

with the end of the semiannual anniversary month, the Secretary will initiate a NSR in the calendar month immediately following the semiannual anniversary month. Further, 19 CFR 351.214(g)(1)(i)(B) states that if the NSR was initiated in the month immediately following the semiannual anniversary month, the POR will be the six-month period immediately preceding the semiannual anniversary month. Within one year of the date on which its fresh garlic was first entered, Huameng made the request for a NSR that included all documents and information required by the statute and regulations. Its request was filed in May, which is the semiannual anniversary month of the order. Therefore, the POR is November 1, 2014, through April 30, 2015.¹⁰

Initiation of New Shipper Review

Pursuant to section 751(a)(2)(B) of the Act and 19 CFR 351.214(b), and the information on the record, the Department finds that Huameng's request meets the threshold requirements for initiation of a NSR and, therefore, is initiating a NSR of Huameng. The Department intends to issue the preliminary results within 180 days after the date on which this review is initiated and the final results within 90 days after the date on which we issue the preliminary results.¹¹

It is the Department's usual practice in cases involving non-market economies to require that a company seeking to establish eligibility for an antidumping duty rate separate from the country-wide rate (*i.e.*, a separate rate) provide evidence of *de jure* and *de facto* absence of government control over the company's export activities.¹² Accordingly, the Department will issue questionnaires to Huameng that include a separate rate section. The review will proceed if the responses provide sufficient indication that Huameng is not subject to either *de jure* or *de facto* government control with respect to its exports of fresh garlic.

The Department will instruct CBP to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for certain entries of the subject merchandise from Huameng in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e). Specifically, the bonding privilege will only apply to entries of subject merchandise exported and produced by

Huameng, the sales of which are the basis for this NSR request.

Interested parties requiring access to proprietary information in this proceeding should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306.

This initiation and notice are in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

Prestressed Concrete Steel Wire Strand From the People's Republic of China: Final Results of Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On May 1, 2015, the Department of Commerce (the "Department") initiated the first five-year ("sunset") review of the antidumping duty order on prestressed concrete steel wire strand ("PC strand") from the People's Republic of China ("PRC") pursuant to section 751(c) of the Tariff Act of 1930, as amended (the "Act").¹ As a result of this sunset review, the Department finds that revocation of the antidumping duty order on PC strand from the PRC would be likely to lead to continuation or recurrence of dumping at the levels indicated in the "Final Results of Review" section of this notice.

DATES: *Effective Date:* July 21, 2015.

FOR FURTHER INFORMATION CONTACT: Bob Palmer, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-9068.

SUPPLEMENTARY INFORMATION:

Background

On May 1, 2015, the Department published the notice of initiation of the

sunset review of the antidumping duty order on PC strand from the PRC. In accordance with 19 CFR 351.218(d)(1)(i), the Department received notices of intent to participate in these sunset reviews from Insteel Wire Products Company, Sumiden Wire Products Corporation, and WMC Steel, LLC (collectively, "Petitioners") within 15 days after the date of publication of the *Initiation Notice* and the effective date of the initiation of this sunset review.² Petitioners claimed interested party status under section 771(9)(C) of the Act.

On June 1, 2015, the Department received an adequate substantive response from Petitioners within the deadline specified in 19 CFR 351.218(d)(3)(i).³ We received no responses from respondent interested parties. As a result, the Department conducted an expedited (120-day) sunset review of the order, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2).

Analysis of Comments Received

All issues raised in this sunset review are addressed in the "Issues and Decision Memorandum for the Expedited Sunset Review of the Antidumping Duty Order on Prestressed Concrete Steel Wire Strand from the People's Republic of China" from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, dated concurrently with, and hereby adopted by, this notice ("Decision Memorandum"). The issues discussed in the Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the order were to be revoked. Parties may find a complete discussion of all issues raised in the review and the corresponding recommendations in this public memorandum which is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Services System ("ACCESS"). Scope of the Order

The merchandise subject to the antidumping duty order is PC strand, produced from wire of non-stainless, non-galvanized steel, which is suitable for use in prestressed concrete (both pretensioned and post-tensioned) applications. The product definition encompasses covered and uncovered strand and all types, grades, and diameters of PC strand. PC strand is normally sold in the United States in sizes ranging from 0.25 inches to 0.70 inches in diameter. PC strand made from galvanized wire is only excluded from the scope if the zinc and/or zinc oxide coating meets or exceeds the 0.40 oz./ft² standard set forth in ASTM-A-475. Imports of the subject merchandise are currently classifiable under subheadings 7312.10.3010 and 7312.10.3012 of the Harmonized Tariff Schedule of the United States (“HTSUS”). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

Final Results of Review

Pursuant to section 752(c) of the Act, we determine that revocation of the antidumping duty order on PC strand from the PRC would be likely to lead to continuation or recurrence of dumping at weighted-average margins up to 193.55 percent.

Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

AGENCY: Enforcement and Compliance, International Trade Administration, Commerce.

Rescission of Review

the requested review. The Department published the initiation on April 3, 2015.² Petitioner’s withdrawal of its review request for both Daewoo and Samsung was submitted within the 90-day period following the publication of the *Initiation* and, thus, is timely.³ No other party requested an administrative review of this countervailing duty order. Assessment

The Department will instruct U.S. Customs and Border Patrol (CBP) to assess countervailing duties on all appropriate entries. Because the Department is rescinding this review in its entirety, the entries to which this administrative review pertained shall be assessed countervailing duties at rates equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i).
