

issued final judgment in *NTN Bearing Corporation of America v. United States*, Court No. 10–00286, Slip Op. 15–76 (CIT July 14, 2015), affirming the Department of Commerce’s (the Department) amended final results of redetermination pursuant to remand.¹

Consistent with the decision of the United States Court of Appeals for the Federal Circuit (CAFC) in *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990) (*Timken*), as clarified by *Diamond Sawblades Mfrs. Coalition v. United States*, 626 F.3d 1374 (Fed. Cir. 2010) (*Diamond Sawblades*), the Department is notifying the public that the final judgment in this case is not in harmony with the Department’s final results of the administrative review of the antidumping duty order on ball bearings and parts thereof from Japan covering the period May 1, 2008 through April 30, 2009.

DATES: *Effective Date:* July 24, 2015.

FOR FURTHER INFORMATION CONTACT: Thomas Schauer, AD/CVD Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0410.

SUPPLEMENTARY INFORMATION:

Background

On September 1, 2010, the Department published *AFBs 20*.² NTN Corporation (NTN) and other parties appealed *AFBs 20* to the CIT. On February 3, 2015, the CIT remanded *AFBs 20* and ordered the Department to revise its calculation of NTN’s U.S. credit expenses to use the correct variable and recalculate the weighted-average dumping margin for NTN.³ On May 4, 2015, the Department filed its final results of redetermination pursuant to remand in accordance with the CIT’s order,⁴ but on the same day the Department sought leave to file an amended remand redetermination,

noting that The Timken Company had commented on the draft remand redetermination.⁵ The CIT granted the Department’s leave request on May 5, 2015.⁶ On May 7 2015, the Department filed its amended final results of redetermination.⁷ The changes to the Department’s calculations with respect to NTN did not result in a change in the weighted-average dumping margin.⁸ The CIT affirmed the Department’s *Amended Final Remand* on July 14, 2015, and entered judgment.⁹

Timken Notice

In its decision in *Timken*, as clarified by *Diamond Sawblades*, the CAFC held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended (the Act), the Department must publish a notice of a court decision that is not “in harmony” with a Department determination and must suspend liquidation of entries pending a “conclusive” court decision. The CIT’s July 14, 2015, judgment affirming the *Amended Final Remand* constitutes a final decision of the CIT that is not in harmony with *AFBs 20*. This notice is published in fulfillment of the publication requirements of *Timken*.

Continuation of Suspension of Liquidation

The Department will continue the suspension of liquidation of the subject merchandise pending the expiration of the period of appeal or, if appealed, pending a final and conclusive court decision. In the event the CIT’s ruling is not appealed, or if appealed and upheld by the CAFC, the Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on appropriate entries of the subject merchandise using the rate calculated by the Department in *AFBs 20*.

Cash Deposit Requirements

Because we revoked the antidumping duty order on ball bearings and parts thereof from Japan, effective September 15, 2011, no cash deposits for estimated antidumping duties on future entries of subject merchandise will be required.¹⁰

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(e)(1), 751(a)(1), and 777(i)(1) of the Act.

Dated: July 24, 2015.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

National Institute of Standards and Technology

Proposed Information Collection; Comment Request; Community Resilience Panel

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before September 28, 2015.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Nancy McNabb, Community Resilience Program, National Institute of Standards and Technology, 100 Bureau Drive MS8615, 301–975–3777 or resilience@nist.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Community Resilience Panel for Buildings and Infrastructure Systems (Panel) is an organization that will engage a diverse group of stakeholders around goals and actions needed to achieve community resilience and to derive benefits from improved buildings and infrastructure.

The mission of the Panel is to promote collaboration among stakeholders who strive to strengthen

the resilience of buildings, infrastructure, and social systems upon which communities rely. The Panel will consider the adequacy of standards, guidelines, best practices, and recommend, develop, and work with others to make improvements in community resilience.

The Panel will provide an open process for stakeholders to participate in the ongoing development, coordination and harmonization of community resilience guidance. The Panel will also evaluate existing metrics and standards to determine where improvements can be made to enhance resilience. Members will review case studies, recommend practices, coordinate, accelerate, and propose action plans for achieving community resilience goals.

