

mechanism of a free and open market and protects investors and the public interest because it provides additional specificity, clarity and transparency.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. To the contrary, the Exchange believes the proposal would enhance competition because including all of the exchanges enhances transparency and enables investors to better assess the quality of the Exchange's execution and routing services.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were either solicited or received.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)<sup>5</sup> of the Act and Rule 19b-4(f)(6) thereunder.<sup>6</sup> The Exchange believes that this proposed rule change is properly designated as non-controversial because it enhances clarity and operational transparency without modifying members' rights or obligations. The Exchange provided notice of the proposed rule change on July 27, 2015.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

See also NOM Rules, Chapter VI, Section 5.  
<sup>4</sup> The term "Customer" refers to a customer in a transaction that is marked by a Participant in the

Customer range for clearing purposes at The Options Clearing Corporation ("OCC"). Such a transaction is not for the account of a broker, dealer or "Professional" (see next footnote).  
<sup>5</sup> The term "Professional" means any person or entity that (i) is not a broker or dealer in securities, and (ii) places more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s). See Chapter I, Section 1(a)(48). All Professional orders must be appropriately marked by Participants.  
<sup>6</sup> The term "Firm" refers to a firm participating in a transaction marked by a Participant in the Firm range for clearing purposes at OCC.  
<sup>7</sup> The term "NOM Market Maker" is a Participant that has registered as a Market Maker on NOM pursuant to Chapter VII, Section 2, and must also remain in good standing pursuant to Chapter VII, Section 4. In order to receive NOM Market Maker pricing in all securities, the Participant must be registered as a NOM Market Maker in at least one security.  
<sup>8</sup> The term "Broker-Dealer" refers to a broker or dealer participating in a transaction when such transaction is not subject to transaction fees applicable to specific categories of transaction participants (other than brokers and dealers).

Program<sup>9</sup> set forth in Rule 7014, and (3) the Participant qualifies for rebates under the Qualified Market Maker (“QMM”) Program<sup>10</sup> set forth in Rule 7014.

Participants that qualify for the Tier 8 rebate *and* add Customer, Professional, Firm, Non-NOM Market Maker and/or Broker-Dealer liquidity in Penny Pilot Options and/or Non-Penny Pilot Options of 1.25% or more of total industry customer equity and ETF option ADV of contracts traded in a month today also receive an additional \$0.02 per contract Penny Pilot Options Customer<sup>11</sup> Rebate to Add Liquidity for each transaction which adds liquidity in Penny Pilot Options in that month.<sup>12</sup>

The Exchange is proposing to expand eligibility for this additional incentive under the Tier 8 Customer rebate by amending the qualification as follows: “Participants that add Customer, Professional, Firm, Non-NOM Market Maker and/or Broker-Dealer liquidity in Penny Pilot Options and/or Non-Penny Pilot Options of 1.15% or more of total industry customer equity and ETF option ADV contracts per day in a month will receive an additional \$0.02 per contract Penny Pilot Options Customer Rebate to Add Liquidity for each transaction which adds liquidity in Penny Pilot Options in that month.” By lowering the percentage of total industry customer equity and ETF options ADV of contracts in a month required to be reached in order to qualify for the additional \$0.02 per contract rebate, the Exchange expects that a greater number

of Participants qualifying for the Tier 8 rebate will also receive the added incentive.

The Exchange expects that expanded eligibility for this incentive will encourage Participants to add greater liquidity to NOM. While the changes proposed herein are effective upon filing, the Exchange has designated such changes to become operative on August 3, 2015.

## 2. Statutory Basis

NASDAQ believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,<sup>13</sup> in general, and with Section 6(b)(4) and 6(b)(5) of the Act,<sup>14</sup> in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange’s proposal to expand incentive eligibility is reasonable because it will incentivize Participants to add liquidity in Penny Pilot Options and/or Non-Penny Pilot Options. Participants that qualify for the Tier 8 rebate may choose to add greater liquidity to NOM because of the lower percentage qualifier (1.25% to 1.15%) to obtain the additional \$0.02 per contract Customer rebate.

