Notification to Interested Parties

Interested parties must submit applications for disclosure under APO in accordance with 19 CFR 351.305. On January 22, 2008, the Department published *Antidumping and Countervailing Duty Proceedings: Documents Submission Procedures; APO Procedures*, 73 FR 3627 (January 22, 2008). Parties wishing to participate in this investigation should ensure that they meet the requirements of these procedures (e.g., the filing of letters of appearance as discussed in 19 CFR 351.103(d)).

This notice is issued and published pursuant to section 777(i) of the Act.

Dated: July 15, 2015.

Assistant Secretary for Enforcement and Compliance.

Appendix I—Scope of the Investigation

The products subject to this investigation are blended hydrofluorocarbons (HFCs) and single HFC components of those blends thereof, whether or not imported for blending. HFC blends covered by the scope are R-404, a zeotropic mixture consisting of 52 percent 1,1,1-Trifluoroethane, 44 percent Pentafluoroethane, and 4 percent 1,1,1,2-Tetrafluoroethane; R-407A, a zeotropic mixture of 20 percent Difluoromethane, 40 percent Pentafluoroethane, and 40 percent 1,1,1,2-Tetrafluoroethane; R-407C, a zeotropic mixture of 23 percent Difluoromethane, 25 percent Pentafluoroethane, and 52 percent 1,1,1,2-Tetrafluoroethane; R-410A, a zeotropic mixture of 50 percent Difluoromethane and 50 percent Pentafluoroethane; and R-507A, an azeotropic mixture of 50 percent Pentafluoroethane and 50 percent 1,1,1-Trifluoroethane also known as R-507. The foregoing percentages are nominal percentages by weight. Actual percentages of single component refrigerants by weight may vary by plus or minus two percent points from the nominal percentage identified above.⁵⁰

The single component HFCs covered by the scope are R-32, R-125, and R-143a. R-32 or

Difluoromethane has the chemical formula CH_2F_2 , and is registered as CAS No. 75-10-5. It may also be known as HFC-32, FC-32, Freon-32, Methylene difluoride, Methylene fluoride, Carbon fluoride hydride, halocarbon R32, fluorocarbon R32, and UN 3252. R-125 or 1,1,1,2,2-Pentafluoroethane has the chemical formula CF_3CHF_2 and is registered as CAS No. 354-33-6. R-125 may also be known as R-125, HFC-125, Pentafluoroethane, Freon 125, and Fc-125, R-125. R-143a or 1,1,1-Trifluoroethane has the chemical formula CF_3CH_3 and is registered as CAS No. 420-46-2. R-143a may also be known as R-143a, HFC-143a, Methylfluoroform, 1,1,1-Trifluoroform, and UN2035.

Excluded from this investigation are blends of refrigerant chemicals that include products other than HFCs, such as blends including chlorofluorocarbons (CFCs) or hydrochlorofluorocarbons (HCFCs).

Also excluded from this investigation are patented HFC blends, such as ISCEON[®] blends, including MO99[™] (RR-438A), MO79 (R-422A), MO59 (R-417A), MO49Plus[™] (R-437A) and MO29[™] (R-4 22D), and Genetron[®] Performax[™] LT (R-407F).

HFC blends covered by the scope of this investigation are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 3824.78.0000. Single component HFCs are currently classified at subheading 2903.39.2030, HTSUS. Although the HTSUS subheadings and CAS registry numbers are provided for convenience and customs purposes, the written description of the scope is dispositive.

Certain Polyester Staple Fiber From the People's Republic of China: Preliminary Results of the Antidumping Duty Administrative Review; 2013-2014

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the "Department") is conducting an administrative review of the antidumping duty order on certain polyester staple fiber from the People's Republic of China ("PRC"), for the period of review ("POR"), June 1, 2013, to May 31, 2014.

DATES: *Effective date:* July 22, 2015.

FOR FURTHER INFORMATION CONTACT: Javier Barrientos, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW.,

Washington, DC 20230; telephone: (202) 482-2243.

