Title: Borrower Investments—Telecommunications Loan Program, 7 CFR 1744, Subpart E.

OMB Control Number: 0572–0098.

Type of Request: Extension of a currently approved collection.

Abstract: The Rural Economic Development Act of 1990, Title XXIII of the Farm Bill, Public Law 101–624, authorized qualified Rural Utilities Service (RUS) borrowers to make investments in rural development projects without the prior approval of the Agency's Administrator provided that such investments do not cause the borrower to exceed its allowable qualified investment level as determined in accordance with the procedures set forth in 7 CFR part 1744, subpart E. When a borrower exceeds these limits, the security for the Government's loans could be in jeopardy. However, in the interest of encouraging rural development, RUS will consider approving such investments that exceed a borrower's qualified investment level. This information collection covers those items that a borrower would need to submit to RUS for consideration of the borrower's request to make such an investment.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1 hour per response.

Respondents: Not for profit institutions; business or other for-profit entities.

Estimated Number of Respondents: 2.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 1 hour.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: July 10, 2015.
