

- Individual business owners to analyze their operations in comparison to similar firms, compute their market share, and assess their growth and future prospects.

- Researchers and businesses to understand the innovation and research and development activities conducted by entrepreneurs.

- Federal agencies to assess the competitiveness of businesses by ownership characteristics.

- Data users to understand time-series data in certain industries for entrepreneurs.

- Business owners or perspective business owners to gain knowledge about the funding of businesses.

Businesses which reported any business activity on any one of the following Internal Revenue Service (IRS) tax forms will be eligible for survey selection: 1040 (Schedule C), "Profit or Loss from Business" (Sole Proprietorship); 1065, "U.S. Return of Partnership Income"; 941, "Employer's Quarterly Federal Tax Return"; 944 "Employer's Annual Federal Tax Return"; or any one of the 1120 corporate tax forms. Current plans will only request responses from businesses filing the 941, 944, or 1120 tax forms. Estimates for businesses filing the 1040 or 1065 tax returns will be created using statistical modeling of administrative data and will only provide data by gender, ethnicity, race, and veteran status by geography, industry, and size of firm.

The 2014 ASE collection is electronic only. An initial letter that informs the respondents of their requirement to complete the survey and provides survey access instructions will be mailed from the Census Bureau's processing headquarters in Jeffersonville, Indiana. There will be 290,000 letters mailed to employer businesses that were in business during 2014. Initial mailout will occur in September 2015, with a due date of November 4, 2015. There will be two follow-up letter mailings to nonrespondents after the due date. Closeout of mail operations is scheduled for January 2016. Upon the close of the collection period, the response data will be processed, edited, reviewed, tabulated, and released publicly.

The survey will collect data on the gender, ethnicity, race, and veteran status for up to four persons owning the majority of rights, equity, or interest in the business. These data are needed to evaluate the extent and growth of business ownership by women, minorities, and veterans in order to provide a framework for assessing and directing federal, state, and local

government programs designed to promote the activities of disadvantaged groups.

The SBA and the MBDA will use the data to allocate resources for their business assistance programs.

The data will also be widely used by private firms and individuals to evaluate their own businesses and markets. Additionally, the data will be used by entrepreneurs to write business plans and loan application letters, by the media for news stories, by researchers and academia for determining firm characteristics, and by the legal profession in evaluating the concentration of minority businesses in particular industries and/or geographic areas.

Affected Public: Business or other for-profit; Not-for-profit institutions.

Frequency: Annually.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C., Sections 8(b), 131, and 182; and Executive Order 11625, Section 1(a)(3).

International Trade Administration

Ball Bearings and Parts Thereof From Japan: Notice of Court Decision Not in Harmony With the Final Results of Antidumping Duty Administrative Review; 2008-2009

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On July 14, 2015, the United States Court of International Trade (CIT)

issued final judgment in *NTN Bearing Corporation of America v. United States*, Court No. 10–00286, Slip Op. 15–76 (CIT July 14, 2015), affirming the Department of Commerce’s (the Department) amended final results of redetermination pursuant to remand.¹

Consistent with the decision of the United States Court of Appeals for the Federal Circuit (CAFC) in *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990) (*Timken*), as clarified by *Diamond Sawblades Mfrs. Coalition v. United States*, 626 F.3d 1374 (Fed. Cir. 2010) (*Diamond Sawblades*), the Department is notifying the public that the final judgment in this case is not in harmony with the Department’s final results of the administrative review of the antidumping duty order on ball bearings and parts thereof from Japan covering the period May 1, 2008 through April 30, 2009.

DATES: *Effective Date:* July 24, 2015.

FOR FURTHER INFORMATION CONTACT: Thomas Schauer, AD/CVD Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0410.

SUPPLEMENTARY INFORMATION:

Background

On September 1, 2010, the Department published *AFBs 20*.² NTN Corporation (NTN) and other parties appealed *AFBs 20* to the CIT. On February 3, 2015, the CIT remanded *AFBs 20* and ordered the Department to revise its calculation of NTN’s U.S. credit expenses to use the correct variable and recalculate the weighted-average dumping margin for NTN.³ On May 4, 2015, the Department filed its final results of redetermination pursuant to remand in accordance with the CIT’s order,⁴ but on the same day the Department sought leave to file an amended remand redetermination,

noting that The Timken Company had commented on the draft remand redetermination.⁵ The CIT granted the Department’s leave request on May 5, 2015.⁶ On May 7 2015, the Department filed its amended final results of redetermination.⁷ The changes to the Department’s calculations with respect to NTN did not result in a change in the weighted-average dumping margin.⁸ The CIT affirmed the Department’s *Amended Final Remand* on July 14, 2015, and entered judgment.⁹

Timken Notice

In its decision in *Timken*, as clarified by *Diamond Sawblades*, the CAFC held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended (the Act), the Department must publish a notice of a court decision that is not “in harmony” with a Department determination and must suspend liquidation of entries pending a “conclusive” court decision. The CIT’s July 14, 2015, judgment affirming the *Amended Final Remand* constitutes a final decision of the CIT that is not in harmony with *AFBs 20*. This notice is published in fulfillment of the publication requirements of *Timken*.

Continuation of Suspension of Liquidation

The Department will continue the suspension of liquidation of the subject merchandise pending the expiration of the period of appeal or, if appealed, pending a final and conclusive court decision. In the event the CIT’s ruling is not appealed, or if appealed and upheld by the CAFC, the Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on appropriate entries of the subject merchandise using the rate calculated by the Department in *AFBs 20*.

Cash Deposit Requirements

Because we revoked the antidumping duty order on ball bearings and parts thereof from Japan, effective September 15, 2011, no cash deposits for estimated antidumping duties on future entries of subject merchandise will be required.¹⁰

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(e)(1), 751(a)(1), and 777(i)(1) of the Act.

Dated: July 24, 2015.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.