SUPPLEMENTARY INFORMATION

Background

The Department preliminarily determines that Zhaoqing Tifo New Fibre Co., Ltd. ("Zhaoqing Tifo") failed to establish that it is entitled to a separate rate for the POR and, thus, we are treating Zhaoqing Tifo as part of the PRC-wide entity.¹ In addition, we preliminarily determine that Takayasu Industrial (Jiangyin) Co., Ltd. ("Takayasu") had no shipments during the POR and, therefore, did not have any reviewable entries. If these preliminary results are adopted in the final results, the Department will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all appropriate entries of subject merchandise during the POR. Interested parties are invited to comment on these preliminary results.

Scope of the Order

The merchandise subject to the order is certain polyester staple fiber. The product is currently classified under the Harmonized Tariff Schedule of the United States ("HTSUS") numbers 5503.20.0045 and 5503.20.0065. Although the HTSUS numbers are provided for convenience and customs purposes, the written description of the scope of the order remains dispositive.²

Methodology

The Department conducted this review in accordance with section 751(a)(1)(B) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.³ The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS"). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, room B8024 of the main

The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of Review

The Department initiated a review for two companies.⁴ The Department preliminarily determines that Zhaoqing Tifo failed to cooperate by not acting to the best of its ability to comply with the Department's request for information and, therefore, is not eligible for a separate rate. Accordingly, the Department preliminarily finds that the PRC-wide entity includes Zhaoqing Tifo.⁵ We also note that the Department's change in policy⁶ regarding conditional review of the PRC-wide entity applies to this administrative review.⁷

In addition, the Department preliminarily determines that Takayasu had no shipments during the POR and, therefore, had no reviewable entries.

Public Comment and Opportunity to Request a Hearing

Interested parties may submit case briefs within 30 days after the date of publication of these preliminary results of review.⁸ Rebuttals to case briefs, which must be limited to issues raised in the case briefs, must be filed within five days after the time limit for filing case briefs.⁹ Parties who submit arguments are requested to submit with the argument (a) a statement of the issue, (b) a brief summary of the argument, and (c) a table of authorities.¹⁰ Parties submitting briefs should do so pursuant to the Department's electronic filing system, ACCESS.

Any interested party may request a hearing within 30 days of publication of

this notice.¹¹ Hearing requests should contain the following information: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs.¹² If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.¹³

The Department intends to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, unless extended, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹⁴ The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review.

For any individually examined respondent whose weighted average dumping margin is above *de minimis* (i.e., 0.50 percent) in the final results, the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of sales, in accordance with 19 CFR 351.212(b)(1). Where an importer- (or customer-) specific *ad valorem* rate is greater than *de minimis*, the Department will instruct CBP to collect the appropriate duties at the time of liquidation.¹⁵ Where either a respondent's weighted average dumping margin is zero or *de minimis*, or an importer- (or customer-) specific *ad valorem* rate is zero or *de minimis*, the Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹⁶ We intend to instruct CBP to liquidate entries containing subject merchandise exported by the PRC-wide entity at the PRC-wide rate.

The Department announced a refinement to its assessment practice in

non-market economy ("NME") cases.¹⁷ Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during the administrative review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. Additionally, if the Department determines that an exporter had no shipments of the subject merchandise, any suspended entries, other than Takayasu's sample shipments, that entered under that exporter's case number (i.e., at that exporter's rate) will be liquidated at the PRC-wide rate.¹⁸ For Takayasu's sample suspended entries, the Department will instruct CBP to liquidate such entries without regard to antidumping duties.

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For any companies listed that have a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

⁷ Under this policy, the PRC-wide entity will not be under review unless a party specifically requests, or the Department self-initiates, a review of the entity. Because no party requested a review of the PRC-wide entity in this review, the entity is not under review.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: June 30, 2015.

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket Number: 150702573-5573-01]

Announcement of Requirements and Registration for National Institute of Standards and Technology Prize Competition—Reference Data Challenge

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice.

