

Grant funds are taken to pay costs previously incurred and are obtained through use of the electronic Line of Credit Control System (eLOCCS). Grantees are required to draw down from eLOCCS monthly or quarterly.

Grantees will submit the revised form HUD-50080-SCMF on a semi-annual basis. Grantees will complete one worksheet per draw down. Each worksheet will list every expense incurred during that month or quarter. Grantees will be required to maintain detailed expense documentation in their files. HUD may request copies of such documentation if additional program review is warranted.

The data reported will allow HUD staff to track expenses and drawdown of funds for eligible costs at intervals within the grant term. The modified form and submission schedule are designed to reduce burden and collect valid and relevant data.

HUD proposes to substitute the revised form HUD-50080-SCMF for the SF-425, "Federal Financial Report". The SF-425 does not provide HUD with any data that is not already available in LOCCS or that will be reported in the revised HUD-50080-SCMF. The revised HUD-50080-SCMF provides the most essential information HUD needs to determine whether federal funds have been used properly.

**SUPPLEMENTARY INFORMATION:** The BLM prepared the Draft RMP Revisions and Draft EIS for Western Oregon encompassing approximately 2,550,000 acres of BLM-administered lands and 69,000 acres of split-estate lands in western Oregon. The documents address a range of alternatives focused on providing a sustained yield of timber, contributing to the conservation and recovery of threatened and endangered species, providing for clean water, restoring fire-adapted ecosystems,

coordinating management of lands surrounding the Coquille Forest with the Coquille Tribe, and providing for recreation opportunities. The Draft RMP Revisions and Draft EIS propose to revise the RMPs for the Coos Bay, Eugene, Medford, Roseburg, and Salem Districts and the Lakeview District's Klamath Falls Resource Area. These six RMPs, completed in 1995, incorporated the land use allocations and standards and guidelines from the Northwest Forest Plan.

In 2012, the BLM conducted an evaluation of the 1995 RMPs in accordance with its planning regulations and concluded that a plan revision was necessary to address the changed circumstances and new information that had led to a substantial, long-term departure from the timber management outcomes predicted under the 1995 RMPs.

The original Notice of Availability asking for comments on the Draft RMP Revisions and Draft EIS for Western Oregon was published in the **Federal Register** on April 24, 2015 (80 FR 23046). The BLM received requests for an extension of the comment period from individuals and groups. The BLM has decided to accede to these requests and reopen the comment period. Comments on the Draft RMP Revisions and Draft EIS for Western Oregon will now be accepted through August 21, 2015.
