m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene*: Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Responsive Documents*: All filings must (1) bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). All comments, motions to intervene, or protests should relate to project works which are the subject of the amendment application. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. If an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

Dated: July 31, 2015.

**DEPARTMENT OF ENERGY**

**Federal Energy Regulatory Commission**

[Docket No. RM14-2-002]

**Coordination of the Scheduling Processes of Interstate Natural Gas Pipelines and Public Utilities**

Before Commissioners: Norman C. Bay, Chairman; Philip D. Moeller, Cheryl A. LaFleur, Tony Clark, and Colette D. Honorable.

**Order on Request for Clarification and Notice of Comment Procedures**

1. Order No. 809 revised the Commission's regulations relating to the scheduling of transportation service on interstate natural gas pipelines to better coordinate the scheduling practices of the wholesale natural gas and electric industries, as well as to provide additional scheduling flexibility to all shippers on interstate natural gas pipelines.<sup>1</sup> Among other things, Order No. 809 expanded the number of intraday nomination cycles from the current two to three and incorporated by reference into the Commission's regulations certain modified standards developed and filed by the North American Energy Standards Board (NAESB) that revised the standard nomination timeline for interstate natural gas pipelines. Order No. 809 established an implementation date of April 1, 2016. On May 28, 2015 the American Gas Association, the

American Public Gas Association, and the Interstate Natural Gas Association of America (collectively, Associations) filed a request for the Commission to clarify the manner in which all pipelines should implement the standards on April 1, 2016, and a request for clarification relating to interpretations of recall rights under existing capacity release contracts in light of the transition from two to three intraday nomination cycles. As discussed below, we grant the request with respect to the manner in which the pipelines should implement the standards and request comment on their default proposal regarding transitioning capacity release contracts.

**I. Background**

2. On April 16, 2015, the Commission issued Order No. 809, which revised the Commission's regulations relating to the scheduling of transportation service on interstate natural gas pipelines to better coordinate the scheduling practices of the wholesale natural gas and electric industries, as well as to provide additional scheduling flexibility to all shippers on interstate natural gas pipelines. Among other things, the Commission revised its regulations to incorporate by reference the modified NAESB Wholesale Gas Quadrant (WGQ) Business Practice Standards, which revised the standard nomination timeline for interstate natural gas pipelines. The current and revised nomination timelines are as follows:
