

DEPARTMENT OF DEFENSE**Department of the Navy****Extension of Public Comment Period for the Draft Environmental Impact Statement/Overseas Environmental Impact Statement for Commonwealth of the Northern Mariana Islands Joint Military Training**

AGENCY: Department of the Navy, Department of Defense.

ACTION: Notice.

SUMMARY: On April 03, 2015, the Department of Navy (DoN) published a Notice of Availability and Notice of Public Meetings for the Draft Environmental Impact Statement/Overseas Environmental Impact Statement for Commonwealth of the Northern Mariana Islands Joint Military Training. A notice extending the public comment period by 60 days was published on May 14, 2015. The purpose of this notice is to announce an additional 14-day extension of the public comment period to August 17, 2015 Eastern Daylight Time (E.D.T.) [August 18, 2015, Chamorro Standard Time (ChST)]. This extension is made in recognition of the communications disruptions in the CNMI caused by the damage to the undersea cable between Guam and Saipan.

DATES: The public comment period for the Draft EIS began on April 03, 2015, EDT [April 04, 2015, ChST] with the publication of the Notice of Availability in the **Federal Register** by the U.S. Environmental Protection Agency, and with this extension, will end on August 17, 2015, EDT [August 18, 2015, ChST] for a total of 134 days. Mailed comments should be postmarked no later than August 17, 2015, EDT [August 18, 2015, ChST] to ensure they are considered.

ADDRESSES: The public may provide comments through the project Web site at www.CNMIIJointMilitaryTrainingEIS.com, or by mail at: Naval Facilities Engineering Command, Pacific, Attn: 09PA, Public Affairs Office, 258 Makalapa Drive, Suite 100, JBPHH, HI 96860-3134.

The Draft EIS/OEIS was distributed to federal and local agencies, elected officials, and other interested individuals and organizations. The Draft EIS/OEIS is available for public review at www.CNMIIJointMilitaryTrainingEIS.com, and at the following libraries:

(1) Joeten Kiyu Public Library, Saipan; (2) Northern Marianas College Olympio T. Borja Memorial Library, Saipan; (3) Tinian Public Library, Tinian; (4) Antonio C. Atalig Memorial Rota Public Library, Rota; (5) University of Guam

Robert F. Kennedy Memorial Library, Guam; (6) Nieves M. Flores Memorial Library, Guam.

SUPPLEMENTARY INFORMATION: On April 03, 2015, the Department of Navy (DoN) published a Notice of Availability and Notice of Public Meetings for the Draft Environmental Impact Statement/Overseas Environmental Impact Statement for Commonwealth of the Northern Mariana Islands Joint Military Training (80 FR 18385, April 03, 2015). A notice extending the public comment period by 60 days was published on May 14, 2015 (80 FR 27678). The purpose of this notice is to announce an additional 14-day extension of the public comment period to August 17, 2015 Eastern Daylight Time (E.D.T.) [August 18, 2015, Chamorro Standard Time (ChST)]. This extension is made in recognition of the communications disruptions in the CNMI caused by the damage to the undersea cable between Guam and Saipan.

The DoN's proposed action is to establish live-fire Range Training Areas (RTAs) within the CNMI to address the U.S. Pacific Command Service Components' unfilled unit level and combined level training requirements in the Western Pacific. The DoN recognizes that public comments are an essential part of the National Environmental Policy Act (NEPA) process. Accordingly, the DoN established a 60-day public comment period in lieu of the minimum 45-day period required by NEPA implementing regulations. A notice extending the public comment period by 60 days was published on May 14, 2015 (80 FR 27678). Due to a break in an undersea cable and associated communications disruptions in the CNMI, the DoN is further extending the Draft EIS public comment period by 14 days to August 17, 2015, EDT [August 18, 2015, ChST] for a total of 134 days.

FOR FURTHER INFORMATION CONTACT: CNMI Joint Military Training EIS/OEIS Project Manager by email via the project Web site (www.CNMIIJointMilitaryTrainingEIS.com).

Dated: July 27, 2015.

BILLING CODE 3810-FF-P

DEPARTMENT OF ENERGY**Office of Energy Efficiency and Renewable Energy**

[Docket Number EERE-2015-BT-BLDG-0012]

Request for Information (RFI) for High-Performance Energy Efficiency Measures in Separate Spaces

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Request for Information (RFI).

SUMMARY: As part of the requirements of Section 103 of the Energy Efficiency Improvement Act of 2015, the U.S. Department of Energy (DOE) is requesting public comment regarding effective methods, measures, and practices for the design and construction of separate building spaces (also known as tenant spaces) to create high-performance, energy efficient spaces. In preparation for completing a study required by the Energy Efficiency Improvement Act of 2015, DOE is requesting information on the feasibility of significantly improving energy efficiency in commercial buildings through the design and construction, by owners and tenants, of separate spaces with high-performance energy efficiency measures; and encouraging owners and tenants to implement high-performance energy efficiency measures in separate spaces. The term 'high-performance energy efficiency measure' means a technology, product, or practice that will result in substantial operational cost savings by reducing energy consumption and utility costs while maintaining indoor air quality, appropriate light levels and occupant comfort. DOE will use input from this **Federal Register** notice to inform the study, to be completed by April 30, 2016.

DATES: Written comments and information are requested on or before September 30, 2015.

ADDRESSES: The content that we are requesting your feedback on is located at <http://www.regulations.gov/#!docketDetail;D=EERE-2015-BT-BLDG-0012>. Interested persons are encouraged to submit comments electronically. Interested persons may submit comments, identified by docket number EERE-2015-BT-BLDG-0012. Your response should be limited to 8 pages.
