

to the OWCP to request payment of an additional rehabilitation maintenance amount to cover incidental costs of obtaining vocational rehabilitation services. For example, when a disabled worker attends a training program, Form OWCP-17 may be used to request reimbursement of out-of-pocket costs such as travel expenses. This information collection has been classified as a revision; several minor changes were made to Form OWCP-17 that should enhance recordkeeping, ease of use, and to reflect current administrative practices. The FECA and the LHWCA authorize this information collection. See 5 U.S.C. 8121 and 33 U.S.C. 939.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0012. The current approval is scheduled to expire on August 31, 2015; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on April 29, 2015 (80 FR 23823).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1240-0012. The OMB is particularly interested in comments that:

ACTION: Notice

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents is properly assessed. A copy of the proposed Information Collection Request (ICR) can be obtained by contacting the office

listed in the addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the addressee's section below on or before September 21, 2015.

SUPPLEMENTARY INFORMATION:

I. Background

The National Guard Youth ChalleNGe program is one of a handful of interventions that have demonstrated positive, sustained impacts on the educational attainment and labor market outcomes of youth who are not in school or the labor force. The goal of Youth ChalleNGe, a residential program, is to build confidence and maturity, teach practical life skills, and help youth obtain a high school diploma or GED. The program's numerous activities address its eight core pillars: Leadership/followership, responsible citizenship, service to community, life-coping skills, physical fitness, health and hygiene, job skills, and academic excellence.

To build on the success of Youth ChalleNGe, the Employment and Training Administration issued \$12 million in grants in early 2015 for three Youth ChalleNGe programs to: (1) Expand the program's target population to include youth who have been involved with the courts and (2) add an occupational training component, known as Job ChalleNGe. The addition of the Job ChalleNGe component will expand the residential time by five months and offer the following activities: (1) Occupation skills training, (2) individualized career and academic counseling, (3) work-based learning opportunities, and (4) leadership development activities.

The National Guard Youth ChalleNGe Job ChalleNGe Evaluation, funded by the U.S. Department of Labor, Chief Evaluation Office, will help policymakers and program administrators determine the impacts of expanding Youth ChalleNGe to court-involved youth and adding the Job ChalleNGe component to the existing Youth ChalleNGe model. The study will evaluate how these program

enhancements are implemented and how effective they are, both for youth overall and for court-involved youth in particular. The study will address four research questions: (1) How were the programs implemented?, (2) What impacts did Youth ChalleNGe and Job ChalleNGe have on the outcomes of participants?, (3) To what extent did participation in Job ChalleNGe change the overall impact of Youth ChalleNGe on program participants?, and (4) To what extent did impacts vary for selected subpopulations of participants?

The first research question will be addressed through an implementation study of the three grantee demonstrations. The remaining three questions will be addressed through an impact study of the Youth ChalleNGe and Job ChalleNGe programs. For the impact study, the feasibility of using randomized controlled trials to estimate program effectiveness will be assessed; if needed, a comparison group of youth from Youth ChalleNGe sites that did not receive grants will be included in the study. Only youth who agree to participate in the study will be allowed to participate in the Youth ChalleNGe and Job ChalleNGe programs at the grantees included in the study; active consent will be obtained from youth 18 years of age or older and from a parent or guardian of youth under the age of 18.

This **Federal Register** Notice provides the opportunity to comment on two

proposed data collection instruments that will be used in the National Guard Youth ChalleNGe Job ChalleNGe evaluation:

(1) Baseline Information Form (BIF). A BIF will be included in the Youth ChalleNGe application packet and completed by youth. The form will collect demographic information as well as baseline measures of major outcome variables, including: Current employment, past delinquency, expectations about future education, work experience and other topics, and detailed contact information.

(2) Site visit protocols. Site visits will occur twice. The first will occur early in the study period and will collect information about grantees' plans and procedures, the backgrounds and experiences of youth served, the nature of employers' involvement in the programs, and other topics. The second visit will occur later in the grant and evaluation periods and will collect information on whether and how plans and activities for the Youth ChalleNGe and Job ChalleNGe programs have changed since the first visit.

A future information collection request will include an 18-month follow up survey of youth in the Job ChalleNGe treatment and control or comparison groups.

II. Review Focus

Currently, DOL is soliciting comments concerning the above data collection for

the National Guard Youth ChalleNGe Job ChalleNGe Evaluation. DOL is particularly interested in comments that do the following:

- Evaluate whether the proposed collection of information is necessary for the proper performance functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's burden estimate of the proposed information collection, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (for example, permitting electronic submissions of responses).

III. Current Actions

At this time, DOL is requesting clearance for the BIF and the site visit protocols.

Type of Review: New collection.

Title: National Guard Youth ChalleNGe Job ChalleNGe Evaluation.

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Prohibiting Discrimination Based on Sexual Orientation and Gender Identity by Contractors and Subcontractors information collection codified in regulations 41 CFR parts 60–1, 60–2, 60–3, 60–4, and 60–50. Among other things, these regulations set forth information disclosure and reporting requirements for covered Federal contractors, subcontractors, and federally assisted construction contractors and subcontractors (collectively referred to as contractors). This information collection request supports the final rule published December 8, 2014, (79 FR 72703) implementing Executive Order 11246, Equal Employment Opportunity (published September 28, 1965, 30 FR 12319) and Executive Order 13672, Further Amendments to Executive Order 11478, Equal Employment Opportunity in the Federal Government, and Executive Order 11246, Equal Employment Opportunity (published July 23, 2014, 79 FR 42971).

See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1250–0009.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire September 30, 2015. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review.
