Information Collection Request Title: Pregnancy Assistance Fund (PAF) Study Abstract: The Office of Adolescent Health (OAH), U.S. Department of Health and Human Services (HHS) is requesting approval by OMB on a revised data collection. The Pregnancy Assistance Fund (PAF) Study will provide information about program design, implementation, and impacts through a rigorous assessment of program impacts and implementation of

two programs designed to support expectant and parenting teens. These programs are located in Houston, Texas and throughout the state of California. This revision to this information collection request includes the 12-month follow-up survey instrument related to the impact study. The data collected from this instrument in the two study sites will provide a detailed understanding of program impacts about one year after youth are enrolled in the study, at which time they first have access to the programming offered by each site. Clearance is requested for three years.

Need and Proposed Use of the Information: The data will serve two main purposes. First, the data will be used to determine program effectiveness by comparing outcomes on repeat pregnancies, sexual risk behaviors, health and well-being, and parenting behaviors between treatment (program) and control youth. Second, the data will be used to understand whether the programs are more effective for some youth than others. The findings from these analyses of program impacts will be of interest to the general public, to policymakers, and to organizations interested in supporting expectant and parenting teens.

Likely Respondents: 1,913 study participants

AGENCY: Indian Health Service, HHS.
ACTION: Notice and request for comments. Request for extension of approval.

SUMMARY: In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, which requires 60 days for public comment on proposed information collection projects, the Indian Health Service (IHS) invites the general public to take this opportunity to comment on the information collection titled, “Addendum to Declaration for Federal Employment, Child Care and Indian Child Care Worker Positions,” Office of Management and Budget (OMB) Control Number 0917-0028.

This previously approved information collection project was last published in the **Federal Register** (77 FR 52749) on August 30, 2012, and allowed 30 days for public comment. No public comment was received in response to the notice. This notice announces our intent to submit this collection, which expires November 30, 2015, to OMB for

approval of an extension, and to solicit comments on specific aspects for the proposed information collection.

A copy of the supporting statement is available at www.regulations.gov (see Docket ID IHS-2015-0004).

Proposed Collection: Title: Addendum to Declaration for Federal Employment, Child Care and Indian Child Care Worker Positions (OMB No. 0917-0028). **Type of Information Collection Request:** Extension, without revision, of currently approved information collection, 0917-0028, Addendum to Declaration for Federal Employment, Child Care and Indian Child Care Worker Positions. There are no program changes or adjustments in burden hours. **Form(s):** Addendum to Declaration for Federal Employment, Child Care and Indian Child Care Worker Positions. **Need and Use of Information Collection:** This is a request for approval of the collection of information as required by section 408 of the Indian Child Protection and Family Violence Prevention Act, Public Law (Pub. L.) 101-630, 104 Stat. 4544, and 25 United States Code (U.S.C.) 3201-3211.

The IHS is required to compile a list of all authorized positions within the IHS where the duties and responsibilities involve regular contact with, or control over, Indian children; and to conduct an investigation of the character of each individual who is employed, or is being considered for employment in a position having regular contact with, or control over, Indian children [25 U.S.C. 3207(a)(1) and (2)]. Title 25 U.S.C. 3207(b) requires regulations prescribing the minimum standards of character to ensure that none of the individuals appointed to positions involving regular contact with,

or control over, Indian children have been found guilty of, or entered a plea of nolo contendere or guilty to any felonious offense, or any of two or more misdemeanor offenses under Federal, State, or Tribal law involving crimes of violence; sexual assault, molestation, exploitation, contact or prostitution; crimes against persons; or offenses committed against children.

In addition, 42 U.S.C. 13041 requires each agency of the Federal Government, and every facility operated by the Federal Government (or operated under contract with the Federal Government), that hires (or contracts for hire) individuals involved with the provision of child care services to children under the age of 18 to assure that all existing and newly hired employees undergo a criminal history background check. The background investigation is to be initiated through the personnel program of the applicable Federal agency. This section requires employment applications for individuals who are seeking work for an agency of the Federal Government, or for a facility or program operated by (or through contract with) the Federal Government, in positions involved with the provision of child care services to children under the age of 18, to contain a question asking whether the individual has ever been arrested for or charged with a crime involving a child. **Affected Public:** Individuals and households. **Type of Respondents:** Individuals.
