SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–75469; File No. SR–NYSEARCA–2015–62]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending the NYSE Arca Options Fee Schedule

July 16, 2015.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b–4 thereunder,³ notice is hereby given that, on July 10, 2015, NYSE Arca, Inc. (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE Arca Options Fee Schedule (“Fee Schedule”). The Exchange proposes to implement the fee change effective July 10, 2015. The text of the proposed rule

change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to enhance the application of the Limit of Fees on Firm and Broker Dealer Open Outcry Executions (the “Firm Cap”) to include Qualified Contingent Cross Transactions (“QCCs”).

Currently, the Exchange imposes a Firm Cap of \$100,000 per month on combined Firm Proprietary Fees and Broker Dealer Fees for transactions clearing in the customer range, if executed in open outcry (*i.e.*, Manual Transactions). The Firm Cap excludes Strategy Executions, Royalty Fees, firm trades executed via a Joint Back Office agreement, and Mini option contracts.⁴

To date, fees arising from QCCs have not been included in the Firm Cap because QCCs are not executed in open outcry. Rather, QCCs are executed by the entry of a matched trade into the Exchange System and reported electronically.⁵ Because Firms and Broker Dealers are generally represented on the Floor by Floor Brokers and QCC transactions may be entered into the System from a terminal on the Floor as part of an array of services that a Floor Brokerage operation can offer to clients, the Exchange proposes to include fees

⁴ See Fee Schedule, endnote 9.

⁵ See Rule 6.90. Qualified Contingent Crosses (providing in relevant part that QCCs are “automatically executed upon entry into the NYSE Arca System provided that the execution (i) is not at the same price as a Customer Order in the Consolidated Book and (ii) is at or between the NBBO”). See also Commentary .01 to Rule 6.90 (providing that QCC orders “can be entered into the NYSE Arca System from on the Floor of the Exchange only by Floor Brokers”).

for QCCs executed by Floor Brokers in the aggregation towards the Firm Cap. The Exchange believes this proposed change would encourage Firms and Broker Dealers to direct a greater number of their orders, including QCC orders, to the Trading Floor, given the increased opportunities to achieve the Firm Cap on their monthly transaction fees. For example, if a Broker Dealer achieves the Firm Cap with the inclusion of \$20,000 in QCC fees, the Broker Dealer may be inclined to direct other orders to the Exchange Floor having reached the Firm Cap, which increased liquidity would benefit all market participants. The Exchange notes that competing options exchanges likewise include QCC transactions in monthly fee caps similar to the Firm Cap.⁶

The proposed inclusion of QCC fees in the Firm Cap would not affect the Floor Broker Rebate for Executed Orders, as Floor Brokers would still earn the Rebate even if the fee for the transaction itself is capped.

Consistent with the proposed change, the Exchange proposes to change the name of this fee from “Limit of Fees on Firm and Broker Dealer Open Outcry Executions” to “Firm and Broker Dealer Monthly Fee Cap,” which the Exchange believes would add more clarity and consistency to the fee schedule. Relatedly, the Exchange also proposes to modify the language in the Firm Cap regarding the exclusion of Mini options which erroneously refers to Strategy Executions. Specifically, the Exchange proposes to replace the language “Mini option contracts are excluded from the Limit of Fees on Strategy Executions,” with “Mini option contracts are excluded from the Firm and Broker Dealer Monthly Fee Cap.” The Exchange believes that this change would add clarity and consistency to the Fee Schedule.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Sections

6(b)(4) and (5) of the Act,⁸ in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes the inclusion of the Floor executed QCCs under the Firm Cap is reasonable and not unfairly discriminatory because it would provide additional opportunities for Firms and Broker Dealers to achieve the Firm Cap, which may, in turn, encourage more business, not limited to QCC trades, to be brought to the Floor, which would benefit all market participants. The proposed change is reasonable, equitable and not unfairly discriminatory as the Firm Cap would not be meaningful for Customers or Professional Customers because neither Customers nor Professional Customers pay transaction charges for QCCs. The proposed change is also reasonable, equitable and not unfairly discriminatory towards Market Makers, as Market Makers are generally charged a lower fee for Manual executions, and have alternative avenues to reduce transaction fees.⁹ In addition, the Exchange believes that by including QCCs in the Firm Cap, thereby making the Cap more achievable and encouraging additional order flow not limited to QCCs, Market Makers are provided a greater opportunity to interact with order flow, which, in turn, benefits market participants.

