

registration in such form as the Commission prescribes. Form N-8A (17 CFR 274.10) is the form for notification of registration that the Commission has adopted under section 8(a). The purpose of such notification of registration provided on Form N-8A is to notify the Commission of the existence of investment companies required to be registered under the Investment Company Act and to enable the Commission to administer the provisions of the Investment Company Act with respect to those companies. After an investment company has filed its notification of registration under section 8(a), the company is then subject to the provisions of the Investment Company Act which govern certain aspects of its organization and activities, such as the composition of its board of directors and the issuance of senior securities. Form N-8A requires an investment company to provide its name, state of organization, form of organization, classification, the name and address of each investment adviser of the investment company, the current value of its total assets, and certain other information readily available to the investment company. If the investment company is filing a registration statement as required by Section 8(b) of the Investment Company Act concurrently with its notification of registration, Form N-8A requires only that the registrant file the cover page (giving its name, address, and agent for service of process) and sign the form in order to effect registration.

Based on recent filings of notifications of registration on Form N-8A, we estimate that about 92 investment companies file such notifications each year. An investment company must only file a notification of registration on Form N-8A once. The currently approved average hour burden per investment company of preparing and filing a notification of registration on Form N-8A is one hour. Based on the Commission staff's experience with the requirements of Form N-8A and with disclosure documents generally—and considering that investment companies that are filing notifications of registration on Form N-8A simultaneously with the registration statement under the Investment Company Act are only required by Form N-8A to file a signed cover page—we continue to believe that this estimate is appropriate. Therefore, we estimate that the total annual hour burden to prepare and file notifications of registration on Form N-8A is 92 hours. The currently approved cost burden of Form N-8A is \$443 per filing. We are updating the

estimated cost burden to \$449 to account for the effects of inflation. Therefore, we estimate that the total annual cost burden to associated with preparing and filing notifications of registration on Form N-8A is about \$41,308.

Estimates of average burden hours and costs are made solely for the purposes of the Paperwork Reduction Act, and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms. Compliance with the collection of information requirements of Form N-8A is mandatory. Responses to the collection of information will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-75547; File No. SR-BYX-2015-33]

Self-Regulatory Organizations; BATS Y-Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Rule 11.13, Order Execution and Routing

July 29, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 21, 2015, BATS Y-Exchange, Inc. (the "Exchange" or "BYX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6)(iii) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to amend Rule 11.13, Order Execution and Routing, to: (i) Delete references to the ROOC routing option; and (ii) update routing options IOCM and ICMT to reflect a recent proposed rule change by EDGX Exchange, Inc. ("EDGX") in which EDGX replaced the MidPoint Match Order with the MidPoint Peg Order.⁵

The text of the proposed rule change is available at the Exchange's Web site at www.batstrading.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 11.13, Order Execution and Routing, to: (i) Delete references to the ROOC routing option; and (ii) update routing options IOCM and ICMT to reflect a recent proposed rule change by EDGX in which EDGX replaced the MidPoint Match Order with the MidPoint Peg Order.⁶

ROOC Routing Option

Under Rule 11.13(b)(3)(N), an order utilizing the ROOC routing option is designated by the User⁷ to participate in the opening, re-opening (following a halt, suspension, or pause), or closing process of a primary listing market (BATS BZX, NYSE, Nasdaq, NYSE MKT, or NYSE Arca) if received before the opening/re-opening/closing time of such market. If shares remain unexecuted after attempting to execute in the opening, re-opening, or closing process, they are either posted to the BATS Book,⁸ executed, or routed to destinations on the System⁹ routing table.¹⁰

Because few Users elect the ROOC routing option, the Exchange has determined that the current demand does not warrant the infrastructure and ongoing maintenance expenses required to support the product. Therefore, the Exchange proposes to delete the ROOC routing option under 11.13(b)(3)(N). Users seeking to route orders to participate in the opening, re-opening, or closing process of a primary listing market may use alternative methods,

such as connecting to those markets directly or through a third party service provider, or electing another routing option offered by the Exchange that enables a User to post an order to certain primary listing markets.¹¹

IOCM and ICMT Routing Options

The Exchange also proposes to amend Rules 11.13(b)(3)(O) and (P) to update routing options IOCM and ICMT to reflect a recent rule change by EDGX in which EDGX replaced the MidPoint Match Order with the MidPoint Peg Order.¹² Rule 11.13(b)(3)(O) describes IOCM as a routing option under which an order checks the System for available shares and then is sent, as a MidPoint Match Order with a Time-in-Force of IOC¹³ to EDGX. Similarly, Rule 11.13(b)(3)(P) describes ICMT as a routing option under which an order checks the System for available shares, then is sent to destinations on the System routing table and then is sent, as a MidPoint Match Order with a Time-in-Force of IOC to EDGX. Under ICMT, if shares remain unexecuted after routing, they are posted to the BATS Book, unless otherwise instructed by the User.

On July 8, 2015, EDGX filed a proposed rule change with the Commission for immediate effectiveness to, among other things, replace the MidPoint Match Order with the MidPoint Peg Order.¹⁴ Therefore, the Exchange proposes to update the description of the IOCM and ICMT routing options to replace references to the MidPoint Match Order with the MidPoint Peg Order.

Implementation Date

The Exchange intends to implement the proposed changes to the descriptions of the IOCM and ICMT routing option immediately.¹⁵ The

Exchange will alert Users via a Trading Notice of the date upon which it will discontinue the ROOC routing option.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act¹⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act¹⁷ in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange does not believe that this proposal will permit unfair discrimination among customers, brokers, or dealers because the ROOC routing option will no longer be available and the updates to the IOCM and ICMT routing options would apply to all Users equally. The Exchange has few Users electing the ROOC routing option and has determined that the current demand does not warrant the infrastructure and ongoing maintenance expense required to support the product. Routing through the Exchange is voluntary and alternative routing options offered by the Exchange as well as other methods remain available to Users that wish to route orders to participate in the opening, re-opening, or closing process of the primary listing market.¹⁸ In addition, the ROOC routing option is not a core product offering by the Exchange, nor is the Exchange required by the Act to offer such a product. The proposed updates to routing options IOCM and ICMT are in response to a recent rule change by EDGX in which EDGX replaced the MidPoint Match Order with the MidPoint Peg Order.¹⁹ The proposal is intended to accurately describe how orders utilizing the IOCM or ICMT routing options are to be handled by the Exchange in light of the EDGX proposed rule change mentioned above. Therefore, the Exchange believes the proposed rule change would make its rules clearer and less confusing for investors; thereby removing impediments to and perfecting the mechanism of a free and open market and a national market system, and, in

Commission granting a waiver of the 30-day operative delay. 17 CFR 240.19b-4(f)(6)(iii).

general, protecting investors and the public interest.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposal will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issues but rather avoid investor confusion by eliminating the ROOC routing option that is to be discontinued by the Exchange as well as update the IOCM and ICMT routing options in response to a recent proposed rule change by EDGX.²⁰

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.²¹

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. Waiver of the 30-day operative delay would allow the Exchange to modify its rules in a timely manner by: (i) Eliminating a rule that accounts for a service the Exchange intends to discontinue; and (ii) updating its rules

to accurately describe how orders utilizing those routing options function in light of the recent proposed rule change by EDGX, thereby avoiding potential investor confusion during the operative delay period. Based on the foregoing, the Commission believes the waiver of the operative delay is consistent with the protection of investors and the public interest.²² The Commission hereby grants the waiver and designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments
