

record demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the predecessor company, the Department may assign the new company the cash deposit rate of its predecessor.⁸ For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix I of this notice.

Initiation and Preliminary Results of the Changed Circumstances Review

Pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(d), the Department will conduct a changed circumstances review (CCR) upon receipt of a request from an interested party or receipt of information concerning an antidumping duty order which shows changed circumstances sufficient to warrant a review of the order. Section 351.221(c)(3)(ii) of the Department's regulations permits the Department to combine the initiation and preliminary results of a CCR if the Department concludes that expedited action is warranted. In this instance, we have information on the record necessary to reach the preliminary results of CCR. As such, we find that expedited action is warranted. Accordingly, we have combined the preliminary results with the initiation.

We preliminarily determine that TPBI is the successor-in-interest to Thai Plastic Bags for the purposes of administering the *Order* and its revocation with respect to Thai Plastic Bags. The Preliminary Decision Memorandum provides a full description of the analysis underlying our conclusions.

Public Comment

Interested parties may submit case briefs no later than 30 days after the date of publication of this notice.⁹ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹⁰ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹¹ Pursuant to 19 CFR

351.310(c), interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce. All documents must be filed electronically using Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).¹² An electronically-filed request must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time, within 30 days after the date of publication of this notice.¹³ Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs.

In accordance with 19 CFR 351.216(e), the Department intends to issue the final results of this changed circumstance review not later than 270 days after the date on which the review is initiated, or within 45 days if all parties agree to our preliminary finding.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(b) and 777(i)(1) of the Act, and 19 CFR 351.216 and 351.221(c)(3)(ii).

Dated: July 14, 2015.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XE012

Fisheries of the South Atlantic; Southeast Data, Assessment and Review (SEDAR); Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 41 Data Workshop II for South Atlantic red snapper and gray triggerfish.

SUMMARY: The SEDAR 41 assessments of the South Atlantic stocks of red snapper (*Lutjanus campechanus*) and gray triggerfish (*Balistes caprisicus*) will consist of: Data Workshops; an Assessment Workshop; and a Review Workshop. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 41 Data Workshop II will be held on August 4, 2015, from 8:30 a.m. until 6 p.m.; August 5, 2015, from 8 a.m. until 6 p.m.; and August 6, 2015, from 8 a.m. until 1 p.m. The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from, or completed prior to the time established by this notice. The Assessment Workshop and Review Workshop dates and times will publish in a subsequent issue in the **Federal Register**. See **SUPPLEMENTARY INFORMATION**.

ADDRESSES: The SEDAR 41 Data Workshop will be held at the Charleston Marriott, 170 Lockwood Boulevard, Charleston, SC 29403; phone: (843) 732-3000.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julia Byrd, SEDAR Coordinator; phone: (843) 571-4366; email: julia.byrd@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three step process including: (1) Data Workshop(s); (2) Assessment Process utilizing workshops and webinars; and

(3) Review Workshop. The product of the Data Workshop(s) is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, the Atlantic and Gulf States Marine Fisheries Commissions and NOAA Fisheries Southeast Regional Office and Southeast Fisheries Science Center. Participants include: data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

An assessment data set and associated documentation will be developed during the Data Workshops. Participants will evaluate available data and select appropriate sources for providing information on life history characteristics, catch statistics, discard estimates, length and age composition, and fishery independent and fishery dependent measures of stock abundance, as specified in the Terms of Reference for the workshop. This workshop will build on the work and decisions made at the 2014 SEDAR 41 Data Workshop.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the SEDAR

office (see **ADDRESSES**) at least 10 business days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 15, 2015.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Record of Decision for the Final NOAA Restoration Center Programmatic Environmental Impact Statement

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability of a Record of Decision.

SUMMARY: The NOAA National Marine Fisheries Service (NMFS) announces the availability of the Record of Decision (ROD) for the Final NOAA Restoration Center Programmatic Environmental Impact Statement. The NMFS Office of Habitat Conservation Director signed the ROD on July 20, 2015, which constitutes the agency's final decision.

ADDRESSES: Frederick C. Sutter, Director, Office of Habitat Conservation, National Oceanic and Atmospheric Administration, 1315 East-West Highway, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT: Melanie Gange, by mail at NOAA Restoration Center/FHC3, 1315 East-West Highway, Silver Spring, MD 20910; or by telephone at 301-427-8664.

SUPPLEMENTARY INFORMATION: The PEIS evaluated broad issues and programmatic-level alternatives (compared to a document for a specific project or action) for future restoration activities to be carried out by NOAA. In addition to providing a programmatic analysis, NOAA intends to use this document to approve future site-specific actions, including grant actions, as long as the activity being proposed is within the range of alternatives and scope of potential environmental consequences described in the PEIS, and does not have significant adverse impacts. Any future site-specific restoration activities proposed by NOAA that are not within

the scope of alternatives or environmental consequences considered in the PEIS will require additional analysis under the National Environmental Policy Act (NEPA).

The ROD documents the decision by NOAA to select and implement the "Current Management" alternative as its preferred alternative. The alternative represents a comprehensive programmatic restoration approach that includes funding or conducting activities such as providing technical assistance; on-the-ground riverine and coastal habitat restoration activities (including but not limited to: Fish passage projects; channel, bank, and floodplain restoration; buffer area and watershed revegetation; salt marsh restoration; oyster restoration; marine debris removal; submerged aquatic vegetation planting; invasive species removal; and coral restoration); and habitat conservation transactions. Because this is a continuation of NOAA Restoration Center's (RC) on-going restoration programs with no change in management direction, it was also considered to be the "No Action" alternative.

The NOAA RC is not soliciting comments on the PEIS but will consider any comments submitted that would assist us in preparing future NEPA documents. An electronic copy of the PEIS is available at: <http://www.restoration.noaa.gov/environmentalcompliance>. Electronic correspondence regarding it can be submitted to rc.compliance@noaa.gov. Otherwise, please submit any written comments via U.S. mail to the responsible official named in the **ADDRESSES** section.

Dated: July 15, 2015.

Frederick C. Sutter,

Director, Office of Habitat Conservation, National Marine Fisheries Service.