SUMMARY: The National Institute of Standards and Technology (NIST), a non-regulatory agency of the United States Department of Commerce, is conducting this prize competition to spur the development of innovative mobile applications that utilize NIST datasets to help better share the data and provide a useful service to those who can best use it. NIST Standard Reference Data (SRD) are well-documented numeric data used in technical problem-solving, research, and development; over 100 types are available for use in scientific and engineering applications, with over 19

million downloads recorded annually (excluding web-based time services). Most of these data sets are currently freely accessible through web-based interfaces or are made available on CD upon request. Mobile applications that can readily access and utilize this data will help drive further innovation and support research through easy and low-barrier access to the results of U.S. taxpayer funded research.

Participants in this prize competition are invited to submit Apps (as defined in this Notice) that use eligible NIST Standard Reference Data (SRD) datasets listed on the Event Web site, <http://nistdata.challengepost.com>. These eligible datasets pertain to physics and chemistry and are frequently used by high school, college, and graduate students in advanced chemistry and physics coursework.

DATES: Submission Period: July 27, 2015–September 28, 2015.

Announcement of Winners: November 16, 2015.

The Submission Period begins July 27, 2015, at 9 a.m. EDT and ends September 28, 2015, at 5 p.m. EDT. Prize competition dates are subject to change at the discretion of NIST. Entries submitted before or after the Submission Period will not be reviewed or considered for award.

FOR FURTHER INFORMATION CONTACT:

Questions about the prize competition can be directed to NIST via the Event Web site, or by email to Heather Evans at Appchallenge@nist.gov, phone 301-975-4525.

Changes or updates to the prize competition rules will be posted and can be viewed at the Event Web site, <http://nistdata.challengepost.com>.

Results of the prize competition will be announced on the Event Web site, <http://nistdata.challengepost.com> and on the NIST Web site, www.nist.gov.

SUPPLEMENTARY INFORMATION:

Competition Sponsor

This prize competition (“Competition”) is sponsored by the National Institute of Standards and Technology (NIST; www.nist.gov), a non-regulatory Federal agency within the United States Department of Commerce. Founded in 1901, NIST’s mission is to promote U.S. innovation and industrial competitiveness by advancing measurement science, standards, and technology in ways that enhance economic security and improve our quality of life. NIST carries out its mission through its programs, which include: The NIST Laboratories, conducting world-class research, often in close collaboration with industry,

that advances the Nation’s technology infrastructure and helps U.S. companies continually improve products and services; the Hollings Manufacturing Extension Partnership (MEP), a nationwide network of local centers offering technical and business assistance to smaller manufacturers to help them create and retain jobs, increase profits, and save time and money; and the Baldrige Performance Excellence Program, which promotes performance excellence among U.S. manufacturers, service companies, educational institutions, health care providers, and nonprofit organizations, conducts outreach programs, and manages the annual Malcolm Baldrige National Quality Award, which recognizes performance excellence and quality achievement. The agency operates in two locations: Gaithersburg, Maryland (headquarters—234-hectare/578-acre campus); and Boulder, Colorado (84-hectare/208-acre campus). NIST employs about 3,000 scientists, engineers, technicians, and support and administrative personnel. NIST also hosts about 2,700 associates from academia, industry, and other government agencies, who collaborate with NIST staff and access user facilities. In addition, NIST partners with more than 1,300 manufacturing specialists and staff at more than 400 local MEP centers around the country. NIST provides measurement and calibration services via its Standard Reference Materials®, calibration services, and Standard Reference Data.

Eligibility Rules for Participating in the Competition

This Competition is open to all individuals over the age of 18 that are residents of the 50 United States, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, the Commonwealth of the Northern Mariana Islands, and American Samoa, and to for-profit or non-profit corporations, institutions, or other validly formed legal entities organized or incorporated in, *and* which maintain a primary place of business in, any of the preceding jurisdictions. An individual, whether participating singly or with a group, must be a citizen or permanent resident of the United States.

To be eligible to win a Competition prize, a Participant (whether an individual or legal entity) must have registered to participate, must have complied with all the requirements under section 3719 of title 15, United States Code (“Prize competitions”).

A Participant shall not be deemed ineligible because the Participant used Federal facilities or consulted with
