to the OWCP to request payment of an additional rehabilitation maintenance amount to cover incidental costs of obtaining vocational rehabilitation services. For example, when a disabled worker attends a training program, Form OWCP-17 may be used to request reimbursement of out-of-pocket costs such as travel expenses. The FECA and the LHWCA authorize this information collection. See 5 U.S.C. 8121 and 33 U.S.C. 939.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0012. The current approval is scheduled to expire on August 31, 2015; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on April 29, 2015 (80 FR 23823).

SUPPLEMENTARY INFORMATION:

I. Background

The National Guard Youth ChalleNge program is one of a handful of interventions that have demonstrated positive, sustained impacts on the educational attainment and labor market outcomes of youth who are not in school or the labor force. The goal of Youth ChalleNge, a residential program, is to build confidence and maturity, teach practical life skills, and help youth obtain a high school diploma or GED. The program's numerous activities address its eight core pillars: Leadership/followership, responsible citizenship, service to community, life-coping skills, physical fitness, health and hygiene, job skills, and academic excellence.

To build on the success of Youth ChalleNge, the Employment and Training Administration issued \$12 million in grants in early 2015 for three Youth ChalleNge programs to: (1) Expand the program's target population to include youth who have been involved with the courts and (2) add an occupational training component, known as Job ChalleNge. The addition of the Job ChalleNge component will expand the residential time by five months and offer the following activities: (1) Occupation skills training, (2) individualized career and academic counseling, (3) work-based learning opportunities, and (4) leadership development activities.

The National Guard Youth ChalleNge Job ChalleNge Evaluation, funded by the U.S. Department of Labor, Chief Evaluation Office, will help policymakers and program administrators determine the impacts of expanding Youth ChalleNge to court-involved youth and adding the Job ChalleNge component to the existing Youth ChalleNge model. The study will evaluate how these program
