer. The implementing regulations at 20 CFR 702.349(b) allow parties and their representatives to waive certified mail service and consent to electronic service instead. The compensation order notifies Employers/Carriers that payment of LHWCA compensation is due within 10 days of filing. If compensation is not paid within that time frame, an additional 20% in compensation must be paid [see LHWCA § 914(f)].

The information collected will be used by OWCP to more efficiently serve compensation orders by email instead of by registered or certified mail. Form LS-801 will be completed by the employer/

insurance carrier and/or an authorized representative and forwarded to the District Director indicating waiver of service by registered or certified mail and designation of receipt by email instead. The LS-802 will be completed by the claimants and/or an authorized representative and forwarded to the District Director indicating waiver of service by registered or certified mail and designation of receipt by email instead. This information collection is currently approved for use through November 30, 2015.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- * Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- * evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- * enhance the quality, utility and clarity of the information to be collected; and

- * minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

The Department of Labor seeks the extension of approval of this information collection in order to carry out its responsibility to meet the statutory requirements to provide compensation or death benefits under the Act to workers covered by the Act.