The Exchange also believes that the proposed change is reasonable because several competing options exchanges likewise include QCC transactions in monthly fee caps similar to Firm Cap.¹⁰

The Exchange believes that its proposal to modify the name of this fee, as well as the language regarding the exclusion of Mini options from the Firm Cap to correct the erroneous reference to Strategy Executions, would add clarity and consistency to the Fee Schedule to the benefit of all market participants.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,¹¹ the Exchange does not believe that the proposed rule change will

impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Instead, the Exchange believes that the proposed change would continue to encourage competition, including by attracting a wider variety of business to the Floor of the Exchange, which would continue to make the Exchange a more competitive venue for, among other things, order execution and price discovery. The Exchange believes the proposed fee change would not unduly burden any particular group of market participants trading on the Exchange vis-à-vis another group. Specifically, neither Customers nor Professional Customers are charged for QCC transactions. Moreover, Market Makers are generally charged a lower fee for Manual executions, and have alternative avenues to reduce transaction fees.¹² In addition, the Exchange believes that by including QCCs in the Firm Cap, thereby making the Cap more achievable and encouraging additional order flow not limited to QCCs, Market Makers are provided a greater opportunity to interact with order flow, which, in turn, benefits market participants.

The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and credits to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹³ of the Act and subparagraph (f)(2) of Rule 19b-4¹⁴ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if

If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁵ of the Act to determine whether the proposed rule change should be approved or disapproved.

July 16, 2015.

I. Introduction

On November 14, 2014, Financial Industry Regulatory Authority, Inc. ("FINRA") filed with the Securities and Exchange Commission ("SEC" or "Commission"), pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule to adopt NASD Rule 2711 (Research Analysts and Research Reports) as a FINRA rule, with several modifications, amend NASD Rule 1050 (Registration of Research Analysts) and Incorporated NYSE Rule 344 to create an exception from the research analyst qualification requirement, and renumber NASD Rule 2711 as FINRA Rule 2241 in the consolidated FINRA rulebook. The proposal was published for comment in the **Federal Register** on November 24, 2014.³ The Commission received four comments on the original proposal.⁴ On

On January 6, 2015, FINRA consented to extending the time period for the Commission to either approve or disapprove the proposed rule change, or to institute proceedings to determine whether to approve or disapprove the proposed rule change, to February 20, 2015.

⁴ See Letter from Kevin Zambrowicz, Associate General Counsel & Managing Director and Sean Davy, Managing Director, SIFMA, dated Dec. 15, 2014 ("SIFMA"); Letter from Hugh D. Berkson, President-Elect, Public Investors Arbitration Bar

February 19, 2015, FINRA filed Amendment No. 1 responding to these original comments received to the proposal as well as to propose amendments in response to these comments. The proposal, as amended by Amendment No. 1, was published for comment in the **Federal Register** on March 18, 2015.⁵ On February 20, 2015, the Commission issued an order instituting proceedings pursuant to section 19(b)(2)(B) of the Act⁶ to determine whether to approve or disapprove the proposal. This order was published for comment in the **Federal Register** on February 26, 2015.⁷ The Commission received a further three comments regarding the proceedings or in response to Amendment No. 1,⁸ to which FINRA responded via letter on May 5, 2015.⁹

II. Description of the Proposed Rule Change

As described more fully in the Notice, FINRA proposed to adopt, in the Consolidated FINRA Rulebook, NASD Rule 2711 (Research Analysts and Research Reports), with several modifications, as FINRA Rule 2241. The proposed rule change also would amend NASD Rule 1050 (Registration of Research Analysts) and Incorporated NYSE Rule 344 (Research Analysts and Supervisory Analysts) to create an exception from the research analyst qualification requirements.

FINRA believes that the proposed rule change would retain the core provisions of the current rules, broaden the obligations on members to identify and manage research-related conflicts of interest, restructure the rules to provide some flexibility in compliance without diminishing investor protection, extend
