Western Maricopa County, Arizona;  
Notification of Proposed Production  
Activity; The Cookson Company, Inc.  
(Rolling Steel Doors); Goodyear,  
Arizona**

The Cookson Company, Inc. (Cookson) submitted a notification of proposed production activity to the FTZ Board for its facility in Goodyear, Arizona within FTZ 277. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on July 13, 2015.

The Cookson facility is located within Site 11 of FTZ 277. The facility is used for the assembly and production of rolling steel doors. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Cookson from customs duty payments on the foreign status components used in export production. On its domestic sales, Cookson would be able to choose the duty rates during customs entry procedures that apply to rolling steel doors (duty-free) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components and materials sourced from abroad include: hand and roller steel chains; limit switches; single-phase AC electric motors/gear motors; multi-phase AC electric motors/gear motors; steel cranks; motor overload protectors; mounted and unmounted timers for door closure assemblies; power boards; transformers (40VA or greater); electro-mechanical alarm interfaces; fire door testing releases and converter mechanisms; steel door limits; contactors; battery backups; and, steel bolts (duty rate ranges from duty-free to 6.6%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is August 31, 2015.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room

**SUPPLEMENTARY INFORMATION:****Background**

On June 18, 2004, the Department published the *Order* on PRCBs from Thailand.<sup>1</sup> On August 12, 2010, the Department revoked the *Order* on PRCBs from Thailand with respect to PRCBs manufactured and exported by

Thai Plastic Bags as the result of a section 129 proceeding.<sup>2</sup>

On June 4, 2015, TPBI requested that the Department initiate an expedited changed circumstances review to confirm that TPBI is the successor-in-interest to Thai Plastic Bags for purposes of determining antidumping duty liabilities.<sup>3</sup> The petitioner supports TPBI's request for this changed circumstances review.<sup>4</sup> We received no comments opposing TPBI's request.

**Scope of the Order**

The merchandise subject to the order includes PRCBs from the Thailand. PRCBs are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheading 3923.21.0085. Although the HTSUS subheadings are provided for convenience and customs purposes, the written product description is dispositive.<sup>5</sup>

**Methodology**

In making a successor-in-interest determination, the Department typically examines several factors including, but not limited to, changes in: (1) Management; (2) production facilities; (3) supplier relationships; and (4) customer base.<sup>6</sup> While no single factor or combination of factors will necessarily be dispositive, the Department generally will consider the new company to be the successor to the predecessor if the resulting operations of the successor are essentially the same as those of its predecessor.<sup>7</sup> Thus, if the