The Exchange’s proposal to expand incentive eligibility is equitable and not unfairly discriminatory because all eligible Participants may qualify for the Tier 8 Customer Penny Pilot Options Rebate to Add Liquidity, provided they have the requisite volume. The added \$0.02 per contract incentive will be uniformly paid in addition to the Tier 8 rebate. Customer liquidity is critically important to the market and all market participants. Greater customer liquidity benefits all market participants by providing more trading opportunities, which attracts market makers. An increase in the activity by market makers in turn facilitates tighter spreads and further order flow.

### B. Self-Regulatory Organization’s Statement on Burden on Competition

The proposed rule change will not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed expanded incentive will incentivize market participants to add greater liquidity on NOM to obtain the added \$0.02 per contract Customer

rebate. Customer liquidity is critically important to the market and benefits all market participants. Greater customer liquidity benefits all market participants by providing more trading opportunities and attracting greater participation by specialists and market makers. An increase in the activity of these market participants in turn facilitates tighter spreads. All Participants are eligible for the rebates if they transact the requisite volume.

The Exchange operates in a highly competitive market in which many sophisticated and knowledgeable market participants can readily and do send order flow to competing exchanges if they deem fee levels or rebate incentives at a particular exchange to be excessive or inadequate. These market forces ensure that the Exchange’s fees and rebates remain competitive with the fee structures at other trading platforms.

### C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.<sup>15</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

<sup>10</sup> A QMM is a NASDAQ member that makes a significant contribution to market quality by providing liquidity at the national best bid and offer (“NBBO”) in a large number of stocks for a significant portion of the day. In addition, the NASDAQ equity member must avoid imposing the burdens on NASDAQ and its market participants that may be associated with excessive rates of entry of orders away from the inside and/or order cancellation. ## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–75639; File No. SR–FINRA–2015–028]

### Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Extend the Tier Size Pilot of FINRA Rule 6433 (Minimum Quotation Size Requirements for OTC Equity Securities)

August 7, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b–4 thereunder,<sup>2</sup> notice is hereby given that on July 28, 2015, Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as constituting a “non-controversial” rule change under paragraph (f)(6) of Rule 19b–4 under the Act,<sup>3</sup> which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

FINRA is proposing to amend FINRA Rule 6433 (Minimum Quotation Size Requirements for OTC Equity Securities) to extend the Tier Size Pilot, which currently is scheduled to expire on August 14, 2015, until December 11, 2015.

The text of the proposed rule change is available on FINRA's Web site at <http://www.finra.org>, at the principal office of FINRA and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B,

and C below, of the most significant aspects of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

FINRA proposes to amend FINRA Rule 6433 (Minimum Quotation Size Requirements for OTC Equity Securities) (the “Rule”) to extend, until December 11, 2015, the amendments set forth in File No. SR–FINRA–2011–058 (“Tier Size Pilot” or “Pilot”), which currently are scheduled to expire on August 14, 2015.<sup>4</sup>

The Tier Size Pilot was filed with the SEC on October 6, 2011,<sup>5</sup> to amend the minimum quotation sizes (or “tier sizes”) for OTC Equity Securities.<sup>6</sup> The goals of the Pilot were to simplify the tier structure, facilitate the display of customer limit orders, and expand the scope of the Rule to apply to additional quoting participants. During the course of the pilot, FINRA collected and provided to the SEC specified data with which to assess the impact of the Pilot tiers on market quality and limit order display.<sup>7</sup> On September 13, 2013, FINRA provided to the Commission an assessment on the operation of the Tier Size Pilot utilizing data covering the period from November 12, 2012 through June 30, 2013.<sup>8</sup> As noted in the 2013 Assessment, FINRA believed that the analysis of the data generally showed that the Tier Size Pilot had a neutral to positive impact on OTC market quality for the majority of OTC Equity Securities and tiers; and that there was an overall increase of 13% in the number of customer limit orders that met the minimum quotation sizes to be eligible for display under the Pilot tiers. In the 2013 Assessment, FINRA recommended adopting the tiers as

<sup>6</sup> “OTC Equity Security” means any equity security that is not an “NMS stock” as that term is defined in Rule 600(b)(47) of SEC Regulation NMS; provided, however, that the term OTC Equity Security shall not include any Restricted Equity Security. See FINRA Rule 6420.

<sup>7</sup> FINRA ceased collecting Pilot data for submission to the Commission on February 13, 2015.
