**FOR FURTHER INFORMATION CONTACT:** For specific questions related to collection activities, please contact Braden Goetz, (202) 245-7405.

**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* Natural Experiments and Model Career-Focused Schools: An Environmental Scan.

*OMB Control Number:* 1830-NEW.

*Type of Review:* A new information collection.

*Respondents/Affected Public:* State, Local and Tribal Governments.

*Total Estimated Number of Annual Responses:* 100.

*Total Estimated Number of Annual Burden Hours:* 25.

*Abstract:* The purpose of this collection is to determine the extent to

which there are natural circumstances that approximate random assignment among a group of college- and career-focused schools that belong to one or more school reform networks. A survey will be administered to principals of these schools to determine if they are oversubscribed and use lotteries for student admission. If a sufficient number of schools with such practices are identified, future research could use these naturally occurring experimental conditions to investigate differences in the outcomes achieved by students who attend these types of schools.

Dated: July 23, 2015.
