

Council (CIPAC) in a Federal Register Notice (71 FR 14930–14933) dated March 24, 2006, which identified the purpose of CIPAC, as well as its membership. This notice provides: (i) quarterly CIPAC membership updates; (ii) instructions on how the public can obtain the CIPAC membership roster and other information on the council; and (iii) information on recently completed CIPAC meetings.

FOR FURTHER INFORMATION CONTACT:

Larry May, Alternate Designated Federal Officer, Critical Infrastructure Partnership Advisory Council, Sector Outreach and Programs Division, Office of Infrastructure Protection, National Protection and Programs Directorate, U.S. Department of Homeland Security, 245 Murray Lane, Mail Stop 0607, Arlington, VA 20598–0607; telephone: (703) 603–5070; email: CIPAC@dhs.gov.

Responsible DHS Official: Larry May, Alternate Designated Federal Officer for the CIPAC.

SUPPLEMENTARY INFORMATION:

Purpose and Activity: The CIPAC facilitates interaction between government officials and representatives of the community of owners and/or operators for each of the critical infrastructure sectors defined by Presidential Policy Directive (PPD) 21 and identified in *National Infrastructure Protection Plan 2013: Partnering for Critical Infrastructure Security and Resilience*. The activities covered by the CIPAC include: planning; coordinating among government and critical infrastructure owner and operator partners; implementing security and resilience program initiatives; conducting operational activities related to critical infrastructure security and resilience measures, incident response and recovery; reconstituting critical infrastructure assets and systems from manmade and naturally occurring events; sharing threat, vulnerability, risk mitigation, and business continuity information; and distributing best practices and lessons learned at the classified and unclassified levels.

Organizational Structure: CIPAC members are organized into 16 critical infrastructure sectors. These sectors have a Government Coordinating Council (GCC) whose membership includes: (i) a lead federal agency that is defined as the Sector-Specific Agency (SSA); (ii) all relevant federal, state, local, tribal, and/or territorial government agencies (or their representative bodies) whose mission interests also involve the scope of the CIPAC activities for that particular sector; and (iii) a Sector Coordinating Council (SCC), where applicable, whose

membership includes critical infrastructure owners and/or operators or their representative trade associations.

CIPAC Membership: CIPAC Membership may include:

(i) Critical Infrastructure owner and operator members of a DHS-recognized SCC, including their representative trade associations or equivalent organization members of a SCC as determined by the SCC.

(ii) Federal, state, local, and tribal governmental entities comprising the members of the GCC for each sector, including their representative organizations; members of the State, Local, Tribal, and Territorial Government Coordinating Council; and representatives of other federal agencies with responsibility for critical infrastructure activities.

CIPAC membership is organizational. Multiple individuals may participate in CIPAC activities on behalf of a member organization.

CIPAC Membership Roster and Council Information: The current roster of CIPAC members is published on the CIPAC Web site (<http://www.dhs.gov/cipac>) and is updated as the CIPAC membership changes. Members of the public may visit the CIPAC Web site at any time to view current CIPAC membership, as well as the current and historic lists of CIPAC meetings and agendas.

Dated: July 31, 2015.

Larry May,

Alternate Designated Federal Officer for the CIPAC.

BILLING CODE 9110–9P–P

DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS–2015–0041]

Office for Interoperability and Compatibility Seeks Nominations for the Project 25 Compliance Assessment Program (P25 CAP) Advisory Panel

AGENCY: Science and Technology Directorate, DHS.

ACTION: Notice.

SUMMARY: The Department of Homeland Security (DHS) is seeking nominations and expressions of interest for membership on the Project 25 Compliance Assessment Program Advisory Panel (P25 CAP AP). The activities of the P25 CAP AP are expected to commence in fall 2015.

P25 is a standard which enables interoperability among digital two-way

land mobile radio communications products created by and for public safety professionals. P25 CAP is a formal, independent process, created by DHS and operated in collaboration with the National Institute of Standards and Technology (NIST), for ensuring that communications equipment that is declared by the supplier to be P25 compliant, in fact, is tested against the standards with publicly published results. The P25 CAP AP would provide a resource by which DHS could gain insight into the collective interest of organizations that procure P25-compliant equipment and a resource in DHS's continuing to establish the policies of the P25 CAP along with assisting the DHS Office for Interoperability and Compatibility (OIC) in the administration of the Program.

DATES: All responses must be received within 30 days from the date of this notice at the address listed below.

ADDRESSES: Expressions of interest and nominations should be submitted to SandTFRG@hq.dhs.gov.

• Instructions: All submissions received must include the words “Department of Homeland Security” and DHS–2015–0041, the docket number for this action.

FOR FURTHER INFORMATION CONTACT: John Merrill, Director, Office for Interoperability and Compatibility, Science and Technology Directorate, Department of Homeland Security, 202–254–5604 (O), John.Merrill@hq.dhs.gov.

SUPPLEMENTARY INFORMATION:

Background

TIA–102/Project 25 (P25) is a standards development process for the design, manufacture, and evaluation of interoperable digital two-way land mobile radio communications products created by and for public safety professionals. The goal of P25 is to specify formal standards for interfaces and features between the various components of a land mobile radio system commonly used by public safety agencies in portable handheld and mobile vehicle-mounted devices. The P25 standard enables interoperability among different suppliers' products.