The Panel will be managed and guided by the Community Resilience Panel Coordinating Committee (CRPCC) that approves and prioritizes work and arranges for the resources necessary to carry out its planned activities. The CRPCC's responsibilities include facilitating dialogue with standards development organizations and communities to ensure that proposed plans will be implemented.

A NIST contractor will serve as the Panel Administrator to review Panel documents and products approved by the CRPCC, add their own technical expertise to these deliverables prior to review by NIST, report on progress by managing the Panel's activities and ensure that all Panel work products are publicly available in the online Resilience Knowledge Base.

The Panel and CRPCC will constitute an open organization dedicated to balancing the needs of a variety of resilience related organizations. Any organization may become a member of the Panel. Members are required to declare an affiliation with an identified Stakeholder Category. Stakeholder members may contribute multiple Member Representatives, but only one voting Member Representative. Members must participate regularly in order to vote on the work products of the Panel.

The Panel membership form asks the applicant to provide his/her name, title, address, telephone, email address, organization, education, relevant work experience, standards developing experience, professional associations, stakeholder and standing committee areas of interest, as well as other relevant experience and areas of interest. The information provided by the applicants will be used to organize the Panel and select leaders who will use their expertise and experience in a consensus process that will achieve the

goals and actions set forth in the Panel Charter and ByLaws.

The Panel is established under a contract to support NIST in its role under the NIST authorities set forth in 15 U.S.C. 272(b)(10), (c)(12) and (c)(15) and to fulfill NIST's responsibilities described in the President's Climate Action Plan of 2013. The Panel will identify, describe, and prioritize guidance for comprehensive community resilience planning across the United States,

II. Method of Collection

The Panel Administrator will launch a call for candidates for Panel members. Interested parties are encouraged to submit an application for membership electronically (Internet). Applications will also be accepted in paper format or by email.

III. Data

OMB Control Number: 0693-XXXX.

Form Number(s): None.

Type of Review: Regular submission, new information collection.

Affected Public: Organizations and individuals associated with the following stakeholder groups: Businesses and Industry, Building Construction and Safety, Community Planning, Community Social Institutions, Communication, Energy, Transportation and Water/Wastewater Systems, Facility Operations and Maintenance, Federal, Tribal, Regional, State and Local Governments, Insurance/Reinsurance, Relief Services, Standards Development and Vulnerable Populations.

Estimated Number of Respondents: 200.

Estimated Time per Response: 15 minutes.

Estimated Total Annual Burden Hours: 50.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: July 27, 2015.

Glenna Mickelson,

Management Analyst, Office of the Chief Information Officer.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XE059

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting (workshop).

SUMMARY: The Pacific Fishery Management Council (Pacific Council), in collaboration with NMFS and NOAA's Southwest Fisheries Science Center (SWFSC), will convene a scientific workshop to consider the distribution of the northern subpopulation of Pacific sardine. The workshop is open to the public.

DATES: The workshop will take place August 17-19, 2015. Meeting times are Monday, August 17, from 1 p.m. to 6 p.m., Tuesday, August 18, from 8 a.m. to 6 p.m., and Wednesday, August 19, from 8 a.m. to 12 noon or until business for the workshop is complete.

ADDRESSES: The meeting will be held at the SWFSC Pacific Conference Room, 8901 La Jolla Shores Drive, La Jolla, CA 92037.

FOR FURTHER INFORMATION CONTACT:

Kerry Griffin, Staff Officer; telephone: (503) 820-2409.

SUPPLEMENTARY INFORMATION: The purpose of the workshop is to consider scientific information, data, and potential alternative means for establishing the Distribution value used in the Pacific sardine harvest control rule (HCR). The workshop is not intended as a review of other aspects of the HCR, Pacific sardine harvest management, or policy. The current Distribution value of 0.87 is intended to account for the fact that some portion of the U.S. sardine stock is present and subject to harvest outside U.S. waters. It is intended as a long-term average,