P25 CAP was developed by DHS and the National Institute of Standards and Technology (NIST) to test equipment designed to comply with P25 standards. The program provides public safety agencies with evidence that the communications equipment they are purchasing is tested against and complies with the P25 standards for performance, conformance, and interoperability.

P25 CAP is a voluntary system that provides a mechanism for the recognition of testing laboratories based on internationally accepted standards. It identifies competent P25 CAP testing laboratories for DHS-recognition through assessments by DHS-authorized accreditation bodies and promotes the acceptance of compliant test results from these laboratories.

As a voluntary program, P25 CAP allows suppliers to publicly attest to their products' compliance with a selected group of requirements through Summary Test Report (STR) and Supplier's Declaration of Compliance (SDOC) documents based on the Detailed Test Report (DTR) from the DHS-recognized laboratory (ies) that performed the product testing. In turn, P25 CAP makes these documents available to the first response community to inform their purchasing decisions via the *FirstResponder.gov/P25CAP* Web site.

Membership

The Science and Technology Directorate (S&T) of the DHS is forming the P25 CAP Advisory Panel to provide S&T with the views of active local, state, tribal, territorial and Federal government officials who use or whose offices use portable handheld and mobile vehicle-mounted radios. Those government officials selected to participate in the P25 CAP AP will be selected based on their experience with the management and procurement of land mobile radio systems or knowledge of conformity assessment programs and methods. OIC will select candidates in light of the desire to balance viewpoints required to effectively address P25 CAP issues under consideration. OIC is particularly interested in receiving nominations and expressions of interest from individuals in the following categories:

- State, tribal, territorial, or local government agencies and organizations with expertise in communications issues and technologies.
- Federal government agencies with expertise in communications or homeland security matters.

While OIC can call for a meeting of the P25 CAP AP as it deems necessary and appropriate, for member commitment and planning purposes, it is anticipated that the P25 CAP AP will meet approximately 3–4 times annually in their role of providing guidance and support to the P25 CAP.

Those selected to serve on the P25 CAP AP will be required to sign a gratuitous services agreement and will not be paid or reimbursed for their participation; however, DHS S&T will

reimburse the travel expenses associated with the participation of non-Federal members in accordance with Federal Travel Regulations. OIC reserves the right to select primary and alternate members to the P25 CAP AP for terms appropriate for the accomplishment of the Board's mission. Members serve at the pleasure of the OIC Director.

Registered lobbyists pursuant to the Lobbying Disclosure Act of 1995 are not eligible for membership on the P25 CAP AP and will not be considered.

Roles and Responsibilities

The duties of the P25 CAP AP will include providing recommendations of its individual members to OIC regarding actions and steps OIC could take to promote the P25 CAP. The duties of the P25 CAP AP may include but are not limited to its members reviewing, commenting on, and advising on:

- a. The laboratory component of the P25 CAP under established, documented laboratory recognition guidelines.
- b. Proposed Compliance Assessment Bulletins (CABs).
- c. Proposed updates to previously approved CABs, as Notices of Proposed CABs, to enable comment and input on the proposed CAB modifications.
- d. OIC updates to existing test documents or establishing new test documents for new types of P25 equipment.
- e. Best practices associated with improvement of the policies and procedures by which the P25 CAP operates.
- f. Existing test documents including but not limited to Supplier Declarations of Compliance (SDOCs) and Summary Test Reports (STRs) posted on the *FirstResponder.gov/P25CAP* Web site.
- g. Proposed P25 user input for improving functionality through the standards-making process.

Nominations/Expressions of Interest Procedures and Deadline

Nominations and expressions of interest shall be received by OIC no later than 30 days from the date of this notice at the address listed above (*SandTFRG@hq.dhs.gov*). Nominations and expressions of interest received after this date shall not be considered. Each nomination and expression of interest must provide the following information as part of the submission:

- A cover letter that highlights a history of proven leadership within the public safety community including, if applicable, a description of prior experience with law enforcement, fire response, emergency medical services, emergency communications, National

Guard, or other first responder roles and how the use of communications in those roles qualifies the nominee to participate on the P25 CAP AP.

- Name, title, and organization of the nominee.
- A resume summarizing the nominee's contact information (including the mailing address, phone number, facsimile number, and email address), qualifications, and expertise to explain why the nominee should be appointed to the P25 CAP AP.
- The resume must demonstrate a minimum of ten years (10) years of experience directly using P25 systems in an operational environment in support of established public safety communications or from a system implementer/administrator perspective; a bachelor's or associate degree with an emphasis in communications and engineering may be substituted for three (3) years, a master's/professional certification for seven (7) years, and a Ph.D. for ten (10) years of the requirement.
- The resume must discuss the nominee's familiarity with the current P25 CAP, including documents that are integral to the process such as the SDOCs, STRs, and CABs referenced in this notice.
- A letter from the nominee's supervisor indicating the nominee's agency's support for the nominee to participate on the P25 CAP AP.
- Disclosure of Federal boards, commissions, committees, task forces, or work groups on which the nominee currently serves or has served within the past 12 months.
- A statement confirming that the nominee is not registered as a lobbyist pursuant to the Lobbying Disclosure Act of 1995.
